Recommendation: **Approval with Conditions**

PROJECT DESCRIPTION

The Project includes the establishment of a 1,343 square-foot cannabis microbusiness (d.b.a. “Black Pepper”) that involves establishment of Industrial Agriculture (cannabis cultivation), Wholesale Sales (business to business sales), Light Manufacturing (manufacturing of cannabis products without the use of Volatile Organic Compounds), and Parcel Delivery Service uses (direct to customer deliveries) in an existing double-height one-story warehouse space.

REQUIRED COMMISSION ACTION

For the Project to proceed, the Commission must grant a Conditional Use Authorization, pursuant to Planning Code Sections 210.3 and 303, to permit the establishment of an Industrial Agriculture use in the PDR-2 Zoning District.

ISSUES AND OTHER CONSIDERATIONS

- **Microbusiness Licensing.** The applicant is requesting a microbusiness license type from the City’s Office of Cannabis. This license type permits a broad range of activities to foster small businesses in the cannabis industry. However, all land uses proposed as part of a microbusiness must still obtain land use approval individually. Wholesale Sales, Light Manufacturing, and Parcel Delivery Service uses are principally permitted in the PDR-2 Zoning District, while establishment of an Industrial Agriculture use requires a CUA in the PDR-2 Zoning District. If additional cannabis uses are added in the future, they will be required to comply with the zoning requirements in place at that time.

- **Conversion of PDR Space.** The Department is working with the Office of Cannabis to track the amount of Industrial space that is being converted to Agricultural uses, chiefly the cultivation of cannabis. However, such information is not yet available. However, the project under review is a mix of uses, including light manufacturing, which is consistent with the intent and purpose of the PDR-2 Zoning District. Industrial Agriculture represents 263 square feet or 19.6% of the total area of the Microbusiness.
- **Tenant History.** The project sponsor reports that the subject industrial condominium space is owned by a family member (George Troosh) who previously utilized the space as a storage and management space for their general contractor's firm (dba Troosh Construction). Rent payments are reported as \$2,000 per month for the 1,343 square foot space (\$1.49 per square foot). As such, no tenant was displaced by the business.
- **Cannabis Use Buffers.** Planning Code Section 202.2 requires a 600-foot buffer between storefront (Cannabis Retail and Medical Cannabis Dispensary) uses and other storefront uses, and also requires such buffer from schools, public or private. No buffer is required for non-storefront uses. The proposal does not include any storefront use and thus is not subject to such buffer requirement. If the site were authorized to pursue a Cannabis Retail storefront license by the City's Office of Cannabis, it would be subject to the buffer and permit requirements for that use at that time. Currently, the site is precluded from pursuing a Cannabis Retail license by a pending application at 1670 Armstrong Street; however, no existing storefront uses, or schools currently exist within 600-feet of the subject property.
- **Public Outreach:** No comments have been received regarding this proposal.

ENVIRONMENTAL REVIEW

The Project is exempt from the California Environmental Quality Act ("CEQA") under Class 1 and Class 3 categorical exemptions.

BASIS FOR RECOMMENDATION

The Department finds that the Project is, on balance, consistent with the purpose of the PDR-2 Zoning District and the Objectives and Policies of the General Plan. The Project allows for the cultivation of cannabis in an existing space and supports other permitted economic activities at the site, including manufacturing. The Department also finds the project to be necessary, desirable, and compatible with the surrounding neighborhood, and not to be detrimental to persons or adjacent properties in the vicinity.

ADOPTING FINDINGS RELATING TO A CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 210.3 AND 303, TO ALLOW THE ESTABLISHMENT OF A 1,343 SQUARE-FOOT CANNABIS MICROBUSINESS (D.B.A. "BLACK PEPPER"), WHICH INCLUDES INDUSTRIAL AGRICULTURE, WHOLESALE SALES, LIGHT MANUFACTURING, AND PARCEL DELIVERY SERVICE USES, IN AN EXISTING DOUBLE-HEIGHT ONE-STORY WAREHOUSE SPACE, LOCATED AT 1555 YOSEMITE AVENUE, LOT 069 IN ASSESSOR'S BLOCK 4848, WITHIN THE PDR-2 (CORE PRODUCTION, DISTRIBUTION, & REPAIR) ZONING DISTRICT AND A 40-X HEIGHT AND BULK DISTRICT, AND ADOPTING FINDINGS UNDER THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

PREAMBLE

On September 18, 2018, Helen Simmons of Black Pepper (hereinafter "Project Sponsor") filed Application No. 2018-013332CUA (hereinafter "Application") with the Planning Department (hereinafter "Department") for a Conditional Use Authorization to establish a 1,343 square-foot cannabis microbusiness (d.b.a. "Black Pepper"), which includes Industrial Agriculture, Wholesale Sales, Light Manufacturing, and Parcel Delivery Service uses, in an existing double-height one-story warehouse (hereinafter "Project") at 1555 Yosemite Avenue, Block 4848, Lot 069 (hereinafter "Project Site").

The Project is exempt from the California Environmental Quality Act ("CEQA") as a Class 3 categorical exemption;

On March 21, 2019, the Commission cancelled the duly noticed public hearing at a regularly scheduled meeting on Conditional Use Authorization Application No. 2018-013332CUA and continued the item to April 18, 2019.

On April 18, 2019, the Commission conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Authorization Application No. 2018-013332CUA.

The Planning Department Commission Secretary is the custodian of records; the File for Record No. 2018-013332CUA is located at 1650 Mission Street, Suite 400, San Francisco, California.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby authorizes the Conditional Use Authorization as requested in Application No. 2018-013332CUA, subject to the conditions contained in “EXHIBIT A” of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The above recitals are accurate and constitute findings of this Commission.
2. **Project Description.** The Project includes the establishment of a 1,343 square-foot cannabis microbusiness (d.b.a. “Black Pepper”), which includes Industrial Agriculture, Wholesale Sales, Light Manufacturing, and Parcel Delivery Service uses, in an existing double-height one-story warehouse.
3. **Site Description and Present Use.** The Project is located on a 120,000 square foot full-block lot bounded by Armstrong Avenue, Keith Street, Yosemite Avenue, and Jennings Street. The site is developed with a one-story industrial condominium complex. The project is proposed in Unit 8, which is a 1,343 square foot space that is currently vacant. Overall, the complex contains approximately 70,000 square feet of industrial space.
4. **Surrounding Properties and Neighborhood.** The Project Site is located within the PDR-2 Zoning Districts in the Bayview-Hunters Point Area Plan. The immediate context is mixed in character with residential, industrial, and institutional uses. The project site is one block east of the Third Street corridor and the Bayview Park KC Jones Playground and the Martin Luther King Jr Pool. Cannabis uses do not have required buffers from such public uses but consideration to such uses is provided.
5. **Public Outreach and Comments.** The Department has received no comments on the proposed project. The site is located within the jurisdiction of the Bayview-Hunters Point Citizens Advisory

Committee (CAC). On February 6, 2019, the Project was reviewed and endorsed by the Bayview-Hunters Point CAC.

6. **Planning Code Compliance.** The Commission finds that the Project is consistent with the relevant provisions of the Planning Code in the following manner:

- A. **Use.** The project proposes to establish Industrial Agriculture, Wholesale Sales, Light Manufacturing, and Parcel Delivery Service uses in an existing warehouse space. Wholesale Sales, Light Manufacturing, and Parcel Delivery Service are principally permitted land uses in the PDR-2 Zoning District, while Industrial Agriculture requires a Conditional Use Authorization to establish.

The project sponsor is seeking Conditional Use Authorization to establish an Industrial Agriculture use at the site as part of a permit application to establish Industrial Agriculture, Wholesale Sales, Light Manufacturing, and Parcel Delivery Service uses. While the Microbusiness license type allows for other uses, if additional activities are proposed in the future, they will be required to obtain required permits for each land use individually, including any additional Conditional Use Authorization if required for a land use.

- B. **Location and Operation Conditions.** Per Planning Code Section 202.2, Agricultural Use is subject to the corresponding conditions:

- (1) *Agricultural Uses, General.* Any plot of land that exceeds 1,000 square feet and is newly established shall comply with the applicable water use requirements of Administrative Code [Chapter 63](#). Pursuant to Section [63.6.2\(b\)](#) of the Administrative Code, no permit for any site where the modified land area exceeds 1,000 square feet shall be issued until the General Manager of the Public Utilities Commission has approved the applicable landscape project documentation.

- (2) *Industrial Agriculture.* Cannabis must only be grown within an enclosed structure.

7. **Conditional Use Findings.** Planning Code Section 303 establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use authorization. On balance, the project complies with said criteria in that:

- A. The proposed new uses and building, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable, and compatible with, the neighborhood or the community.

The size of the proposed use is in keeping with other industrial units on the block face. The proposed uses are supportive of a new small business to the City, thus providing economic opportunity and employment for residents. The size of the proposed business is in keeping with the size of previous

businesses. Overall, the addition of new industrial and commercial uses is necessary and desirable with the overall character of the surrounding neighborhood.

- B. The proposed project will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity. There are no features of the project that could be detrimental to the health, safety or convenience of those residing or working the area, in that:

- (1) Nature of proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

The height and bulk of the existing building will remain the same and will not alter the existing appearance or character of the project vicinity. The proposed work will not affect the building envelope.

- (2) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

The Planning Code does not require parking or loading for any uses. The site is well served by transit due to its proximity to the Muni T-Line and will not generate any volume of traffic not already expected by the existing Industrial uses at the site.

- (3) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

The facility will be reviewed by the City's Office of Cannabis for control of any potential odors from the site. Maintaining control of such odors is a requirement of the operator licensing from the Office of Cannabis.

- (4) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

The existing building configuration and streetscape are not altered by the Project.

- C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project complies with all relevant requirements and standards of the Planning Code and is consistent with objectives and policies of the General Plan as detailed below.

- D. That the use as proposed would provide development that is in conformity with the purpose of the applicable Neighborhood Commercial District.

The Project is consistent with the stated purposed of PDR-2 Districts in that the intended uses are light and contemporary industrial activity with low potential for noxious emissions, providing economic and employment opportunities to the City and neighborhood.

8. **General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:

COMMERCE AND INDUSTRY ELEMENT

Objectives and Policies

OBJECTIVE 1:

MANAGE ECONOMIC GROWTH AND CHANGE TO ENSURE ENHANCEMENT OF THE TOTAL CITY LIVING AND WORKING ENVIRONMENT.

Policy 1.2

Assure that all commercial and industrial uses meet minimum, reasonable performance standards

Policy 1.3

Locate commercial and industrial activities according to a generalized commercial and industrial land use plan.

OBJECTIVE 2:

MAINTAIN AND ENHANCE A SOUND AND DIVERSE ECONOMIC BASE AND FISCAL STRUCTURE FOR THE CITY.

Policy 2.1

Seek to retain existing commercial and industrial activity and to attract new such activity to the city.

OBJECTIVE 3:

PROVIDE EXPANDED EMPLOYMENT OPPORTUNITIES FOR CITY RESIDENTS, PARTICULARLY THE UNEMPLOYED AND ECONOMICALLY DISADVANTAGED.

Policy 3.1

Promote the attraction, retention and expansion of commercial and industrial firms which provide employment improvement opportunities for unskilled and semi-skilled workers.

Policy 3.4

Assist newly emerging economic activities.

BAYVIEW HUNTERS POINT AREA PLAN

LAND USE

Objectives and Policies

OBJECTIVE 1:

STIMULATE BUSINESS, EMPLOYMENT, AND HOUSING GROWTH WITHIN THE EXISTING GENERAL LAND USE PATTERN BY RESOLVING CONFLICTS BETWEEN ADJACENT INDUSTRIAL AND RESIDENTIAL AREAS.

Policy 1.5

Encourage a wider variety of light industrial uses throughout the Bayview by maintaining the newly established Production, Distribution and Repair zoning, by more efficient use of industrial space, and by more attractive building design.

OBJECTIVE 8:

STIMULATE BUSINESS, EMPLOYMENT, AND HOUSING GROWTH WITHIN THE EXISTING GENERAL LAND USE PATTERN BY RESOLVING CONFLICTS BETWEEN ADJACENT INDUSTRIAL AND RESIDENTIAL AREAS.

Policy 8.1

Maintain industrial zones for production, distribution, and repair activities in the Northern Gateway, South Basin, Oakinba, and India Basin Industrial Park subdistricts.

OBJECTIVE 9:

IMPROVE LINKAGES BETWEEN GROWTH IN BAYVIEW'S INDUSTRIAL AREAS AND THE EMPLOYMENT AND BUSINESS NEEDS OF THE BAYVIEW HUNTERS POINT COMMUNITY.

Policy 9.2

Encourage the local business community to play a larger role in Bayview's industrial sector.

The Project is a small-scale industrial project, activating 1,323 square feet of industrial space to provide employment and economic opportunity through a variety of cannabis related land uses. The Cannabis industry is a new, burgeoning industry that is creating a cluster of economic activity in San Francisco. While cultivation may yield a similar job density as distribution and warehousing, it is complementary to other cannabis uses that provide significant job opportunities to unskilled and semi-skilled workers, such as manufacturing. Additionally, the City's equity requirements provide for employment of local residents, increasing the economic vitality of Bayview Hunters Point.

9. **Planning Code Section 101.1(b)** establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project complies with said policies in that:

- A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

The project site does not possess any neighborhood-serving retail uses and is not principally zoned for such uses. As such, existing neighborhood-serving retail uses be preserved.

- B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The project site does not possess any housing, and the Project proposes no changes to the massing or exterior of the existing structure.

- C. That the City's supply of affordable housing be preserved and enhanced,

The Project site does not contain any existing affordable housing; thus, the City's supply of affordable housing be preserved.

- D. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

The Project Site is served by nearby public transportation options, including the T-Third Street Light Rail line. As such, it is well served by transit and the project will not overburden streets or neighborhood parking.

- E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project does not include commercial office development. The project proposes to establish a new industrial business owned and managed by a local resident, providing for economic activity to the neighborhood.

- F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The Project will be designed and will be constructed to conform to the structural and seismic safety requirements of the Building Code. This proposal will not impact the property's ability to withstand an earthquake.

- G. That landmarks and historic buildings be preserved.

The Project Site does not contain any City Landmarks or historic buildings.

- H. That our parks and open space and their access to sunlight and vistas be protected from development.

The project makes no change to the existing massing or design of the building.

10. The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.
11. The Commission hereby finds that approval of the Conditional Use Authorization would promote the health, safety and welfare of the City.

DECISION

That based upon the Record, the submissions by the Applicant, the staff of the Department and other interested parties, the oral testimony presented to this Commission at the public hearings, and all other written materials submitted by all parties, the Commission hereby **APPROVES Conditional Use Authorization Application No. 2018-013332CUA** subject to the following conditions attached hereto as “EXHIBIT A” in general conformance with plans on file, dated December 31, 2018, and stamped “EXHIBIT B”, which is incorporated herein by reference as though fully set forth.

APPEAL AND EFFECTIVE DATE OF MOTION: Any aggrieved person may appeal this Conditional Use Authorization to the Board of Supervisors within thirty (30) days after the date of this Motion. The effective date of this Motion shall be the date of this Motion if not appealed (after the 30-day period has expired) OR the date of the decision of the Board of Supervisors if appealed to the Board of Supervisors. For further information, please contact the Board of Supervisors at (415) 554-5184, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102.

Protest of Fee or Exaction: You may protest any fee or exaction subject to Government Code Section 66000 that is imposed as a condition of approval by following the procedures set forth in Government Code Section 66020. The protest must satisfy the requirements of Government Code Section 66020(a) and must be filed within 90 days of the date of the first approval or conditional approval of the development referencing the challenged fee or exaction. For purposes of Government Code Section 66020, the date of imposition of the fee shall be the date of the earliest discretionary approval by the City of the subject development.

If the City has not previously given Notice of an earlier discretionary approval of the project, the Planning Commission’s adoption of this Motion, Resolution, Discretionary Review Action or the Zoning Administrator’s Variance Decision Letter constitutes the approval or conditional approval of the development and the City hereby gives **NOTICE** that the 90-day protest period under Government Code Section 66020 has begun. If the City has already given Notice that the 90-day approval period has begun for the subject development, then this document does not re-commence the 90-day approval period.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on March 21, 2019.

EXHIBIT A

AUTHORIZATION

This authorization is for a conditional use to allow an Industrial Agriculture use (d.b.a. **Black Pepper**) located at 1555 Yosemite Avenue, Block 4848, Lot 069 pursuant to Planning Code Sections **210.3 and 303** within the **PDR-2** Zoning District and a **40-X** Height and Bulk District; in general conformance with plans, dated **December 31, 2018**, and stamped "EXHIBIT B" included in the docket for Record No. **2018-013332CUA** and subject to conditions of approval reviewed and approved by the Commission on **March 21, 2019** under Motion No **XXXXXX**. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

RECORDATION OF CONDITIONS OF APPROVAL

Prior to the issuance of the building permit or commencement of use for the Project the Zoning Administrator shall approve and order the recordation of a Notice in the Official Records of the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on **March 21, 2019** under Motion No **XXXXXX**.

PRINTING OF CONDITIONS OF APPROVAL ON PLANS

The conditions of approval under the 'Exhibit A' of this Planning Commission Motion No. **XXXXXX** shall be reproduced on the Index Sheet of construction plans submitted with the site or building permit application for the Project. The Index Sheet of the construction plans shall reference to the Conditional Use authorization and any subsequent amendments or modifications.

SEVERABILITY

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. "Project Sponsor" shall include any subsequent responsible party.

CHANGES AND MODIFICATIONS

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use authorization.

Conditions of Approval, Compliance, Monitoring, and Reporting PERFORMANCE

1. **Validity.** The authorization and right vested by virtue of this action is valid for three (3) years from the effective date of the Motion. The Department of Building Inspection shall have issued a Building Permit or Site Permit to construct the project and/or commence the approved use within this three-year period.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

2. **Expiration and Renewal.** Should a Building or Site Permit be sought after the three (3) year period has lapsed, the project sponsor must seek a renewal of this Authorization by filing an application for an amendment to the original Authorization or a new application for Authorization. Should the project sponsor decline to so file, and decline to withdraw the permit application, the Commission shall conduct a public hearing in order to consider the revocation of the Authorization. Should the Commission not revoke the Authorization following the closure of the public hearing, the Commission shall determine the extension of time for the continued validity of the Authorization.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

3. **Diligent Pursuit.** Once a site or Building Permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. Failure to do so shall be grounds for the Commission to consider revoking the approval if more than three (3) years have passed since this Authorization was approved.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

4. **Extension.** All time limits in the preceding three paragraphs may be extended at the discretion of the Zoning Administrator where implementation of the project is delayed by a public agency, an appeal or a legal challenge and only by the length of time for which such public agency, appeal or challenge has caused delay.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

5. **Conformity with Current Law.** No application for Building Permit, Site Permit, or other entitlement shall be approved unless it complies with all applicable provisions of City Codes in effect at the time of such approval.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

6. **Additional Project Authorization.** The Project Sponsor shall obtain operator licenses from the City's Office of Cannabis and the State of California Bureau of Cannabis Control prior to commencing operation of any commercial cannabis activity.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

MONITORING - AFTER ENTITLEMENT

7. **Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

8. **Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

DESIGN – COMPLIANCE AT PLAN STAGE

9. **Curb Cut Removal.** The Building Permit submittal to authorize the proposed project shall include removal of the existing curb cut in the project scope of work. Such removal and restoration of the sidewalk shall be completed prior to any commencement of business activity.

For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org

OPERATION

10. **Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator and all registered neighborhood groups for the area with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator and registered neighborhood groups shall be made aware of such change. The community liaison shall report to the Zoning Administrator what

issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

11. **Agricultural Use, General.** Per Planning Code Section 202.2, any plot of land that exceeds 1,000 square feet and is newly established shall comply with the applicable water use requirements of Administrative Code [Chapter 63](#). Pursuant to Section [63.6.2](#)(b) of the Administrative Code, no permit for any site where the modified land area exceeds 1,000 square feet shall be issued until the General Manager of the Public Utilities Commission has approved the applicable landscape project documentation.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

12. **Industrial Agriculture.** Per Planning Code Section 202.2, cannabis must only be grown within an enclosed structure.

STEP 2: CEQA IMPACTS

TO BE COMPLETED BY PROJECT PLANNER

If any box is checked below, an *Environmental Evaluation Application* is required.

<input type="checkbox"/>	Air Quality: Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g., backup diesel generators, heavy industry, diesel trucks, etc.)? (refer to EP_ArcMap > CEQA Catex Determination Layers > Air Pollution Exposure Zone)
<input type="checkbox"/>	Hazardous Materials: If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I Environmental Site Assessment. <i>Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the Maher program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap > Maher layer).</i>
<input type="checkbox"/>	Transportation: Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?

Project:
1555 Yosemite
San Francisco, CA 94124

Commissioners:

On February 6th, 2018, the Bayview Hunters Point Citizens Advisory Committee voted and gave a positive recommendation for the currently proposed cannabis cultivation and distribution facility located at 1555 Yosemite. The project consists of tenant improvements including the renovation of the existing industrial warehouse facility.

The Committee has requested the project sponsor return 90 days from their last presentation, to update the CAC on their ventilation and odor mitigation system. The Committee also requested that the appropriate documentation be submitted to the City Administrator's Office at least 15 days prior.

Sincerely,

Ellouise Patton, Chair
