Project Address: 799 Castro Street & 3878-3880 21st Street
Zoning: RH-2 (Residential-House, Two Family)
40-X Height and Bulk District
Block/Lot: 3603/024
Project Sponsor: Thomas Tunny
1 Bush Street
San Francisco, CA  94104
Staff Contact: Nancy Tran – (415) 575-9174
nancy.h.tran@sfgov.org
Recommendation: Approval with Conditions

PROJECT DESCRIPTION

The proposal is to demolish an existing mixed-use structure (commercial office/single-family) and construct a three-story over basement single-family residence at 799 Castro Street. The subject property contains three dwelling units – two units in a building at the rear of the property (3878-3880 21st Street) and one unit within an existing limited nonconforming commercial office in a building at the front (799 Castro Street). Under a separate building permit, 2017.04.04.3134, one new accessory dwelling unit is proposed in the rear building. The proposal also requires Variances from the Zoning Administrator to construct within the required front setback and rear yard.

The project requires Conditional Use Authorization for residential demolition per Planning Code Section 317. This report includes findings for a Conditional Use Authorization in addition to demolition criteria established in Planning Code Section 317. The design of the new structure is analyzed in the Design Review Checklist.

Per Planning Code Section 317 (d)(2), “Conditional Use authorization is required for approval of the permit for Residential Demolition, and the Commission shall consider the replacement structure as part of its decision on the Conditional Use application. If Conditional Use Authorization is required for the replacement structure by other sections of this Code, the Commission shall consider the demolition as part of its decision on the Conditional Use application.”
Executive Summary

HEARING DATE: OCTOBER 12, 2017

CASE NO. 2017-004562CUA & 2008.0410V

799 CASTRO ST & 3878-3880 21ST ST

UNIT BREAKDOWN

- **799 Castro St**
  - ± 1,238 GFA, 0 bed

- **3878-3880 21st Street**
  - Unit 1: ± 822.5 GFA (1 bed)
  - Unit 2: ± 943.5 GFA (1 bed + study)

- **ADU**
  - ± 55 GFA (Studio)

STRUCTURE AS ALTERED

The existing one-story structure would be altered to remove the commercial use and provide a family-sized dwelling-unit with a one-car garage. The building would rise to 40’, step back at upper levels with the top floor set back approximately 14’ from the front wall along Castro Street. A roof deck, third floor deck and patio space above the garage are included as part of the project to provide approximately 675 square feet of open space. The new dwelling unit would provide 3 bedrooms and 3.5 bathrooms. Basement excavation for additional habitable space, interior remodeling and significant exterior changes are also proposed.

The project will increase the separation between the existing and proposed structure from 8’6” to 10’ and provides code-compliant, usable open space for the proposed structure. However, the current nonconforming rear yard and open space condition for the existing two units would remain. Although the existing lot coverage slightly decreases and the two-unit residential structure is within the required rear yard of the current lot, the proposed construction would also be in the required rear yard; therefore a rear yard variance is required. Planning Code Section 134 requires a minimum rear yard of 25% of the total lot depth or 15’ between the two buildings on the lot, this proposal provides only a 10’ separation. Planning Code Section 132 requires a front setback of 4’ 5” and construction is proposed within the required setback.

The overall scale, design, and materials of the proposed replacement structure are compatible with the residential neighborhood character. The materials for the front and side façades are more contemporary in style, with a mix of smooth and wood siding, and metal framed window.

BACKGROUND

The Project was scheduled for May 12, 2016 as a joint hearing with the Planning Commission and Zoning Administrator after a public-initiated Discretionary Review was filed. Below is a brief timeline to-date where presently, the Project seeks Conditional Use Authorization from the Planning Commission for a dwelling unit demolition and Variances from the Zoning Administrator.

- May 27, 2015/ Dec 24, 2015 – 311 notice mailed
- Jan 25, 2016 – DR filed by adjacent neighbor at 789 Castro St
- May 12, 2016 – Joint DR and Variance hearing continued (to 7/14/16, 10/6/16, 11/10/16)
- Jul 26, 2016 – BPA filed to document legal use change from market to office use
- Nov 9, 2016 – BPA for legal use change withdrawn
- Nov 10, 2016 – DR and Variance withdrawn
- Apr 13, 2017 – CUA for demolition filed, Variance case reactivated
SITE DESCRIPTION AND PRESENT USE

The project is located at the northeast corner of Castro and 21st Streets, Block 3603, Lot 024. The subject property is located within the RH-2 (Residential-House, Two Family) and the 40-X Height and Bulk District. The property is developed with a one-story commercial/residential building at the corner and a two-story building with two units along 21st Street. The 2,650 square Design Review Checklist

SURROUNDING PROPERTIES AND NEIGHBORHOOD

The subject property is located at the southern edge of the Castro/Upper Market neighborhood, bordering Noe Valley and within Supervisor District 8. Parcels within the immediate vicinity consist of residential single-, two- and three-family dwellings of varied design and construction dates. Architectural styles, building heights, building depth and front setbacks vary within the neighborhood.

ENVIRONMENTAL REVIEW

The project is exempt from the California Environmental Quality Act (“CEQA”) as a Class 1 categorical exemption.

The proposal requires a Section 311-neighborhood and Variance notification, which were conducted in conjunction with the Conditional Use Authorization process.

PUBLIC COMMENT/COMMUNITY OUTREACH

- The Project Sponsor conducted two Pre-Application Meetings with adjacent property owners on July 1, 2014 and February 21, 2017. To date, the Project has completed the Section 311, Conditional Use and Variance notifications as mentioned above.

- The Department has not received communication from neighbors regarding the Project since the public-initiated Discretionary Review and Variance applications were withdrawn.
ISSUES AND OTHER CONSIDERATIONS

- Pursuant to Planning Code Section 317 (d)(2), “Conditional Use authorization is required for approval of the permit for Residential Demolition, and the Commission shall consider the replacement structure as part of its decision on the Conditional Use application. If Conditional Use Authorization is required for the replacement structure by other sections of this Code, the Commission shall consider the demolition as part of its decision on the Conditional Use application.”

- The property is nonconforming with respect to density as it is located within the RH-2 (Residential-House, Two Family) and presently contains three units. The project will maintain three units and introduce an accessory dwelling unit in the existing two-unit building on the property (3878-3880 21st Street). The Department supports the necessary and desirable additional unit as proposed.

- The proposal requires Variances from the Zoning Administrator to construct within the required front setback and rear yard.

RESIDENTIAL DESIGN TEAM REVIEW

The project was reviewed by the Residential Design Team (RDT) multiple times and has incorporated RDT comments, including the removal of the previously proposed rooftop stair penthouse.

REQUIRED COMMISSION ACTION

In order for the project to proceed, the Commission must grant Conditional Use Authorization to allow demolition of an existing single-family residence for the construction of a replacement dwelling unit located at 799 Castro Street.

BASIS FOR RECOMMENDATION

- The project will provide a family-size unit with three bedrooms.
- The project will result in a net gain of one unit through the proposed Accessory Dwelling Unit in the adjacent building on site.
- No tenants will be displaced as a result of this project.
- Given the scale of the project, there will be no significant impact on the existing capacity of the local street system or MUNI.
- The existing building is not an historic resource or landmark.
- The project is residential and has no impact on neighborhood-serving retail uses.
- The proposed project meets all applicable requirements of the Planning Code.

RECOMMENDATION: Approval with Conditions

## NEIGHBORHOOD CHARACTER (PAGES 7-10)

### QUESTION

<table>
<thead>
<tr>
<th>The visual character is: (check one)</th>
<th>Defined</th>
<th>X</th>
<th>Mixed</th>
</tr>
</thead>
</table>

**Comments:** The surrounding neighborhood consists of a mixture of two-, three- and four-story buildings, containing mostly one- or two- residential dwelling-units constructed in the Queen Anne style of architecture characterized by pitched roofs. The residential neighborhood contains dwellings respecting the topography of the up-sloping street as one heads south. The adjacent property to the corner site is two-stories-over-garage with attic as are many buildings on the subject block-face. Directly across the street on Castro Street is a two-story structure with mostly three-story-over-garage buildings. Further south on Castro Street across 21st, the neighborhood character is a bit more mixed with buildings constructed more recently than those in the first decade of the 20th century.

<td></td>
</tr>
<tr>
<td>Is greater visual emphasis provided for corner buildings?</td>
<td>X</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Is the building facade designed to enhance and complement adjacent public spaces?</td>
<td>X</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Is the building articulated to minimize impacts on light to adjacent cottages?</td>
<td>X</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Comments: The proposed building is consistent with other buildings in the vicinity. Although many buildings on the subject block face are characterized with gabled roofs, a considerable number of buildings south of 21st Street one block away from the subject property are constructed with flat roofs, as proposed by the project. Similar to many properties in the neighborhood, the proposed structure would consist of four levels.

BUILDING SCALE AND FORM (PAGES 23 - 30)

<table>
<thead>

ADOPTING FINDINGS RELATING TO THE APPROVAL OF CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 303 AND 317 REQUIRING CONDITIONAL USE AUTHORIZATION FOR THE TANTAMOUNT TO DEMOLITION AND REPLACEMENT OF A RESIDENTIAL UNIT.

PREAMBLE

On April 13, 2017, Thomas Tunny for Hafte Moghimi (Project Sponsor) filed an application with the Planning Department (hereinafter “Department”) for Conditional Use Authorization under Planning Code Sections 303 and 317 to demolish a residential unit and construct a three-story over basement single-family residence at 799 Castro Street within an RH-2 (Residential, House, Two-Family) District and a 40-X Height and Bulk District. One new accessory dwelling unit is proposed in a detached building on site under a separate permit.

On October 12, 2017, the San Francisco Planning Commission (hereinafter “Commission”) conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Application No. 2017-004562CUA and 2008.0410V.

On September 29, 2017, the Department issued a new CEQA Categorical Determination to reflect scope of work changes (e.g., demolition, accessory dwelling unit) and supersede the previous determination document. The Department determined that the proposed project is exempt/excluded from environmental review, pursuant to CEQA Guideline Section 15301 (Class One - Minor Alteration of
Existing Facility, (e) Additions to existing structures provided that the addition will not result in an increase of more than 10,000 square feet).

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby authorizes the Conditional Use requested in Application No. 2017-004562CUA, subject to the conditions contained in “EXHIBIT A” of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The above recitals are accurate and constitute findings of this Commission.

2. Project Description. The proposal is for demolition of an existing mixed-use structure (commercial office/single-family) and construction of a three-story over basement single-family residence at 799 Castro Street. The subject property contains three dwelling units – two units in a building at the rear of the property (3878-3880 21st Street) and one unit within an existing limited nonconforming commercial office in a building at the front (799 Castro Street). Under a separate building permit, 2017.04.04.3134, one new accessory dwelling unit is proposed in the rear building.

3. Site Description and Present Use. The project is located at the northeast corner of Castro and 21st Streets, Block 3603, Lot 024. The subject property is located within the RH-2 (Residential-House, Two Family) and the 40-X Height and Bulk District. The property is developed with a one-story commercial/residential building at the corner and a two-story building with two units along 21st Street. The 2,650 square foot laterally sloping corner lot has 26’6” of frontage along Castro Street and a depth of 100’ along 21st Street.

4. Surrounding Properties and Neighborhood. The subject property is located at the southern edge of the Castro/Upper Market neighborhood, bordering Noe Valley and within Supervisor District 8. Parcels within the immediate vicinity consist of residential single-, two- and three-family dwellings of varied design and construction dates. Architectural styles, building heights, building depth and front setbacks vary within the neighborhood.

5. Public Comment/Community Outreach
   • The Project Sponsor conducted two Pre-Application Meetings with adjacent property owners on July 1, 2014 and February 21, 2017. The Project completed the Section 311, Conditional Use and Variance notifications as mentioned above.
The Department has not received communication from neighbors regarding the Project since the public-initiated Discretionary Review and Variance applications were withdrawn.

6. **Planning Code Compliance**: The Commission finds that the Project is generally consistent with the relevant provisions of the Planning Code in the following manner:

   A. **Height**. Planning Code Section 260 requires that all structures be no taller than the height prescribed in the subject height and bulk district. The proposed Project is located in a 40-X Height and Bulk District, with a 40’ height limit. Planning Code Section 261 further restricts height in RH-2 Districts to 30’ at the front lot line, then at such setback, height shall increase at an angle of 45° toward the rear lot line until the prescribed 40’ height limit is reached.

   *The project proposes a building that will be approximately 40’ tall and will meet the 30’ maximum at the front.*

   B. **Front Setback Requirement**. Planning Code Section 132 requires, in RH-2 Districts, a front setback that complies to legislated setbacks (if any) or a front setback based on the average of adjacent properties (15 foot maximum).

   *The subject property does not have a legislated setback. Based on the average of adjacent neighbors, a 4’5” front setback is required. The project requires a front setback variance as portions of the building encroach within the required setback.*

   C. **Rear Yard Requirement**. Planning Code Section 134 requires, in RH-2 Districts, a rear yard measuring 45 percent of the total depth; properties with two buildings on a lot are required to provide a minimum rear yard of 25% of the total lot depth or 15’ between the two buildings.

   *The project proposes an approximately 10’ separation (increased from existing 8’6”) between the subject building at the front and rear building. The project requires a variance as the subject building encroaches within the required rear yard.*

   D. **Side Yard Requirement**. Planning Code Section 133 does not require side yard setbacks in RH-2 Districts.

   *The project proposes constructing to both side property lines since no side setbacks are required in the RH-2 District. The property does not currently provide side setbacks as the existing buildings are built to both side property lines.*
E. **Residential Design Guidelines.** Per Planning Code Section 311, the construction of new residential buildings and alteration of existing residential buildings in R Districts shall be consistent with the design policies and guidelines of the General Plan and with the "Residential Design Guidelines.”

The Residential Design Team determined that the project complies with the Residential Design Guidelines.

F. **Front Setback Landscaping and Permeability Requirements.** Planning Code Section 132 requires that the required front setback be at least 20% unpaved and devoted to plant material and at least 50% permeable to increase storm water infiltration.

A majority of the existing front building wall built to the front property line will be maintained as part of the proposal. Areas not constructed on and within the required front setback will provide the minimum required landscaping and permeability.

G. **Street Frontage Requirement.** Planning Code Section 144 requires that off-street parking entrances be limited to one-third of the ground story width along the front lot line and no less than one-third be devoted to windows, entrances to dwelling units, landscaping and other architectural features that provide visual relief and interest for the street frontage.

The project complies with the street frontage requirement as it exceeds the visual relief minimum.

H. **Street Frontage, Parking and Loading Access Restrictions.** Off-street parking shall meet the standards set forth in Planning Code Section 155 with respect to location, ingress/egress, arrangement, dimensions, etc.

Proposed off-street parking for one vehicle will be located wholly within the property, comply with access, arrangement and street frontage dimensional standards.

I. **Usable Open Space.** Planning Code Section 135 requires, in RH-2 Districts, usable open space that is accessible by each dwelling (125 square feet per unit if private, ~166 square feet if shared).

The project provides the minimum private usable open space required for the subject building. However, the nonconforming open space condition for the existing two units would remain.

J. **Parking.** Planning Code Section 151 requires one parking space for each dwelling unit.

The project proposes one off-street parking space for the subject building. However, the nonconforming parking condition for the existing two units would remain.
K. **Residential Demolition – Section 317:** Pursuant to Planning Code Section 317, Conditional Use Authorization is required for applications proposing to remove a residential unit. This Code Section establishes a checklist of criteria that delineate the relevant General Plan Policies and Objectives.

As the project requires Conditional Use Authorization per the requirements of the Section 317, the additional criteria specified under Section 317 have been incorporated as findings a part of this Motion. See Item 8. “Additional Findings pursuant to Section 317” below.

L. **Residential Density, Dwelling Units.** Per Planning Code Section 209.1, up to two units per lot are principally permitted in RH-2 Districts and up to one unit per 1,500 Sq. Ft. of lot area is allowed with Conditional Use Authorization.

The property is nonconforming with respect to density as it presently contains three units. The project proposes tantamount to demolition of the existing single-family/commercial structure and construction of a replacement dwelling unit on the 2,650 square foot parcel. The project will maintain the quantity of dwelling units on site and will introduce an Accessory Dwelling Unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.

M. **Child Care Requirements for Residential Projects.** Planning Code Section 414A requires that any residential development project that results in additional space in an existing residential unit of more than 800 gross square feet shall comply with the imposition of the Residential Child Care Impact Fee requirement.

The project proposes adding more than 800 gross square feet to the subject building. Therefore, the Project is subject to the Residential Child Care Impact Fee and must comply with the requirements outlined in Planning Code Section 414A.

7. **Planning Code Section 303** establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use approval. On balance, the project does comply with said criteria in that:

A. The proposed new uses and building, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable, and compatible with, the neighborhood or the community.

The proposal will remove a noncomplying commercial office use from and replace it with residential use within the residential context. It will provide a family-sized unit that is designed to be in keeping with the existing development pattern and the neighborhood character.
B. The proposed project will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity. There are no features of the project that could be detrimental to the health, safety or convenience of those residing or working the area, in that:

i. Nature of proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

The proposal is designed to be compatible with the surrounding neighborhood and adjacent buildings. It proposes a single-family structure that is similar to the massing and arrangement of the neighborhood context.

ii. The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

Planning Code requires one off-street parking space per dwelling unit. One vehicle and one bicycle space are proposed where currently no spaces provided on site for the existing buildings.

iii. The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

The proposal is residential and will not yield noxious or offensive emissions.

iv. Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

The proposed project is residential, will be landscaped accordingly and will provide one off-street parking space.

C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project generally complies with relevant requirements and standards of the Planning Code and is consistent with objectives and policies of the General Plan as detailed below.

D. That the use as proposed would provide development that is in conformity with the purpose of the applicable RH-2 District.

The property is nonconforming with respect to density as it presently contains three units. The project will maintain the existing quantity of dwelling units on site and will introduce an Accessory Dwelling Unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.
8. **Additional Findings pursuant to Section 317** establishes criteria for the Planning Commission to consider when reviewing applications to demolish or convert Residential Buildings. On balance, the Project does comply with said criteria in that:

i. Whether the property is free of a history of serious, continuing Code violations;

   **Project meets criterion.**
   
   A review of the databases for the Department of Building Inspection and the Planning Department did not show any enforcement cases or notices of violation.

ii. Whether the housing has been maintained in a decent, safe, and sanitary condition;

   **Project meets criterion.**
   
   The structure appears to be in decent condition.

iii. Whether the property is an “historic resource” under CEQA;

   **Criterion not applicable.**
   
   The Planning Department reviewed the Historic Resource Evaluation submitted and concluded that the subject property is not eligible for listing in the California Register of Historical Resources (CRHR) individually or as a contributor to a historic district. Therefore, the existing structure is not a historic resource under CEQA.

iv. Whether the removal of the resource will have a substantial adverse impact under CEQA;

   **Criterion not applicable.**
   
   Not applicable. The Planning Department determined that the existing structure is not a historic resource. Therefore, the removal of the structure would not result in a significant adverse impact on historic resources under CEQA.

v. Whether the Project converts rental housing to other forms of tenure or occupancy;

   **Criterion not applicable.**
   
   The existing unit is not rental housing.

vi. Whether the Project removes rental units subject to the Rent Stabilization and Arbitration Ordinance or affordable housing;

   **Criterion not applicable.**
   
   The subject property is a commercial office/single-family residence and not subject to rent control.

vii. Whether the Project conserves existing housing to preserve cultural and economic neighborhood diversity;
**Project meets criterion.**
Although the project proposes demolition of the commercial office/dwelling unit, it will be replaced with a family-sized unit with 3 bedrooms. The project will maintain the quantity of dwelling units on site and will introduce an Accessory Dwelling Unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.

viii. Whether the Project conserves neighborhood character to preserve neighborhood cultural and economic diversity;

**Project meets criterion.**
The replacement building will conserve neighborhood character with appropriate scale, design, and materials, and improve cultural and economic diversity by appropriately increasing the number of bedrooms for a family-sized unit. There will be a net gain of one unit at the project site through the introduction of an Accessory Dwelling Unit under a separate building permit.

ix. Whether the Project protects the relative affordability of existing housing;

**Project meets criterion.**
The project will maintain the existing quantity of dwelling units on site and will introduce an Accessory Dwelling Unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit. By creating new dwelling-unit where one dwelling used to exist, the relative affordability of existing housing is being preserved.

x. Whether the Project increases the number of permanently affordable units as governed by Section 415;

**Criterion not applicable.**
The project is not subject to the provisions of Planning Code Section 415, as the project proposes less than ten units.

xi. Whether the Project locates in-fill housing on appropriate sites in established neighborhoods;

**Project meets criterion.**
The project has been designed to be in keeping with the scale and development pattern of the established neighborhood character.

xii. Whether the Project increases the number of family-sized units on-site;

**Project meets criterion.**
The project proposes a three-bedroom, family-sized residence and an accessory dwelling unit under a separate building permit in the adjacent building on the lot.

xiii. Whether the Project creates new supportive housing;
Criterion not applicable.
The project does not create supportive housing.

xiv. Whether the Project is of superb architectural and urban design, meeting all relevant design guidelines, to enhance existing neighborhood character;

Project meets criterion.
The overall scale, design, and materials of the proposed building are consistent with the block-face and compliment the neighborhood character.

xv. Whether the Project increases the number of on-site Dwelling Units;

Project meets criterion.
The project will maintain the existing quantity of dwelling units on site and will introduce an accessory dwelling unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.

xvi. Whether the Project increases the number of on-site bedrooms;

Project meets criterion.
The project proposes a three-bedroom, family-sized residence and an accessory dwelling unit (studio) under a separate building permit in the adjacent building on the lot.

xvii. Whether or not the replacement project would maximize density on the subject lot; and

Project meets criterion.
The property is nonconforming with respect to density as it presently contains three units. The project proposes tantamount to demolition of the existing single-family/commercial structure and construction of a replacement dwelling unit on the 2,650 square foot parcel. The project will maintain the existing quantity of dwelling units on site and will introduce an accessory dwelling unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.

xviii. If replacing a building not subject to the Residential Rent Stabilization and Arbitration Ordinance, whether the new project replaces all of the existing units with new Dwelling Units of a similar size and with the same number of bedrooms.

Project meets criterion.
The project proposes replacing the existing commercial/residential structure with a new, family-sized dwelling unit of a larger size.

9. General Plan Compliance. The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:
HOUSING ELEMENT

OBJECTIVE 4:
FOSTER A HOUSING STOCK THAT MEETS THE NEEDS OF ALL RESIDENTS ACROSS LIFECYCLES.

Policy 4.1:
Develop new housing, and encourage the remodeling of existing housing, for families with children.

The project proposes a three-bedroom, family-sized residence and an accessory dwelling unit under a separate building permit in the adjacent building on the lot.

OBJECTIVE 11:
SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO’S NEIGHBORHOODS.

Policy 11.1
Promote the construction and rehabilitation of well-designed housing that emphasizes beauty, flexibility, and innovative design, and respects existing neighborhood character.

The overall scale, design, and materials of the proposed building are consistent with the block-face and complement the neighborhood character.

Policy 11.2
Ensure implementation of accepted design standards in project approvals.

Policy 11.3
Ensure growth is accommodated without substantially and adversely impacting existing residential neighborhood character.

The property is nonconforming with respect to density as it presently contains three units. The project will maintain the existing quantity of dwelling units on site and will introduce an accessory dwelling unit in the existing two-unit building on the property (3878-3880 21st Street) under a separate building permit.

Policy 11.4
Continue to utilize zoning districts which conform to a generalized residential land use and density plan and the General Plan.
Policy 11.5
Ensure densities in established residential areas promote compatibility with prevailing neighborhood character.

URBAN DESIGN

OBJECTIVE 1:
EMPHASIS OF THE CHARACTERISTIC PATTERN WHICH GIVES TO THE CITY AND ITS NEIGHBORHOODS AN IMAGE, A SENSE OF PURPOSE, AND A MEANS OF ORIENTATION.

Policy 1.2:
Recognize, protect and reinforce the existing street pattern, especially as it is related to topography.

*The project proposes construction that respects existing building heights and topography in the neighborhood.*

Policy 1.3:
Recognize that buildings, when seen together, produce a total effect that characterizes the city and its districts.

*The proposed replacement building reflects the existing mixed architectural character and development pattern of the neighborhood. The overall scale, design, and materials of the proposed building are consistent with the block-face and compliment the neighborhood character.*

OBJECTIVE 2:
CONSERVATION OF RESOURCES WHICH PROVIDE A SENSE OF NATURE, CONTINUITY WITH THE PAST, AND FREEDOM FROM OVERCROWDING.

Policy 2.6:
Respect the character of older development nearby in the design of new buildings.

*The replacement building has been designed to be compatible with the neighborhood’s mixed massing, width and height. It proposes exterior materials that are compatible with the adjacent buildings and immediate neighborhood character.*
10. Planning Code Section 101.1(b) establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project does comply with said policies in that:

A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

While the existing commercial/residential structure is proposed to be demolished, the replacement building would provide a family-sized dwelling unit in a neighborhood made up of one-, two-and three+ units of mixed architectural character.

B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The replacement building would provide a family-sized dwelling unit in a neighborhood made up of one-, two-and three+ units of mixed architectural character.

C. That the City’s supply of affordable housing be preserved and enhanced,

While the project does not propose affordable housing, it will provide a family-size dwelling unit and an accessory dwelling unit on site, adding to the City supply of housing.

D. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

The project would not have a significant adverse effect on automobile traffic congestion or create parking problems in the neighborhood. The project would enhance neighborhood parking by providing one off-street parking space and one bicycle parking space, where none currently exist on the lot.

E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The project will remove a nonconforming commercial office/residential building and replace it with residential use which is in keeping with the residential neighborhood context.

F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The project will conform to the requirements of the San Francisco Building Code.
G. That landmarks and historic buildings be preserved.

*Landmark or historic buildings do not occupy the project site.*

H. That our parks and open space and their access to sunlight and vistas be protected from development.

*The project will have no negative impact on existing parks and open spaces. The height of the proposed structure is compatible with the established neighborhood development.*

11. The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.

12. The Commission hereby finds that approval of the Conditional Use authorization would promote the health, safety and welfare of the City.
DECISION

That based upon the Record, the submissions by the Applicant, the staff of the Department and other interested parties, the oral testimony presented to this Commission at the public hearings, and all other written materials submitted by all parties, the Commission hereby APPROVES Conditional Use Application No. 2016-004562CUA subject to the following conditions attached hereto as “EXHIBIT A” which is incorporated herein by reference as though fully set forth.

APPEAL AND EFFECTIVE DATE OF MOTION: Any aggrieved person may appeal this Conditional Use Authorization to the Board of Supervisors within thirty (30) days after the date of this Motion No. XXXXX. The effective date of this Motion shall be the date of this Motion if not appealed (After the 30-day period has expired) OR the date of the decision of the Board of Supervisors if appealed to the Board of Supervisors. For further information, please contact the Board of Supervisors at (415) 554-5184, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94012.

Protest of Fee or Exaction: You may protest any fee or exaction subject to Government Code Section 66000 that is imposed as a condition of approval by following the procedures set forth in Government Code Section 66020. The protest must satisfy the requirements of Government Code Section 66020(a) and must be filed within 90 days of the date of the first approval or conditional approval of the development referencing the challenged fee or exaction. For purposes of Government Code Section 66020, the date of imposition of the fee shall be the date of the earliest discretionary approval by the City of the subject development.

If the City has not previously given Notice of an earlier discretionary approval of the project, the Planning Commission’s adoption of this Motion, Resolution, Discretionary Review Action or the Zoning Administrator’s Variance Decision Letter constitutes the approval or conditional approval of the development and the City hereby gives NOTICE that the 90-day protest period under Government Code Section 66020 has begun. If the City has already given Notice that the 90-day approval period has begun for the subject development, then this document does not re-commence the 90-day approval period.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on October 12, 2017.

Jonas P. Ionin
Commission Secretary

AYES:

NAYS:

ABSENT:

RECUSED:

ADOPTED: October 12, 2017
EXHIBIT A

AUTHORIZATION

This authorization is for a conditional use to allow tantamount to demolition of an existing single-family residence and construction of two replacement dwelling units located at 437 Hoffman Avenue, Block 6503, Lot 024 pursuant to Planning Code Sections 303 and 317 within the RH-2 District and a 40-X Height and Bulk District; in general conformance with plans, dated September 10, 2017, and stamped “EXHIBIT B” included in the docket for Case No. 2017-004562CUA and subject to conditions of approval reviewed and approved by the Commission on October 12, 2017 under Motion No XXXXXX. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

RECORDATION OF CONDITIONS OF APPROVAL

Prior to the issuance of the building permit or commencement of use for the Project the Zoning Administrator shall approve and order the recordation of a Notice in the Official Records of the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on October 12, 2017 under Motion No XXXXXX.

PRINTING OF CONDITIONS OF APPROVAL ON PLANS

The conditions of approval under the ‘Exhibit A’ of this Planning Commission Motion No. XXXXXX shall be reproduced on the Index Sheet of construction plans submitted with the Site or Building permit application for the Project. The Index Sheet of the construction plans shall reference to the Conditional Use authorization and any subsequent amendments or modifications.

SEVERABILITY

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. “Project Sponsor” shall include any subsequent responsible party.

CHANGES AND MODIFICATIONS

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use authorization.
Conditions of Approval, Compliance, Monitoring, and Reporting

PERFORMANCE

1. **Validity.** The authorization and right vested by virtue of this action is valid for three (3) years from the effective date of the Motion. The Department of Building Inspection shall have issued a Building Permit or Site Permit to construct the project and/or commence the approved use within this three-year period.

   For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, [www.sf-planning.org](http://www.sf-planning.org)

2. **Expiration and Renewal.** Should a Building or Site Permit be sought after the three (3) year period has lapsed, the project sponsor must seek a renewal of this Authorization by filing an application for an amendment to the original Authorization or a new application for Authorization. Should the project sponsor decline to so file, and decline to withdraw the permit application, the Commission shall conduct a public hearing in order to consider the revocation of the Authorization. Should the Commission not revoke the Authorization following the closure of the public hearing, the Commission shall determine the extension of time for the continued validity of the Authorization.

   For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, [www.sf-planning.org](http://www.sf-planning.org)

3. **Diligent pursuit.** Once a site or Building Permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. Failure to do so shall be grounds for the Commission to consider revoking the approval if more than three (3) years have passed since this Authorization was approved.

   For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, [www.sf-planning.org](http://www.sf-planning.org)

4. **Extension.** All time limits in the preceding three paragraphs may be extended at the discretion of the Zoning Administrator where implementation of the project is delayed by a public agency, an appeal or a legal challenge and only by the length of time for which such public agency, appeal or challenge has caused delay.

   For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, [www.sf-planning.org](http://www.sf-planning.org)

5. **Conformity with Current Law.** No application for Building Permit, Site Permit, or other entitlement shall be approved unless it complies with all applicable provisions of City Codes in effect at the time of such approval.

   For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, [www.sf-planning.org](http://www.sf-planning.org)
DESIGN

6. **Garbage, composting and recycling storage.** Space for the collection and storage of garbage, composting, and recycling shall be provided within enclosed areas on the property and clearly labeled and illustrated on the building permit plans. Space for the collection and storage of recyclable and compostable materials that meets the size, location, accessibility and other standards specified by the San Francisco Recycling Program shall be provided at the ground level of the buildings.

   *For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org*

7. **Landscaping.** Pursuant to Planning Code Section 132, the Project Sponsor shall submit a site plan to the Planning Department prior to Planning approval of the building permit application indicating that 50% of the front setback areas shall be surfaced in permeable materials and further, that 20% of the front setback areas shall be landscaped with approved plant species. The size and specie of plant materials and the nature of the permeable surface shall be as approved by the Department of Public Works.

   *For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org*

PARKING AND TRAFFIC

8. **Parking Requirement.** Pursuant to Planning Code Section 151, the Project shall provide one independently accessible off-street parking space.

   *For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org*

PROVISIONS

10. **Child Care Fee - Residential.** The Project is subject to the Residential Child Care Fee, as applicable, pursuant to Planning Code Section 414A.

   *For information about compliance, contact the Case Planner, Planning Department at 415-558-6378, www.sf-planning.org*

MONITORING

11. **Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction.

   *For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org*
12. **Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

*For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org*

**OPERATION**

13. **Garbage, Recycling, and Composting Receptacles.** Garbage, recycling, and compost containers shall be kept within the premises and hidden from public view, and placed outside only when being serviced by the disposal company. Trash shall be contained and disposed of pursuant to garbage and recycling receptacles guidelines set forth by the Department of Public Works.

*For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works at 415-554-.5810, http://sfdpw.org*

14. **Sidewalk Maintenance.** The Project Sponsor shall maintain the main entrance to the building and all sidewalks abutting the subject property in a clean and sanitary condition in compliance with the Department of Public Works Streets and Sidewalk Maintenance Standards.

*For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works, 415-695-2017, http://sfdpw.org*

15. **Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator shall be made aware of such change. The community liaison shall report to the Zoning Administrator what issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

*For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org*

- ☑ Addition/Alteration
- ☑ Demolition (requires HRER if over 45 years old)
- [ ] New Construction
- [ ] Project Modification (GO TO STEP 7)

Project description for Planning Department approval.

799 Castro Street: change of use from commercial to residential, addition of three stories. 3878 21st Street: Addition to the existing residential structure not visible from the street. Window alteration at front facade. 3 dwelling units to be located at 3878 21st Street. Lot line adjustment.

STEP 1: EXEMPTION CLASS
TO BE COMPLETED BY PROJECT PLANNER

*Note: If neither class applies, an Environmental Evaluation Application is required.*

- ☑ Class 1 – Existing Facilities. Interior and exterior alterations; additions under 10,000 sq. ft.
- ☑ Class 3 – New Construction/Conversion of Small Structures. Up to three (3) new single-family residences or six (6) dwelling units in one building; commercial/office structures; utility extensions.; ; change of use under 10,000 sq. ft. if principally permitted or with a CU. Change of use under 10,000 sq. ft. if principally permitted or with a CU.
- [ ] Class__

STEP 2: CEQA IMPACTS
TO BE COMPLETED BY PROJECT PLANNER

If any box is checked below, an Environmental Evaluation Application is required.

- [ ] Air Quality: Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) within an Air Pollution Exposure Zone? Does the project have the potential to emit substantial pollutant concentrations (e.g., backup diesel generators, heavy industry, diesel trucks)? Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Article 38 program and the project would not have the potential to emit substantial pollutant concentrations. (refer to EP_ArcMap > CEQA Categorization Layers > Air Pollutant Exposure Zone)

- [ ] Hazardous Materials: If the project site is located on the Maher map or is suspected of containing hazardous materials (based on a previous use such as gas station, auto repair, dry cleaners, or heavy manufacturing, or a site with underground storage tanks): Would the project involve 50 cubic yards or more of soil disturbance - or a change of use from industrial to residential? If yes, this box must be checked and the project applicant must submit an Environmental Application with a Phase I Environmental Site Assessment. Exceptions: do not check box if the applicant presents documentation of enrollment in the San Francisco Department of Public Health (DPH) Maher program, a DPH waiver from the...
Maher program, or other documentation from Environmental Planning staff that hazardous material effects would be less than significant (refer to EP_ArcMap > Maher layer).

Transportation: Does the project create six (6) or more net new parking spaces or residential units? Does the project have the potential to adversely affect transit, pedestrian and/or bicycle safety (hazards) or the adequacy of nearby transit, pedestrian and/or bicycle facilities?

Archeological Resources: Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeological sensitive area or eight (8) feet in a non-archeological sensitive area? (refer to EP_ArcMap > CEQA Catex Determination Layers > Archeological Sensitive Area)

Subdivision/Lot Line Adjustment: Does the project site involve a subdivision or lot line adjustment on a lot with a slope average of 20% or more? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography)

Slope = or > 20%: Does the project involve any of the following: (1) square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint, (2) excavation of 50 cubic yards or more of soil, (3) new construction? (refer to EP_ArcMap > CEQA Catex Determination Layers > Topography) If box is checked, a geotechnical report is required.

Seismic: Landslide Zone: Does the project involve any of the following: (1) square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint, (2) excavation of 50 cubic yards or more of soil, (3) new construction? (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) If box is checked, a geotechnical report is required.

Seismic: Liquefaction Zone: Does the project involve any of the following: (1) square footage expansion greater than 1,000 sq. ft. outside of the existing building footprint, (2) excavation of 50 cubic yards or more of soil, (3) new construction? (refer to EP_ArcMap > CEQA Catex Determination Layers > Seismic Hazard Zones) If box is checked, a geotechnical report will likely be required.

If no boxes are checked above, GO TO STEP 3. If one or more boxes are checked above, an Environmental Evaluation Application is required, unless reviewed by an Environmental Planner.

Project can proceed with categorical exemption review. The project does not trigger any of the CEQA impacts listed above.

Comments and Planner Signature (optional):

9. **Other work** that would not materially impair a historic district (specify or add comments):

   (Requires approval by Senior Preservation Planner/Preservation Coordinator) __________________________

10. **Reclassification of property status.** (Requires approval by Senior Preservation Planner/Preservation Coordinator)

    - [ ] Reclassify to Category A
    - [ ] Reclassify to Category C

    a. Per HRER dated: __________________________
    b. Other (specify): __________________________

Note: If ANY box in STEP 5 above is checked, a Preservation Planner MUST check one box below.

- [ ] **Further environmental review required.** Based on the information provided, the project requires an Environmental Evaluation Application to be submitted. GO TO STEP 6.

- [ ] **Project can proceed with categorical exemption review.** The project has been reviewed by the Preservation Planner and can proceed with categorical exemption review. GO TO STEP 6.

**Comments (optional):**
799 Castro Street rated as a C building per Historic Resource Evaluation Response. 3878-3880 21st Street not evaluated, however (N) openings at main facade for windows are compatible in proportion, size and (N) window material conform to SOIS and Department standards and with existing building.

**Preservation Planner Signature:** Marcelle Boudreaux

### STEP 6: CATEGORICAL EXEMPTION DETERMINATION
TO BE COMPLETED BY PROJECT PLANNER

- [ ] **Further environmental review required.** Proposed project does not meet scopes of work in either (check all that apply):
  - [ ] Step 2 – CEQA Impacts
  - [ ] Step 5 – Advanced Historical Review

STOP! Must file an Environmental Evaluation Application.

- [ ] **No further environmental review is required.** The project is categorically exempt under CEQA.

**Planner Name:** __________________________

**Signature:** __________________________

**Project Approval Action:**

Select One

If Discretionary Review before the Planning Commission is requested, the Discretionary Review hearing is the Approval Action for the project.

Once signed or stamped and dated, this document constitutes a categorical exemption pursuant to CEQA Guidelines and Chapter 31 of the Administrative Code.

In accordance with Chapter 31 of the San Francisco Administrative Code, an appeal of an exemption determination can only be filed within 30 days of the project receiving the first approval action.
STEP 7: MODIFICATION OF A CEQA EXEMPT PROJECT  
TO BE COMPLETED BY PROJECT PLANNER

In accordance with Chapter 31 of the San Francisco Administrative Code, when a California Environmental Quality Act (CEQA) exempt project changes after the Approval Action and requires a subsequent approval, the Environmental Review Officer (or his or her designee) must determine whether the proposed change constitutes a substantial modification of that project. This checklist shall be used to determine whether the proposed changes to the approved project would constitute a “substantial modification” and, therefore, be subject to additional environmental review pursuant to CEQA.

PROJECT DESCRIPTION

The proposal is for Conditional Use Authorization, pursuant to Planning Code Sections 303 and 317, to demolish an existing mixed-use structure (commercial office/single-family) and construct a three-story over basement single-family residence. The subject property contains three dwelling units, two units in a building at the rear of the property, and one unit with office in a building at the front. See attached plans.

The project also requests Variances from the Zoning Administrator to construct within the required front setback and rear yard. Planning Code Section 132 requires a front setback of 4 feet - 5 inches and construction is proposed to the front property line. Section 134 requires a rear yard of 25% of the total lot depth or 15 feet between the two buildings on the lot and the proposal provides only a 10 foot separation. The property is legally non-complying in regards to the rear yard requirement because there is a two-story over basement with two dwelling units located entirely within rear yard.

Under a separate building permit, 2017.04.04.3134, one new accessory dwelling unit is proposed in the rear building (3878-3880 21st St).

A Planning Commission approval at the public hearing would constitute the Approval Action for the project for the purposes of CEQA, pursuant to San Francisco Administrative Code Section 31.04(h).

ADDITIONAL INFORMATION

ARCHITECTURAL PLANS: If you are interested in viewing the plans for the proposed project please contact the planner listed below. The plans and Department recommendation of the proposed project will be available prior to the hearing through the Planning Commission agenda at: http://www.sf-planning.org or by request at the Planning Department office located at 1650 Mission Street, 4th Floor.

Members of the public are not required to provide personal identifying information when they communicate with the Commission or the Department. All written or oral communications, including submitted personal contact information, may be made available to the public for inspection and copying upon request and may appear on the Department's website or in other public documents.

FOR MORE INFORMATION, PLEASE CONTACT PLANNING DEPARTMENT STAFF:
Planner: Nancy Tran Telephone: (415) 575-9174 E-Mail: Nancy.H.Tran@sfgov.org
GENERAL INFORMATION ABOUT PROCEDURES

HEARING INFORMATION

You are receiving this notice because you are either a property owner or resident that is adjacent to the proposed project or are an interested party on record with the Planning Department. You are not required to take any action. For more information regarding the proposed work, or to express concerns about the project, please contact the Applicant or Planner listed on this notice as soon as possible. Additionally, you may wish to discuss the project with your neighbors and/or neighborhood association as they may already be aware of the project.

Persons who are unable to attend the public hearing may submit written comments regarding this application to the Planner listed on the front of this notice, Planning Department, 1650 Mission Street, Suite 400, San Francisco, CA 94103, by 5:00 pm the day before the hearing. These comments will be made a part of the official public record and will be brought to the attention of the person or persons conducting the public hearing.

Comments that cannot be delivered by 5:00 pm the day before the hearing may be taken directly to the hearing at the location listed on the front of this notice. Comments received at 1650 Mission Street after the deadline will be placed in the project file, but may not be brought to the attention of the Planning Commission at the public hearing.

BUILDING PERMIT APPLICATION INFORMATION

Pursuant to Planning Code Section 311 or 312, the Building Permit Application for this proposal may also be subject to a 30-day notification of property owners and residents within 150-feet of the subject property. This notice covers the Section 311 notification requirements.

APPEAL INFORMATION

An appeal of the approval (or denial) of a Conditional Use application and/or building permit application associated with the Conditional Use application may be made to the Board of Supervisors within 30 calendar days after the date of action by the Planning Commission pursuant to the provisions of Section 308.1(b). Appeals must be submitted in person at the Board’s office at 1 Dr. Carlton B. Goodlett Place, Room 244. For further information about appeals to the Board of Supervisors, including current fees, contact the Clerk of the Board of Supervisors at (415) 554-5184.

An appeal of the approval (or denial) of a building permit application by the Planning Commission may be made to the Board of Appeals within 15 calendar days after the building permit is issued (or denied) by the Director of the Department of Building Inspection. Appeals must be submitted in person at the Board’s office at 1650 Mission Street, 3rd Floor, Room 304. For further information about appeals to the Board of Appeals, including current fees, contact the Board of Appeals at (415) 575-6880.

Pursuant to California Government Code Section 65009, if you challenge, in court, the decision of an entitlement or permit, the issues raised shall be limited to those raised in the public hearing or in written correspondence delivered to the Planning Commission prior to, or at, the public hearing.

ENVIRONMENTAL REVIEW

This project has undergone preliminary review pursuant to California Environmental Quality Act (CEQA). If, as part of this process, the Department’s Environmental Review Officer has deemed this project to be exempt from further environmental review, an exemption determination has been prepared and can be obtained through the Exemption Map, on-line, at www.sfplanning.org. An appeal of the decision to exempt the proposed project from CEQA may be made to the Board of Supervisors within 30 calendar days after the project approval action identified on the determination. The procedures for filing an appeal of an exemption determination are available from the Clerk of the Board at City Hall, Room 244, or by calling (415) 554-5184.

Under CEQA, in a later court challenge, a litigant may be limited to raising only those issues previously raised at a hearing on the project or in written correspondence delivered to the Board of Supervisors, Planning Commission, Planning Department or other City board, commission or department at, or prior to, such hearing, or as part of the appeal hearing process on the CEQA decision.

President Rich Hillis  
San Francisco Planning Commission  
1650 Mission Street, Suite 400  
San Francisco, CA 94103

Re: 799 Castro Street/3878-3880 21st Street (1369/034)  
Brief in Support of Proposed Project  
Planning Department Case No. 2017.004562CUA  
Hearing Date: October 12, 2017  
Our File No.: 10028.01

Dear President Hillis and Commissioners:

Our office represents Hatef Moghimi (the “Project Sponsor”) concerning his proposed project at 799 Castro Street and 3878-3880 21st Street (the “Property”). The proposed project (the “Project”) consists of the following:

- Termination of a noncomplying office use in the one-story building at 799 Castro Street and construction of a new 3,150 square-foot, 3-bedroom, 3-story over basement single-family home (renderings of the new home are attached as Exhibit A); and

- Establishment of a dwelling unit as a rent-controlled accessory dwelling unit (“ADU”) in the existing two-unit residential building at 3878-3880 21st Street, replacing a dwelling unit at 799 Castro Street, the legal status of which is uncertain (the entire building has been used as a legal noncomplying office since at least 1980 and as a grocery store for many decades prior);

(Project plans for the 799 Castro residence and the ADU are attached as Exhibit B and Exhibit C, respectively.)

The Project requires authorization under Planning Code Section 317 and a Conditional Use Authorization (the “CU”) for the “removal” and re-establishment of the dwelling unit as an ADU, and the construction of the new single-family home. The Project also requires front setback and rear yard Variances. The Project in its present form is the culmination of nine years of planning, including extensive negotiations with the adjacent neighbor at 789 Castro Street.

www.reubenlaw.com
For the following reasons, we respectfully request that the Planning Commission approve the Project:

- The replacement of the noncomplying office use with a modestly-sized and well-designed single-family home and rent-controlled ADU brings the Property into compliance with the Planning Code and creates much-needed housing in two different but equally desirable product types;

- At 3,150 square feet and 3 bedrooms, the proposed single-family home is comparable in size with other single-family homes in the neighborhood and provides an appropriately strong presence for a corner lot; the modern design, at the direction of Planning Department staff, provides differentiation within the neighborhood character; the rear is pushed forward and the rear entrance has been reconfigured to accommodate the noncomplying property line window of the adjacent neighbor at 789 Castro Street;

- The legal status of the existing dwelling unit at 799 Castro Street was at best dubious – the Department of Building Inspection ("DBI") concluded that no dwelling unit existed. Nevertheless, the neighbor at 789 Castro Street challenged DBI’s conclusion. As an accommodation of the neighbor and in the spirit resolution, the Project Sponsor agreed to recognize the dwelling unit and proposes to re-establish it as a rent-controlled ADU at 3878-3880 21st Street;

- For all of these reasons, staff has recommended approval of the Project.

I. Property and Project Background

The building at 799 Castro was constructed in 1909 as grocery store with a small dwelling unit in the rear. In 1980, a building permit was issued that changed the use from grocery store to office, and recognized that the dwelling unit no longer existed. (Exhibit D.) When the Project Sponsor purchased the Property in 2007, DBI would not issue a 3-R Report for 799 Castro because it was recognized as a commercial use in the City’s records.

Because questions were raised concerning the use of 799 Castro, DBI investigated and confirmed the commercial use and lack of a dwelling unit. DBI issued a Certificate of Final Completion and Occupancy in 2015 (the "CFC"), confirming that no dwelling unit existed at 799 Castro. (Exhibit E.) The adjacent neighbor at 789 Castro filed an appeal of the CFC to the Board of Appeals.
In the spirit of resolution and a desire to move forward with the Project, the Project Sponsor revised the Project to add the ADU to 3878-3880 21st Street. Although no building plans exist showing the size and configuration of a dwelling unit at 799 Castro Street, it was one-story and, if it existed, would have been no larger than approximately 400 square feet. The ADU similarly is one-story and is approximately 550 square feet.

The new dwelling at 799 Castro is a modestly-sized (3,150 square feet), 3-bedroom family home. At least five other nearby single-family homes are comparable in size, including the adjacent neighbor at 789 Castro. (Exhibit F.)

The proposed size and design provides an appropriately strong presence for a corner-lot location. The Project Sponsor originally proposed a more traditional design, but Planning Department staff insisted that the design be changed to a more contemporary one. This is consistent with neighborhood character as there are several other contemporary designs in the neighborhood. (Exhibit G.)

The new residence has been designed to minimize any impacts on the adjacent neighbor at 789 Castro. The building has been pushed forward to provide access to light and air to the neighbor’s noncomplying property line window. The Project Sponsor also removed a rear entrance at that location, and moved it to the garage, to protect the neighbor’s privacy.

As is typical of a corner lot, open space on the Property is at a premium. Because of this, the new residence provides open space with a second-story terrace at the rear, a third-story terrace at the front, and a roof deck. In recognition of the Planning Commission’s policies concerning roof decks, this deck is smaller-sized at 290 square feet and set back from the property lines significantly on all sides. Viewing the property from above, one can see that the deck will not have any privacy or light and air impacts on any neighbors. (Exhibit H.)

II. THE PLANNING CODE’S DWELLING UNIT DEMOLITION AND CONDITIONAL USE FINDINGS ARE MET

A. Section 317

Under Planning Code Section 317(g)(5), the Planning Commission must make certain findings in order to approve the demolition of a dwelling unit at 799 Castro and its re-establishment as an ADU at 3878-3880 21st Street. We submit that the proposed Project meets all of the required findings, including without limitation the following. The Project:

- Does not convert rental housing to other forms of tenure or occupancy, and in fact adds a rent-controlled unit;
• Conserves existing housing to preserve cultural and economic neighborhood diversity;

• Protects the relative affordability of existing housing;

• Locates in-fill housing on appropriate sites in established neighborhoods;

• Increases the number of family-sized units on-site;

• Is of superb architectural and urban design, meeting all relevant design guidelines, to enhance existing neighborhood character;

• Increases the number of on-site dwelling units;

• Increases the number of on-site bedrooms; and

• Would maximize density on the subject lot.

B.  Section 303

The proposed Project also satisfies the required findings of Planning Code Section 303, as follows:

(1) The proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community;

The Project is necessary and desirable because it will remove a noncomplying office use from a residential neighborhood and replace it with a residential use. The project will add a modestly-sized single-family home in a district where family housing is strongly encouraged by City planning and zoning controls and policies. The new residence is of a superior design, is of a size comparable to other single-family homes in the neighborhood, and is designed to minimize impacts on the adjacent neighbor. The new ADU addresses a pressing City need for rent-controlled housing and smaller units.

(2) That such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injuries to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:
(a) The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of the structure.

The Project will demolish a dilapidated existing structure and replace it with a single-family home that is sensitively designed to minimize impacts on the adjacent residence, and of a size, shape and arrangement similar to other single-family homes in this neighborhood. The proposed lot coverage is typical for a corner lot.

(b) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading.

The Project adds a single-family home to the Property, which will not impact traffic patterns in the neighborhood. One off-street parking space is proposed where none exist presently. The property is well-served by public transit. The 24, 33, 35, and J Church MUNI bus lines, and the Castro MUNI station, all are within a few blocks of the Property.

(c) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor.

The Project adds a single-family home to the Property, which will not produce noxious or offensive emissions such as noise, glare, dust and odor.

(d) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs.

The Property will be thoughtfully landscaped and provide usable open space as required the Planning Code, and will provide an off-street parking space where none exists presently.

(3) That such use or feature as proposed will comply with the applicable provisions of this code and will not adversely affect the Master Plan.

The project will affirmatively promote, is consistent with, and will not adversely affect the General Plan, and specifically the Housing Element of the General Plan, as follows:

Policy 11.1: Promote the construction and rehabilitation of well-designed housing that emphasizes beauty, flexibility, and innovative design, and respects existing neighborhood character.
Policy 11.5: Promote the construction of well-designed housing that enhances existing neighborhood character.

The project provides well-designed new housing that enhances existing neighborhood character, consistent with these policies.

(4) Such use or feature as proposed will provide development that is in conformity with the stated purpose of the applicable use district.

The Property is located in the RH-2 Zoning District. According to Planning Code Section 209.1, these Districts are devoted to one-family and two-family homes. The replacement of the noncomplying office use with a single-family home will bring the Property into conformity with the stated purpose of the District.

III. CONCLUSION

The proposed Project eliminates a noncomplying office use and replaces it with a thoughtfully-designed, single-family home that is sensitive to the adjacent neighbor and will enhance the greater neighborhood. The addition of a rent-controlled ADU preserves the existing housing at the Property and addresses an urgent City need.

For all of these reasons, we respectfully request that the Planning Commission approve the Project.

Very truly yours,

REUBEN, JUNIUS & ROSE, LLP

PLANNING CODE NOTES

CURRENT ZONING DESIGNATION: NC-3 - NEIGHBORHOOD RESIDENTIAL
HEIGHT AND BULK DISTRICT: 40-X
REAR YARD REQUIREMENT: REQUIRED AT RESIDENTIAL LEVELS ONLY
THE EXISTING BUILDING HAS 335 SQ.FT. REAR YARD SPACE BETWEEN ADJACENT BUILDING ON THE SAME LOT.

EXISTING SPACE REQUIREMENT
THE EXISTING BUILDING HAS 335 SQ.FT. USABLE OPEN SPACE (WAIVER REQUIRED) AND 95 SQ.FT. COVERED OPEN SPACE.

EXPOSURE REQUIREMENT: DWELLING UNITS MUST HAVE AT LEAST ONE ROOM THAT FACES ON TO A PUBLIC STREET, PUBLIC ALLEY OR OPEN AREA THAT IS NO LESS THAN 25' X 25'

THE UNIT FACES A PUBLIC STREET.

PARKING PER SEC 1552: ONE CLASS 1 BIKE PARKING SPACE IS REQUIRED PER ADU. TWO BICYCLE PARKING SPACES ARE ADDED.

ACCESSORY DWELLING UNIT LEGISLATION
ONE ADDITIONAL UNITS IS BEING PROPOSED FOR ORDINANCE 0162-16 “CITYWIDE ADU PROGRAM”

1. NEW ADU MUST BE WITHIN THE EXISTING BUILDING ENVELOPE.

2. NEW ADU CANNOT TAKE SPACE FROM AN EXISTING RESIDENTIAL UNIT.

3. ADU WOULD BE RENT CONTROLLED

4. IN BUILDINGS WITH 4 OR LESS UNITS ONE ADU MAY BE ADDED IN BUILDINGS WITH MORE THAN 4 UNITS AN UNLIMITED NUMBER OF ADU MAY BE ADDED.

THE BUILDING HAS 2 UNITS, THEREFORE ONE (1) ADU IS ALLOWED WITHIN THE EXISTING ENVELOPE.

LANDSCAPING & PERMEABILITY
Pursuant to Planning Code Section 152.2, NOT LESS THAN 30% OF THE REQUIRED NET BACKLOT AREA SHALL BE AND REMAIN UPPED AND COVERED WITH PLANT MATERIALS, AND THE FRONT SETBACK AREA SHALL BE AT LEAST 50% PERMEABLE TO RAIN WATER INFILTRATION.

STREET TREE
ONE TREE OF 24-INCH BOX SIZE IS REQUIRED FOR EACH 20-Feet OF FRONTAGE OF THE PROPERTY ALONG EACH STREET. A 24-INCH BOX SIZE TREE, WITH A CANOPY SPREAD OF AT LEAST 20 FEET, SHALL BE PLANTED AT EACH CORNER OF THE PROPERTY. THE TREE SHALL BE PLANTED WITHIN 12 MONTHS OF THE DATE OF THE BUILDING PERMIT. ONE STREET TREE WILL BE ADDED TO THE 4 TREES THAT CURRENTLY EXIST.

APPLICATION FOR BUILDING PERMITS, ADDITIONS, ALTERATIONS OR REPAIRS.

DESCRIPTION OF EXISTING BUILDING

- Small Corner Market
- Office

DESCRIPTION OF BUILDING AFTER PROPOSED ALTERATION

- New structural changes: Change 1 door to window, put in one new window and the new door.
- New bathroom fixtures and copper plumbing.
- New electrical.
- New interior stud wall partitions.
- New plumbing.
- New concrete foundation wall on property to support small deck.
- New sink and gas hot heater.
- Carpet, paint, some redwood paneling, light fixtures, new railings.

APPLICATION'S CERTIFICATION

I, Scott Calbur, the owner of 21st St., S.F., Ca., hereby certify and agree that if a permit is issued for the construction described in this application, all the provisions of the permit and all laws and ordinances shall be complied with.

NOTICE TO APPLICANT

The construction shall be subject to the regulations of the City and County of San Francisco, as amended from time to time. Any work done in violation of any such regulations shall be subject to seizure and removal by the City and County of San Francisco, and any lien may be enforced by the City and County of San Francisco.

EXHIBIT E
This Certificate is for PA 8005432 which is for a change from Market store to office. Owner occupy. No structural changes, change in existing door to window, new window and new door. New bathroom fixtures and copper plumbing. New concrete foundation well on property to support small decks.

This permit was for change from Market store to office. Per permit and plans a separate structure exists on the lot which is a 2 story 2 unit residential building 3892-3894.

To the best of our knowledge, the construction described above has been completed and, effective as of the date the building permit application was filed, conforms both to the Ordinances of the City and County of San Francisco and to the Laws of the State of California. The above referenced occupancy classification is approved pursuant to Section 109A of the San Francisco Building Code.

Any change in the use or occupancy of these premises—or any change to the building or premises—could cause the property to be in violation of the Municipal Codes of the City and County of San Francisco and, thereby, would invalidate this Certificate of Final Completion and Occupancy. A copy of this Certificate shall be maintained on the premises and shall be available at all times. Another copy of this Certificate should be kept with your important property documents.

Before making any changes to the structure in the future, please contact the Department of Building Inspection, which will provide advice regarding any change that you wish to make and will assist you in making the change in accordance with the Municipal Codes of the City and County of San Francisco.

This certificate issued on: Aug 31st 2015

*PA 8005432 was signed off

Tom C. Hui, S.E., C.B.O., Acting Director

5. Action(s) Requested (Include Planning Code Section which authorizes action)

Dwelling unit demolition pursuant to Planning Code Section 317 and Conditional Use Authorization pursuant to Planning Code Section 303.

Conditional Use Findings

Pursuant to Planning Code Section 303(c), before approving a conditional use authorization, the Planning Commission needs to find that the facts presented are such to establish the findings stated below. In the space below and on separate paper, if necessary, please present facts sufficient to establish each finding.

1. That the proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community; and

2. That such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injurious to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:

   (a) The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

   (b) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

   (c) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

   (d) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs; and

3. That such use or feature as proposed will comply with the applicable provisions of this Code and will not adversely affect the Master Plan.

Please see Attachment A.
Priority General Plan Policies Findings

Proposition M was adopted by the voters on November 4, 1986. It requires that the City shall find that proposed projects and demolitions are consistent with eight priority policies set forth in Section 101.1 of the City Planning Code. These eight policies are listed below. Please state how the project is consistent or inconsistent with each policy. Each statement should refer to specific circumstances or conditions applicable to the property. Each policy must have a response. IF A GIVEN POLICY DOES NOT APPLY TO YOUR PROJECT, EXPLAIN WHY IT DOES NOT.

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

   Please see Attachment B.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

   Please see Attachment B.

3. That the City's supply of affordable housing be preserved and enhanced;

   Please see Attachment B.

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;

   Please see Attachment B.
5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

   Please see Attachment B.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

   Please see Attachment B.

7. That landmarks and historic buildings be preserved; and

   Please see Attachment B.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

   Please see Attachment B.

NOTES:
- ☐ Required Material. Write "N/A" if you believe the item is not applicable, e.g. letter of authorization is not required if application is signed by property owner.
- ☐ Typically would not apply. Nevertheless, in a specific case, staff may require the item.
- ☑ Two sets of original labels and one copy of addresses of adjacent property owners and owners of property across street.

After your case is assigned to a planner, you will be contacted and asked to provide an electronic version of this application including associated photos and drawings.

Some applications will require additional materials not listed above. The above checklist does not include material needed for Planning review of a building permit. The “Application Packet” for Building Permit Applications lists those materials.

No application will be accepted by the Department unless the appropriate column on this form is completed. Receipt of this checklist, the accompanying application, and required materials by the Department serves to open a Planning file for the proposed project. After the file is established it will be assigned to a planner. At that time, the planner assigned will review the application to determine whether it is complete or whether additional information is required in order for the Department to make a decision on the proposal.

For Department Use Only
Application received by Planning Department:

By: ___________________________ Date: ___________________________
Under Planning Code Section 303(c), the Planning Commission shall approve the application and authorize a conditional use if the facts presented are such to establish the following:

1. **Desirability and Compatibility of project**

Planning Code Section 303(c)(1) requires that facts be established which demonstrate the following:

That the proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community.

The project is necessary and desirable because it will remove a non-complying office use from a residential neighborhood and replace it with a residential use. The project will add a family-sized single family home to the subject property where family-sized housing is strongly encouraged by City Planning and Zoning policies. The new residence is carefully designed to be compatible with existing neighborhood character, and is of a size comparable to other single-family homes in the neighborhood.

2. **Effect of Project on Health, Safety, Convenience or General Welfare**

Planning Code Section 303(c)(2) requires that facts be established that demonstrate the following:

That such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injuries to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:

(a) The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of the structure.

The project will demolish a dilapidated existing structure and replace it with a single-family home that is sensitively designed to minimize impacts on the adjacent residence, and of a size, shape and arrangement similar to other single-family homes in this neighborhood. For these reasons, the project will not be detrimental to the health, safety, convenience or general welfare.

(b) The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading.

The project adds a single-family home to the subject property, which will not impact traffic patterns in the neighborhood. One off-street parking space is provided where none exist.
presently. The property is well-served by public transit. The 24, 33, 35, and J Church MUNI bus lines, and the Castro MUNI station, all are within a few blocks of the Property. As a result, the project will not be detrimental to the neighborhood due to its effect on accessibility and traffic patterns.

(c) The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor.

The project adds a single-family home to the property, which will not produce noxious or offensive emissions such as noise, glare, dust and odor.

(d) Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs.

The property will be thoughtfully landscaped and provide usable open space as required by the Planning Code, and will provide an off-street parking space where none exists presently.

3. Compliance with the General Plan.

Planning Code Section 303(c)(3) requires that facts be established that demonstrate the following:

That such use or feature as proposed will comply with the applicable provisions of this code and will not adversely affect the Master Plan.

The project will affirmatively promote, is consistent with, and will not adversely affect the General Plan, and specifically the Housing Element of the General Plan, as follows:

Housing Element

Policy 11.1: Promote the construction and rehabilitation of well-designed housing that emphasizes beauty, flexibility, and innovative design, and respects existing neighborhood character.

Policy 11.5: Promote the construction of well-designed housing that enhances existing neighborhood character.

The project provides well-designed new housing that enhances existing neighborhood character, consistent with these policies.
ATTACHMENT B

PRIORITY MASTER PLAN POLICIES FINDINGS

Planning Code Section 101.1 establishes the following eight priority planning policies and requires review of permits for consistency with said policies. The project is consistent with each of these policies as follows:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced.

   The project will remove a non-complying office use and provide a new single-family home, and therefore will have no impact existing neighborhood-serving retail uses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

   The project will remove a non-complying office use and provide a new, well-designed single-family home, making the property more compatible with existing neighborhood character.

3. That the City's supply of affordable housing be preserved and enhanced.

   The project will have no effect on affordable housing, as it will remove a non-complying office use and provide a new single-family home.

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking.

   The project will remove a non-complying office use and provide a new single-family home, and therefore will not create any additional commuter traffic. The property is well-served by public transit. The 24, 33, 35, and J Church MUNI bus lines, and the Castro MUNI station, all are within a few blocks of the Property.

5. That a diverse economic base be maintained by protecting our industrial and service
sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The project will remove a non-complying office use and provide a new single-family home, and does not propose a commercial office use.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The project will conform to the requirements of the San Francisco Building Code, and thus will meet this policy.

7. That landmarks and historic buildings be preserved.

The project is not located in a landmark or historic building, or in a Conservation District or Historic District. The project will have no effect on any historic resource.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The project is not located near any public parks or open space and will therefore have no effect on such resources.

7. Other Information

Please describe any additional project features that were not included in the above tables:
(Attach a separate sheet if more space is needed)

The fourth dwelling unit will be a new, single-family residence with three bedrooms and a total floor area of approximately 3,150 square feet.
Priority General Plan Policies – Planning Code Section 101.1
(APPLICABLE TO ALL PROJECTS)

Proposition M was adopted by the voters on November 4, 1986. It requires that the City shall find that proposed alterations and demolitions are consistent with eight priority policies set forth in Section 101.1 of the Planning Code. These eight policies are listed below. Please state how the Project is consistent or inconsistent with each policy. Each statement should refer to specific circumstances or conditions applicable to the property. Each policy must have a response. If a given policy does not apply to your project, explain why it is not applicable.

<table>
<thead>
<tr>
<th>Please respond to each policy; if it's not applicable explain why:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;</td>
</tr>
<tr>

Dwelling Unit **Demolition**  
(SUPPLEMENTAL INFORMATION)

Pursuant to Planning Code Section 317(d), Residential Demolition not otherwise subject to a Conditional Use Authorization shall be either subject to a Mandatory Discretionary Review hearing or will qualify for administrative approval.

Administrative approval only applies to:

1. single-family dwellings in RH-1 and RH-1(D) Districts proposed for Demolition that are not affordable or financially accessible housing (valued by a credible appraisal within the past six months to be greater than 80% of combined land and structure value of single-family homes in San Francisco); OR
2. residential buildings of two units or fewer that are found to be unsound housing.

Please see the Department’s website under Publications for “Loss of Dwelling Units Numerical Values”.

The Planning Commission will consider the following criteria in the review of Residential Demolitions. Please fill out answers to the criteria below:

<table>
<thead>
<tr>
<th>EXISTING VALUE AND SOUNDNESS</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Is the value of the existing land and structure of the single-family dwelling affordable or financially accessible housing (below the 80% average price of single-family homes in San Francisco, as determined by a credible appraisal within six months)?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>If no, submittal of a credible appraisal is required with the application.</td>
<td>☐</td>
<td>☑</td>
</tr>
<tr>
<td>2 Has the housing been found to be unsound at the 50% threshold (applicable to one- and two-family dwellings)?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>3 Is the property free of a history of serious, continuing code violations?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>4 Has the housing been maintained in a decent, safe, and sanitary condition?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>Is the property a historical resource under CEQA?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>If yes, will the removal of the resource have a substantial adverse impact under CEQA?</td>
<td>☑</td>
<td>☐</td>
</tr>
<tr>
<td>RENTAL PROTECTION</td>
<td>YES</td>
<td>NO</td>
</tr>
<tr>
<td>6 Does the Project convert rental housing to other forms of tenure or occupancy?</td>
<td>☑</td>

</tbody>
</table>

Some applications will require additional materials not listed above. The above checklist does not include material needed for Planning review of a building permit. The "Application Packet" for Building Permit Applications lists those materials.

No application will be accepted by the Department unless the appropriate column on this form is completed. Receipt of this checklist, the accompanying application, and required materials by the Department serves to open a Planning file for the proposed project. After the file is established it will be assigned to a planner. At that time, the planner assigned will review the application to determine whether it is complete or whether additional information is required in order for the Department to make a decision on the proposal.

Dwelling Unit Merger
(SUPPLEMENTAL INFORMATION)

Pursuant to Planning Code Section 317(c), the merger of residential dwelling-units not otherwise subject to a Conditional Use Authorization shall be either subject to a Mandatory Discretionary Review hearing or will qualify for administrative approval.

Administrative review criteria only apply to those Residential Units proposed for Merger that are not affordable or financially accessible housing, (valued by a credible appraisal within the past six months to be greater than 80% of combined land and structure value of single-family homes in San Francisco).

The Planning Commission shall not approve an application for Merger if certain eviction criteria apply. Please see the implementation document Zoning Controls on the Removal of Dwelling Units, Planning Code Section 317, and Administrative Code Section 37.9(a) for additional information.

Please answer the following questions to determine how the project does or does not meet the Planning Code requirements:

<table>
<thead>
<tr>
<th>DWELLING UNIT MERGER CRITERIA:</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Does the removal of the unit(s) eliminate only owner-occupied housing?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>1 If yes, for how long was the unit(s) proposed for removal owner-occupied?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>_______________ months or years (circle one)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2 Is the removal of the unit(s) and the merger with another intended for owner occupancy?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3 Will the removal of the unit(s) remove an affordable housing unit as defined in Section 415 of the Planning Code or housing subject to the Rent Stabilization and Arbitration Ordinance?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>If yes, will replacement housing be provided which is equal or greater in size, number of bedrooms, affordability, and suitability to households with children to the units being removed?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>YES</td>
<td>NO</td>
<td></td>
</tr>
<tr>
<td>4 Will the removal of the unit(s) bring the building closer into conformance with the prescribed zoning?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5 Will the number of bedrooms provided in the merged unit be equal to or greater than the number of bedrooms in the separate units?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6 Is the removal of the unit(s) necessary to correct design or functional deficiencies that cannot be corrected through interior alterations?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

SAN FRANCISCO PLANNING DEPARTMENT V.6.11.2014
Dwelling Unit **Conversion**
(SUPPLEMENTAL INFORMATION)

Pursuant to Planning Code Section 317(f), the Conversion of residential dwelling-units not otherwise subject to a Conditional Use Authorization shall be subject to a Mandatory Discretionary Review.

In reviewing proposals for the Conversion of residential dwelling-units to other forms of occupancy, the Planning Commission will review the criteria below.

Please answer the following questions to determine how the project does or does not meet the Planning Code requirements:

<table>
<thead>
<tr>
<th>DWELLING UNIT CONVERSION CRITERIA:</th>
<th>YES</th>
<th>NO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Will the conversion of the unit(s) eliminate only owner occupied housing?</td>

SAN FRANCISCO PLANNING DEPARTMENT V01: 31.224
ATTACHMENT A

PRIORITY MASTER PLAN POLICIES FINDINGS

Planning Code Section 101.1 establishes the following eight priority planning policies and requires review of permits for consistency with said policies. The project is consistent with each of these policies as follows:

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced.

   The project will remove a non-complying office use and provide a new single-family home, and therefore will have no impact existing neighborhood-serving retail uses.

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

   The project will remove a non-complying office use and provide a new, well-designed single-family home, making the property more compatible with existing neighborhood character.

3. That the City’s supply of affordable housing be preserved and enhanced.

   The project will have no effect on affordable housing, as it will remove a non-complying office use and provide a new single-family home.

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking.

   The project will remove a non-complying office use and provide a new single-family home, and therefore will not create any additional commuter traffic. The property is well-served by public transit. The 24, 33, 35, and J Church MUNI bus lines, and the Castro MUNI station, all are within a few blocks of the Property.

5. That a diverse economic base be maintained by protecting our industrial and service
sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The project will remove a non-complying office use and provide a new single-family home, and does not propose a commercial office use.

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The project will conform to the requirements of the San Francisco Building Code, and thus will meet this policy.

7. That landmarks and historic buildings be preserved.

The project is not located in a landmark or historic building, or in a Conservation District or Historic District. The project will have no effect on any historic resource.

8. That our parks and open space and their access to sunlight and vistas be protected from development.

The project is not located near any public parks or open space and will therefore have no effect on such resources.

Please describe what the variance is for and include any additional project features that are not included in this table. Please state which section(s) of the Planning Code from which you are requesting a variance.

(Attach a separate sheet if more space is needed)

**VARIANCE FROM Sec. 132 (c1) (c1) FOR FRONT SETBACK ON CASTRO STREET.**
Variance Findings

Pursuant to Planning Code Section 305(c), before approving a variance application, the Zoning Administrator needs to find that the facts presented are such to establish the findings stated below. In the space below and on separate paper, if necessary, please present facts sufficient to establish each finding.

1. That there are exceptional or extraordinary circumstances applying to the property involved or to the intended use of the property that do not apply generally to other property or uses in the same class of district;

2. That owing to such exceptional or extraordinary circumstances the literal enforcement of specified provisions of this Code would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;

3. That such variance is necessary for the preservation and enjoyment of a substantial property right of the subject property, possessed by other property in the same class of district;

4. That the granting of such variance will not be materially detrimental to the public welfare or materially injurious to the property or improvements in the vicinity; and

5. That the granting of such variance will be in harmony with the general purpose and intent of this Code and will not adversely affect the Master Plan.

Applicable provisions attached.
Priority General Plan Policies Findings

Proposition M was adopted by the voters on November 4, 1986. It requires that the City shall find that proposed projects and demolitions are consistent with eight priority policies set forth in Section 101.1 of the City Planning Code. These eight policies are listed below. Please state how the project is consistent or inconsistent with each policy. Each statement should refer to specific circumstances or conditions applicable to the property. Each policy must have a response: IF A GIVEN POLICY DOES NOT APPLY TO YOUR PROJECT, EXPLAIN WHY IT DOES NOT.

1. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;

2. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;

3. That the City's supply of affordable housing be preserved and enhanced;

4. That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;
5. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;

6. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake;

7. That landmarks and historic buildings be preserved; and

8. That our parks and open space and their access to sunlight and vistas be protected from development.
Estimated Construction Costs

TYPE OF APPLICATION: VARIANCE
OCCUPANCY CLASSIFICATION: P
BUILDING TYPE: I-1
TOTAL GROSS SQUARE FEET OF CONSTRUCTION: 
BY PROPOSED USES: RESIDENTIAL
ESTIMATED CONSTRUCTION COST: $850,000.

NOTES:

☑️ Required Material. Write "NA" if you believe the item is not applicable, (e.g., letter of authorization is not required if application is signed by property owner.)

☒ Typically would not apply. Nevertheless, in a specific case, staff may require the item.

☐ Two sets of original labels and one copy of addresses of adjacent property owners and owners of property across street.

After your case is assigned to a planner, you will be contacted and asked to provide an electronic version of this application including associated photos and drawings.

Some applications will require additional materials not listed above. The above checklist does not include material needed for Planning review of a building permit. The "Application Packet" for Building Permit Applications lists those materials.

No application will be accepted by the Department unless the appropriate column on this form is completed. Receipt of this checklist, the accompanying application, and required materials by the Department serves to open a Planning file for the proposed project. After the file is established it will be assigned to a planner. At that time, the planner assigned will review the application to determine whether it is complete or whether additional information is required in order for the Department to make a decision on the proposal.

Re: 799 Castro and 3876 21st Street
Variance Findings

FRONT SETBACK VARIANCE

Pursuant to Planning Code Section 305(c), before approving a variance application, the Zoning Administrator must find that the facts presented are such to establish the findings stated below.

1-That there are exceptional or extraordinary circumstances applying to the property involved or to the intended use of the property that do not apply generally to other property or uses in the same class of district;

The subject property is exceptional and extraordinary because the property contains two existing structures that occupy most of the lot area; thus, the available building envelope is highly constrained. Moreover, the front structure is occupied with a nonconforming commercial use that is inconsistent with the prevailing residential character of the neighborhood. Finally, the front façade of the existing structure, which will remain in the same location, already is nearly coterminous with the front property line.

2-That owing to such exceptional or extraordinary circumstances the literal enforcement of specified provisions of this Code would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;

The existing structures were not constructed by the project applicant and were constructed prior to the imposition of the current front setback regulations. The project applicant does not intend to demolish the existing building, but instead will add to the existing building.

3-That such variance is necessary for the preservation and enjoyment of a substantial property right of the subject property, possessed by other property in the same class of district;

The variance will allow for the preservation and enjoyment of a substantial property right possessed by other properties in the same district as this is a corner lot and there are at least seven lots located at or near the eight corners of this Assessor’s block that have similar lot coverage. In addition, the variance will allow for the replacement of a nonconforming commercial use with a residential use, as is enjoyed by other properties in this residential district.

4-That the granting of such variance will not be materially detrimental to the public welfare or materially injurious to the property or improvements in the vicinity; and

The variance will not be materially detrimental or materially injurious because it will allow for construction of a residence compatible in size and bulk with the other residences in the neighborhood, and will allow for the replacement of a nonconforming commercial use with a residential use in a racially zoned neighborhood. The project will be beneficial to the public welfare by allowing new housing to be added, which will incrementally improve the City’s current housing crisis.

5-That the granting of such variance will be in harmony with the general purpose and intent of this Code and will not adversely affect the Master Plan.

The proposed project will affirmatively promote, is consistent with, and will not adversely affect the General Plan, as follows:
Housing Element

OBJECTIVE 1: Identify and make available for development adequate sites to meet the City's housing needs, especially permanently affordable housing.

The project satisfies this policy of the General Plan's Housing Element by allowing the replacement of a nonconforming commercial use in the existing structure on the front portion of the property with a residential use. This will help meet the City's housing needs while having as minimal an impact as is possible on the surrounding neighborhood.

OBJECTIVE 11: SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO'S NEIGHBORHOODS.

Policy 11.3: Ensure growth is accommodated without substantially and adversely impacting existing residential neighborhood character.

Policy 11.5: Ensure densities in established residential areas promote compatibility with prevailing neighborhood character.

The proposed project satisfies these policies by accommodating growth and adding density by allowing the replacement of a nonconforming commercial use in the existing structure on the front portion of the property with a residential use, consistent with the existing residential neighborhood character.

OBJECTIVE 13 Prioritize sustainable development in planning for and constructing new housing.

Policy 13.1 Support “smart” regional growth that locates new housing close to jobs and transit.

The proposed project adds new housing close to jobs and transit. The project is within blocks of the J Muni line, the 24, 33 and 48 Muni bus lines, and is only a short distance from the Castro Street Muni station.

REAR YARD VARIANCE

Pursuant to Planning Code Section 305(c), before approving a variance application, the Zoning Administrator must find that the facts presented are such to establish the findings stated below.

1-That there are exceptional or extraordinary circumstances applying to the property involved or to the intended use of the property that do not apply generally to other property or uses in the same class of district;

The subject property is exceptional and extraordinary in that a second structure, which contains two residential units, already exists in the required rear yard. Moreover, the front structure is occupied with a nonconforming commercial use that is inconsistent with the prevailing residential character of the neighborhood. Finally, because of the two existing structures on the lot, and the proposed lot split that will allow the replacement of a nonconforming commercial use with a residential use, the resulting lot sizes and buildable envelope are highly constrained.

2-That owing to such exceptional or extraordinary circumstances the literal enforcement of specified provisions of this Code would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;

The existing structures were not constructed by the project applicant and were constructed prior to the imposition of the current rear yard regulations. The project applicant does not intend to demolish the existing building, but instead will add to the existing building.

3-That such variance is necessary for the preservation and enjoyment of a substantial property right of the subject property, possessed by other property in the same class of district;
The variance will allow for the preservation and enjoyment of a substantial property right possessed by other properties in the same district as this is a corner lot and there are at least seven lots located at or near the eight corners of this Assessor's block that have similar lot coverage. In addition, the variance will allow for the replacement of a commercial use with a residential use, as is enjoyed by other properties in this residential district.

4-That the granting of such variance will not be materially detrimental to the public welfare or materially injurious to the property or improvements in the vicinity; and

The variance will not be materially detrimental or materially injurious because it will allow for construction of a residence compatible in size and bulk with the other residences in the neighborhood, and will allow for the replacement of a nonconforming commercial use with a residential use in a residentially zoned neighborhood. The project will be beneficial to the public welfare by allowing new housing to be added, which will incrementally improve the City’s current housing crisis.

5-That the granting of such variance will be in harmony with the general purpose and intent of this Code and will not adversely affect the Master Plan.

The proposed project will affirmatively promote, is consistent with, and will not adversely affect the General Plan, as follows:

**Housing Element**

**OBJECTIVE 1:** Identify and make available for development adequate sites to meet the City’s housing needs, especially permanently affordable housing.

The project satisfies this policy of the General Plan’s Housing Element by allowing the replacement of a nonconforming commercial use in the existing structure on the front portion of the property with a residential use. This will help meet the City’s housing needs while having as minimal an impact as is possible on the surrounding neighborhood.

**OBJECTIVE 11:** SUPPORT AND RESPECT THE DIVERSE AND DISTINCT CHARACTER OF SAN FRANCISCO’S NEIGHBORHOODS.

**Policy 11.3:** Ensure growth is accommodated without substantially and adversely impacting existing residential neighborhood character.

**Policy 11.5:** Ensure densities in established residential areas promote compatibility with prevailing neighborhood character.

The proposed project satisfies these policies by accommodating growth and adding density by allowing the replacement of a nonconforming commercial use in the existing structure on the front portion of the property with a residential use, consistent with the existing residential neighborhood character.

**OBJECTIVE 13** Prioritize sustainable development in planning for and constructing new housing.

**Policy 13.1** Support “smart” regional growth that locates new housing close to jobs and transit.

The proposed project adds new housing close to jobs and transit. The project is within blocks of the J Muni line, the 24, 33 and 48 Muni bus lines, and is only a short distance from the Castro Street Muni station.
