Recommendation: Recommend Approval

PROJECT DESCRIPTION

The Project proposes to remove an Unauthorized Dwelling Unit (UDU) from the ground floor basement/garage level of an existing two-story single-family residence. The Project also includes reconstruction of an unauthorized deck and the addition of a firewall in the required rear yard.

REQUIRED COMMISSION ACTION

In order for the Project to proceed, the Commission must grant a Conditional Use Authorization for the removal of an unauthorized dwelling unit under Planning Code Sections 303 and 317(g)(6).

ISSUES AND OTHER CONSIDERATIONS

Cost to Legalize. The cost to legalize the UDU has been estimated to be \$242,750. The existing UDU does not meet Building Code standards for minimum floor to ceiling height of 7 feet 6 inches (current ceiling heights range from 6'10" to 7'2") and would require excavation and shoring of the foundation. The addition of emergency rescue openings and fire-resistant material on the exterior and ceilings separating the dwelling units would also be required to make the UDU safe for habitation (DBI NOV #201845662). The cost of construction includes \$227,750 of materials and labor, and \$15,000 for architectural, permitting and inspection fees. The construction costs exceed the average cost of legalization per-unit which is approximately \$66,000, but is not as high as the highest cost to legalize which is approximately \$850,000.

Executive Summary Hearing Date: July 23, 2020

- Appraised Value. The project sponsor submitted two property appraisal reports, conducted and approved by a California licensed property appraiser, that state the value of the property at \$1,475,000 as is, and \$1,475,000 with a legalized unit at the ground floor. According to the property appraiser, the value as a single-family home with an unwarranted in-law is the same as a legalized 2-unit building due to San Francisco Rent Control restrictions and tenant rights which limits value and marketability. Due to the high cost of real estate and property tax rates, the value of a 2-unit buildings does not increase due to their cash flow potential. The Department is awaiting consultation with a third-party appraisal to verify the appraisal reports provided by the Project Sponsor. Information will become available prior to the public hearing.
- Financial Feasibility. The cost to legalize the Unauthorized Unit is estimated to at \$242,750. As noted above, according to the property owner's appraisal reports, the value as a single-family home with an unwarranted in-law is the same as a legalized 2-unit building.
- **Existing Tenant.** The subject unit is currently occupied. The property owner has filed a Declaration of Landlord Regarding Service of Pre-Buyout Negotiations Disclosure Form. The tenant has not agreed to terms at this time.
- **Eviction History.** The subject property has no record for an eviction notice or other records filed under Administrative Code Sections 37.9(a)(9) through 37.9(a)(14) of the Residential Rent Stabilization and Arbitration Ordinance. Therefore, the Planning Commission may allow the merger/removal of the Unauthorized Unit.

Project Timeline:

- 2006. The project sponsor purchased and occupied the property with some finished space on the ground floor of the existing building. The property appraisal noted a rear deck at the time of purchase.
- o **2008.** The project sponsor added a bathroom at the ground floor.
- o 2011-2014. The project sponsor moves out and rents the main level of the house, retaining the ground floor and attic for personal storage.
- o 2014. Rented lower UDU after Board of Supervisor's passed the first legislation allowing in-law units in the Castro NCD.
- **2016.** Complaint filed with Planning for short-term rental.
- **2017.** Planning complaint abated for short-term rental.
- **2018.** Several DBI complaints filed.
- **2018.** Filed permit to legalize unauthorized dwelling unit. 0
- 2015-2017. New tenants in UDU unit.
- 2017-2018. New tenants in UDU unit.
- **2018-Present.** New tenants occupy UDU unit. 0
- **2019.** Filed Conditional Use Authorization to remove UDU and filed a Variance and building permit to legalize deck and stairs.

3

Executive Summary Hearing Date: July 23, 2020

Variance. Since the project includes reconstruction of a deck located in the required rear yard and the
addition of a fire wall, the Zoning Administrator must grant a variance from the requirements for rear
yard (Planning Code Section 134).

BASIS FOR RECOMMENDATION

The Department finds that the Project is, on balance, consistent with the Policies of the General Plan and the Showplace Square/Potrero Area Plan Objectives. The Department also finds the project to be compatible with the surrounding neighborhood, and not to be detrimental to persons or adjacent properties in the vicinity.

ADOPTING FINDINGS RELATING TO THE APPROVAL OF CONDITIONAL USE AUTHORIZATION PURSUANT TO PLANNING CODE SECTIONS 303 AND 317 FOR THE REMOVAL OF AN UNAUTHORIZED DWELLING UNIT AT 2005 17th STREET LOCATED ON ASSESSOR'S BLOCK 3977, LOT 001J IN THE RH-2 ZONING DISTRICT, AND A 45-X HEIGHT AND BULK DISTRCT.

PREAMBLE

On May 23, 2019, Erik Terreri (hereinafter "Project Sponsor") filed an application with the Planning Department (hereinafter "Department") for Conditional Use Authorization under Planning Code Sections 303 and 317 to remove an unauthorized dwelling unit at 2005 17th Street within an RH-2 (Residential, House, Two-Family) District and a 45-X Height and Bulk District.

The Planning Department Commission Secretary is the custodian of records; the File for Record No. 2018-009397CUA is located at 1650 Mission Street, Suite 400, San Francisco, California.

The project is not a project under CEQA Guidelines Sections 15060(c) and 15378 because there is no direct or indirect physical change in the environment.

On April 2, 2020, the San Francisco Planning Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Application No. 2018-009397CUA. At this public hearing and subsequent hearings, the Project was continued to the public hearings on May 21, 2020, July 9, 2020, and July 23, 2020.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby approves the Conditional Use Authorization as requested in Application No. 2018-009397CUA, and is subject to the conditions contained in "EXHIBIT A" of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

- 1. The above recitals are accurate and constitute findings of this Commission.
- Project Description. The project proposes to remove an unauthorized dwelling unit from the ground floor basement/garage level of an existing single-family dwelling. The project includes reconstruction of an unauthorized deck and the addition of a firewall in the required rear yard.
- 3. **Site Description and Present Use.** The project site is located on the south side of 17th Street, Lot 001J in Assessor's Block 3977 in the Potrero Hill neighborhood. The project site contains a two-story residential building constructed circa 1906 with one legal dwelling unit and one unauthorized dwelling unit located on the first floor. The project site is 25 feet wide and 98.5 feet deep with approximately 2,308 square feet.
- 4. **Surrounding Properties and Neighborhood.** The adjacent buildings on the subject block are predominately two to three-story single- and two-family residences with some ground floor commercial. The immediate neighborhood context is mixed with residential, commercial and industrial uses, which are located in either the RH-2, RH-3, MUR, UMU and PDR-1-D Zoning Districts.
- 5. **Public Outreach and Comments.** The Department has received one inquiry from the existing tenants of the unit to be removed. The tenant is not in support of the Project.
- 6. **Planning Code Section 303** establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use approval. On balance, the project complies with said criteria in that:
 - A. The proposed new uses and building, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable, and compatible with, the neighborhood or the community.

The removal of the unauthorized unit is necessary and desirable, and is compatible with the immediate neighborhood. Although the subject block is characterized by predominately single-family residences with a few two-family and commercial properties, the zoning allows for and encourages two-family dwellings. Nearby, adjacent zoning districts allow for much greater density. The existing building is designed to be in keeping with the existing development pattern and the neighborhood character. No

changes to the exterior are proposed except to legalize an existing rear deck that is subject to a variance hearing by the Zoning Administrator.

- B. The proposed project will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity. There are no features of the project that could be detrimental to the health, safety or convenience of those residing or working the area, in that:
 - i. Nature of proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

The Project proposes no changes to the exterior except to legalize an existing rear deck and construct a new fire wall. This new work requires a rear yard variance from the Zoning Administrator. The existing building is consistent with the adjacent residential context.

ii. The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;

There is no effect on the accessibility and traffic patterns in relation to this proposal.

iii. The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

The Project is related to residential uses which is generally not associated with concerns such as noxious or offensive emissions.

iv. Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

No changes to the exterior are proposed except to legalize an existing rear deck that is subject to a variance hearing by the Zoning Administrator.

C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project complies with all relevant requirements and standards of the Planning Code; and is overall on balance consistent with the objectives and policies of the General Plan as detailed below.

D. That the use as proposed would provide development that is in conformity with the purpose of the applicable RH-2 District.

The Project is consistent with the stated purpose of the RH-2 Zoning District where residential use is principally permitted. The project would retain a residential unit.

- 7. **Planning Code Section 317** establishes additional criteria for the Planning Commission when reviewing applications for the Loss of Residential and Unauthorized Units, Through Demolition, Merger and Conversion. On balance, the project complies with said criteria in that:
 - a. **Residential Merger.** Pursuant to Planning Code Section 317(g)(2), the Planning Commission shall consider the following criteria in the review of applications to merge Residential Units or Unauthorized Units:
 - i. Removal of the unit(s) would eliminate only owner occupied housing, and if so, for how long the unit(s) proposed to be removed have been owner occupied;

The unauthorized unit is not owner occupied and is currently occupied by two tenants. The removal of the unauthorized unit would displace the current tenants.

ii. Removal of the unit(s) and the merger with another is intended for owner occupancy;

The owner will not occupy the merged dwelling unit. The space would be additional storage, laundry and bicycle parking for the tenant in the main unit above.

iii. Removal of the unit(s) will remove an affordable housing unit as defined in Section 401 of this Code or housing subject to the Residential Rent Stabilization and Arbitration Ordinance;

The unauthorized unit is not an affordable housing unit as defined in Section 401. However, the existing residence may be subject to the Residential Rent Stabilization and Arbitration Ordinance.

iv. Removal of the unit(s) removes an affordable housing unit as defined in Section 401 of this Code or units subject to the Residential Rent Stabilization and Arbitration Ordinance, whether replacement housing will be provided which is equal or greater in size, number of bedrooms, affordability, and suitability to households with children to the units being removed;

The Project does not include replacement housing.

v. How recently the unit being removed was occupied by a tenant or tenants;

The unauthorized unit is currently occupied by two tenants.

vi. The number of bedrooms provided in the merged unit will be equal to or greater than the number of bedrooms in the separate units;

The same number of 'bedrooms' will remain in the upper story units. As the rooms at the ground floor do not have the required egress to be considered a bedroom, the number of bedrooms of the merged units would be equal to the number of bedrooms if the units are separate. The kitchen and shower/bath facilities are proposed for removal and would return the space to be used for basement with a half bath, laundry and storage only if the authorization is granted to remove the UDU.

vii. Removal of the unit(s) is necessary to correct design or functional deficiencies that cannot be corrected through interior alterations;

The UDU has functional deficiencies that can be corrected through interior alterations. The unit is constructed with ceiling heights that do no meet building code requirements. Excavation and new reinforced foundation, ventilation fire resistance matierials and emergency rescue openings would be required to legalize the unit per the Department of Building Inspection's legalization checklist dated May 5, 2019.

viii. The appraised value of the least expensive Residential Unit proposed for merger only when the merger does not involve an Unauthorized Unit.

Not Applicable. The proposal is for removal of an Unauthorized Unit within the basement of an existing single-family residence.

ix. The Planning Commission shall not approve an application for Residential Merger if any tenant has been evicted pursuant to Administrative Code Sections 37.9(a)(9) through 37.9(a)(14) where the tenant was served with a notice of eviction after December 10, 2013 if the notice was served within 10 years prior to filing the application for merger. Additionally, the Planning Commission shall not approve an application for Residential Merger if any tenant has been evicted pursuant to Administrative Code Section 37.9(a)(8) where the tenant was served with a notice of eviction after December 10, 2013 if the notice was served within five (5) years prior to filing the application for merger. This Subsection (g)(2)(H) shall not apply if the tenant was evicted under Section 37.9(a)(11) or 37.9(a)(14) and the applicant(s) either (A) have certified that the original tenant reoccupied the unit after the temporary eviction or (B) have submitted to the Planning Commission a declaration from the property owner or the tenant certifying that the property owner or the Rent Board notified the tenant of the tenant's right to reoccupy the unit after the temporary eviction and that the tenant chose not to reoccupy it.

The subject property has no record of tenant evictions under the above referenced Sections of the Residential Rent Stabilization and Arbitration Ordinance within the identified timeframes. Therefore, the Planning Commission may allow the merger of the Unauthorized Dwelling Unit.

- b. **Removal of Unauthorized Units.** Pursuant to Planning Code Section 317(g)(6), the Planning Commission shall also consider the following criteria in the review of applications for Removal of Unauthorized Units:
 - i. Cost to Legalize. The costs to legalize the Unauthorized Unit or Units under the Planning, Building, and other applicable Codes is reasonable based on how such cost compares to the average cost of legalization per unit derived from the cost of projects on the Planning Department's Master List of Additional Dwelling Units Approved required by Section 207.3(k) of this Code;

The cost to legalize the subject Unauthorized Unit has been estimated to be \$242,750 whereas the average cost of legalization per unit is approximately \$66,000 (as of January 2020). The cost to legalize the Unauthorized Unit is approximately four times the average. The existing UDU does not meet Building Code standards for ceiling height and would require excavation and shoring of the foundation, addition of emergency rescue openings and fire resistant material at exterior and ceilings separating the dwelling units to make the unit safe for habitation.

ii. Financially Feasibility. Such determination will be based on the costs to legalize the Unauthorized Unit(s) under the Planning, Building, and other applicable Codes in comparison to the added value that legalizing said Units would provide to the subject property. The gain in the value of the subject property shall be based on the current value of the property with the Unauthorized Unit(s) compared to the value of the property if the Unauthorized Unit(s) is/are legalized. The calculation of the gain in value shall be conducted and approved by a California licensed property appraiser. Legalization would be deemed financially feasible if gain in the value of the subject property is equal to or greater than the cost to legalize the Unauthorized Unit.

The project sponsor submitted two property appraisal reports, conducted and approved by a California licensed property appraiser. The value of the property as a single-family dwelling with unwarranted rooms at the ground level is \$1,475,000. The second appraisal as a two-family dwelling with the legalized unit at the ground floor is \$1,475,000. The appraiser stated that the lack of difference in the value as a single family home with an unwarranted in-law is the same as a legalized 2 unit building due to San Francisco Rent Control restrictions and tenant rights which limits value and marketability. Also, due to

the high cost of real estate and property tax rates, 2 unit buildings do not trade for their cash flow potential.

There is no gain in property value and the estimated cost of construction is \$242,750. Under this criteria, the proposed project is deemed not financially feasible for the property owner.

iii. If no City funds are available to assist the property owner with the cost of legalization, whether the cost would constitute a financial hardship.

To date, the Planning Department has not found the existence of any City funding sources or programs to assist the property owner with the cost of legalization.

8. **General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:

HOUSING ELEMENT

OBJECTIVE 2:

RETAIN EXISTING HOUSING UNITS, AND PROMOTE SAFETY AND MAINTENANCE STANDARDS, WITHOUT JEOPARDIZING AFFORDABILITY.

Policy 2.2:

Retain existing housing by controlling the merger of residential units, except where a merger clearly creates new family housing.

Policy 2.4:

Promote improvements and continued maintenance to existing units to ensure long term habitation and safety.

The project does not propose demolition of any residential structures, however, the removal/merger of the Unauthorized Unit is a dwelling unit that is currently occupied.

OBJECTIVE 3:

PROTECT THE AFFORDABILITY OF THE EXISTING HOUSING STOCK, ESPECIALLY RENTAL UNITS.

Policy 3.1:

Preserve rental units, especially rent controlled units, to meet the City's affordable housing needs.

The removal/merger of the Unauthorized Unit is a dwelling unit that is currently occupied. The project will remove an occupied unauthorized unit, which may be subject to Residential Rent Stabilization and Arbitration Ordinance.

COMMUNITY SAFETY ELEMENT

OBJECTIVE 2:

REDUCE STRUCTURAL AND NON-STRUCTURAL HAZARDS TO LIFE SAFETY, MINIMIZE PROPERTY DAMAGE AND RESULTING SOCIAL, CULTURAL AND ECONOMIC DISLOCATIONS RESULTING FROM FUTURE DISASTERS.

POLICY 2.6:

Reduce the earthquake and fire risks posed by older small wood-frame residential buildings through easily accomplished hazard mitigation measures.

The existing unauthorized unit does not meet Building Code standards for ceiling height and would require excavation and shoring of the foundation, as well as addition of emergency rescue openings and fire resistant material at exterior and ceilings separating the dwelling units to make the unit safe for habitation.

SHOWPLACE SQUARE/POTRERO HILL AREA PLAN

HOUSING

Objectives and Policies

OBJECTIVE 2.2:

RETAIN AND IMPROVE EXISTING HOUSING AFFORDABLE TO PEOPLE OF ALL INCOMES.

Policy 2.2.2

Preserve viability of existing rental units.

The project proposes to remove an unauthorized unit that is currently occupied by two tenants. Although, the unit was marketed and is currently occupied as a rental unit, the unauthorized unit requires significant life-safety and structural upgrades.

9. **Planning Code Section 101.1(b)** establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project complies with said policies in that:

A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

The project site does not possess any neighborhood-serving retail uses.

B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The proposal is to remove an unauthorized dwelling unit and retain a single-family dwelling.

C. That the City's supply of affordable housing be preserved and enhanced,

The Property does not currently possess any existing affordable housing as defined in Planning Code Sections 401 and 415.

D. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

There is no effect on traffic or transit services by this Project.

E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project does not include commercial office development and would not effect industrial or service sectors.

F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The existing unauthorized unit does not meet Building Code standards for ceiling height and would require excavation and shoring of the foundation, as well as addition of emergency rescue openings and fire resistant material at exterior and ceilings separating the dwelling units to make the units safe for habitation.

G. That landmarks and historic buildings be preserved.

Currently, the Project Site does not contain any City Landmarks or historic buildings.

H. That our parks and open space and their access to sunlight and vistas be protected from development.

There is no effect on parks or open space by this project

- 10. On balance the Project to remove an unauthorized dwelling unit is consistent with and would overall promote the general and specific purposes of the Planning Code provided under Section 101.1(b) analyzed above, in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.
- 11. The Commission hereby finds that approval of the Conditional Use Authorization would promote the health, safety and welfare of the City.

DECISION

That based upon the Record, the submissions by the Applicant, the staff of the Department and other interested parties, the oral testimony presented to this Commission at the public hearings, and all other written materials submitted by all parties, the Commission hereby **APPROVES Conditional Use Authorization Application No. 2018-009397CUA** subject to the following conditions attached hereto as "EXHIBIT A" in general conformance with plans on file, dated **June 1, 2019**, and stamped "EXHIBIT B", which is incorporated herein by reference as though fully set forth.

APPEAL AND EFFECTIVE DATE OF MOTION: Any aggrieved person may appeal this Conditional Use Authorization to the Board of Supervisors within thirty (30) days after the date of this Motion. The effective date of this Motion shall be the date of this Motion if not appealed (after the 30-day period has expired) OR the date of the decision of the Board of Supervisors if appealed to the Board of Supervisors. For further information, please contact the Board of Supervisors at (415) 554-5184, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102.

Protest of Fee or Exaction: You may protest any fee or exaction subject to Government Code Section 66000 that is imposed as a condition of approval by following the procedures set forth in Government Code Section 66020. The protest must satisfy the requirements of Government Code Section 66020(a) and must be filed within 90 days of the date of the first approval or conditional approval of the development referencing the challenged fee or exaction. For purposes of Government Code Section 66020, the date of imposition of the fee shall be the date of the earliest discretionary approval by the City of the subject development.

If the City has not previously given Notice of an earlier discretionary approval of the project, the Planning Commission's adoption of this Motion, Resolution, Discretionary Review Action or the Zoning Administrator's Variance Decision Letter constitutes the approval or conditional approval of the development and the City hereby gives **NOTICE** that the 90-day protest period under Government Code Section 66020 has begun. If the City has already given Notice that the 90-day approval period has begun for the subject development, then this document does not re-commence the 90-day approval period.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on July 23, 2020.

Jonas P. Ionin Commission Secretary
AYES:
NAYS:
ABSENT:
ADOPTED:

EXHIBIT A

AUTHORIZATION

This authorization for conditional use to remove an unauthorized dwelling unit located at 2005 17th Street, Block 3977, Lot 001J pursuant to Planning Code Sections 303 and 317 within the RH-2 Zoning District, and a 45-X Height and Bulk District; in general conformance with plans, dated June 1, 2019, and stamped "EXHIBIT B" included in the docket for Record No. 2018-009397CUA and subject to conditions of approval reviewed and approved by the Commission on JULY 23, 2020 under Motion No. XXXXXX is APPROVED. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

RECORDATION OF CONDITIONS OF APPROVAL

Prior to the issuance of the building permit or commencement of use for the Project the Zoning Administrator shall approve and order the recordation of a Notice in the Official Records of the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on April 2, 2020 under Motion No XXXXXXX.

PRINTING OF CONDITIONS OF APPROVAL ON PLANS

The conditions of approval under the 'Exhibit A' of this Planning Commission Motion No. XXXXXX shall be reproduced on the Index Sheet of construction plans submitted with the site or building permit application for the Project. The Index Sheet of the construction plans shall reference to the Conditional Use authorization and any subsequent amendments or modifications.

SEVERABILITY

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. "Project Sponsor" shall include any subsequent responsible party.

CHANGES AND MODIFICATIONS

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use authorization.

Conditions of Approval, Compliance, Monitoring, and Reporting

PERFORMANCE

Validity. The authorization and right vested by virtue of this action to deny the removal of and
require the legalization of the unauthorize dwelling unit is valid for three (3) years from the
effective date of the Motion. The Department of Building Inspection shall have issued a Building
Permit or Site Permit to construct the project and/or commence the approved use within this fiveyear period.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

2. **Expiration and Renewal.** Should a Building or Site Permit be sought after the three (3) year period has lapsed, the project sponsor must seek a renewal of this Authorization by filing an application for an amendment to the original Authorization or a new application for Authorization. Should the project sponsor decline to so file, and decline to withdraw the permit application, the Commission shall conduct a public hearing in order to consider the revocation of the Authorization. Should the Commission not revoke the Authorization following the closure of the public hearing, the Commission shall determine the extension of time for the continued validity of the Authorization.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

- 3. **Diligent Pursuit.** Once a site or Building Permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. Failure to do so shall be grounds for the Commission to consider revoking the approval if more than three (3) years have passed since this Authorization was approved. For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org
- 4. **Extension.** All time limits in the preceding three paragraphs may be extended at the discretion of the Zoning Administrator where implementation of the project is delayed by a public agency, an appeal or a legal challenge and only by the length of time for which such public agency, appeal or challenge has caused delay.
 - For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org
- 5. **Conformity with Current Law.** No application for Building Permit, Site Permit, or other entitlement shall be approved unless it complies with all applicable provisions of City Codes in effect at the time of such approval.

14

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

MONITORING - AFTER ENTITLEMENT

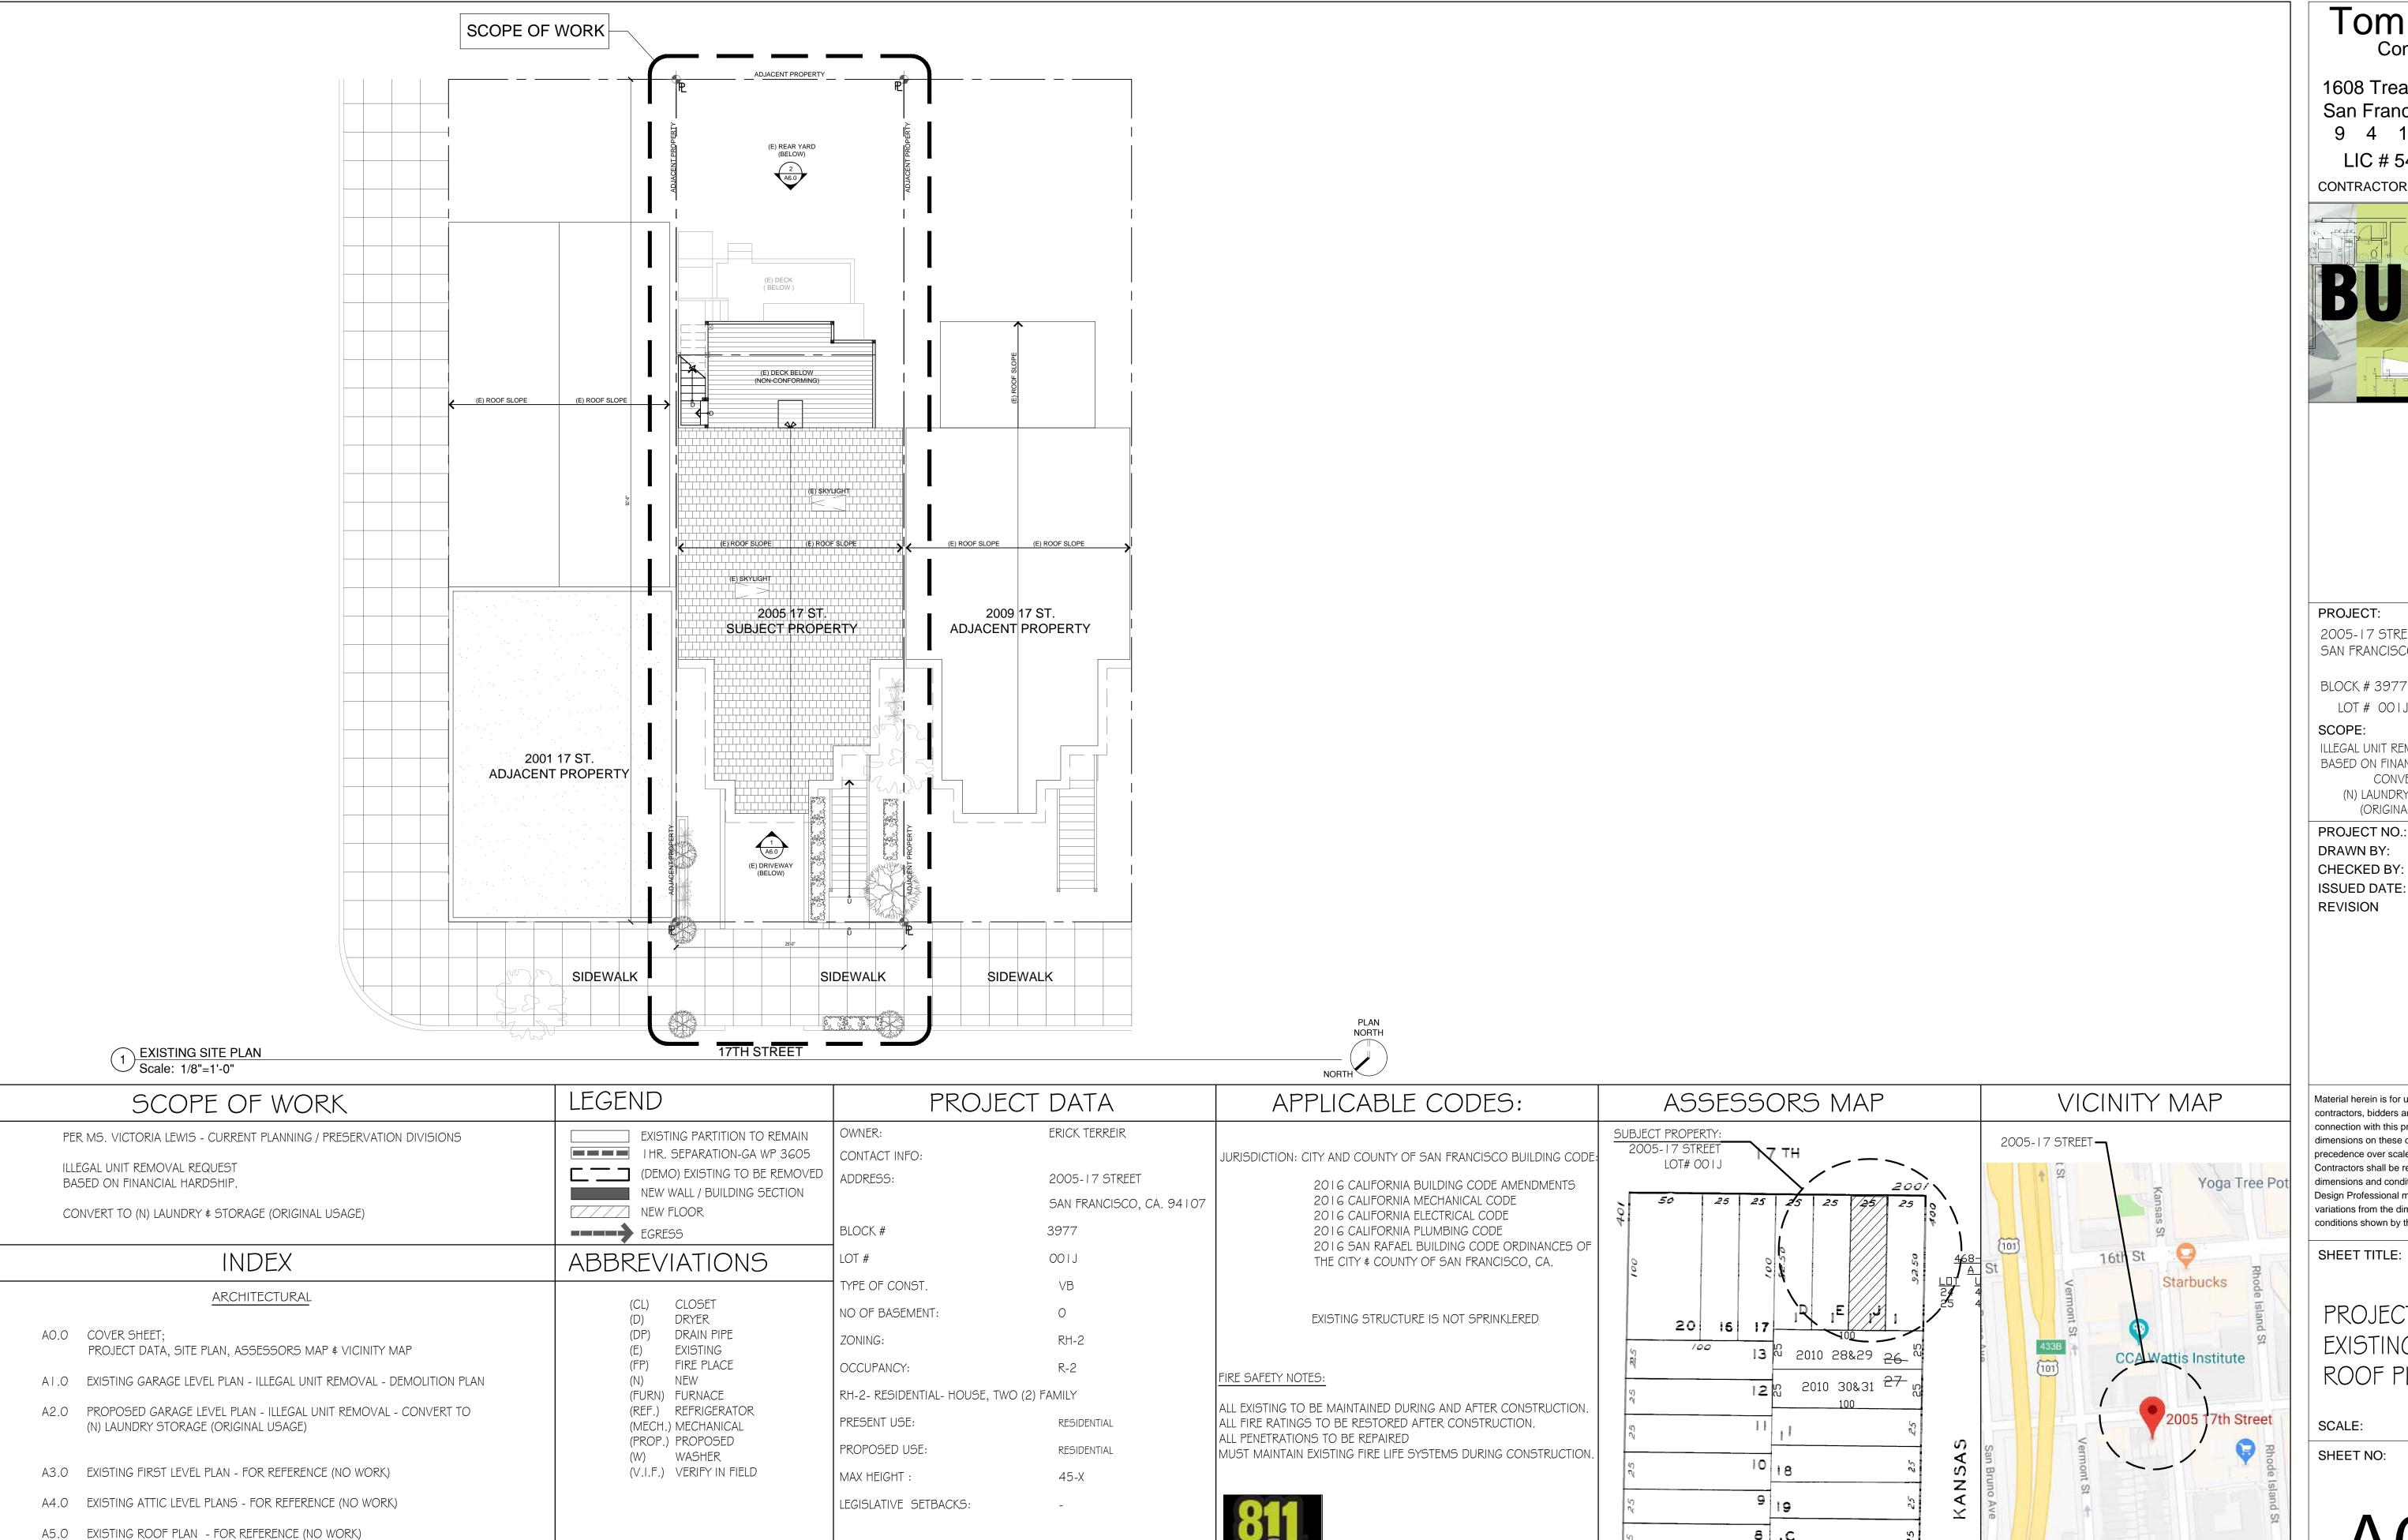

- 6. **Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction. For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org
- 7. **Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

 For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

OPERATION

8. **Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator and all registered neighborhood groups for the area with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator and registered neighborhood groups shall be made aware of such change. The community liaison shall report to the Zoning Administrator what issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

Legalization of Dwelling Units Installed Without a Permit

SCREENING FORM - No fee to file

The Screening Form shall be completed by a California licensed architect, civil or structural engineer or contractor. Submittal of this Screening Form is to summarize the evaluation performed on the building and to identify code issues related to the legalization of existing unauthorized dwelling units under Ordinance No. 43-14.

Submit the completed Screening Form (with the supporting documents) as a hardcopy in person or by U.S. mail to Department of Building Inspection, 1660 Mission Street, San Francisco, CA 94103

ATTACHMENT B Legalization of Dwelling Units Installed Without a Permit Checklist

The intent of this Checklist is to provide a general guideline for the legalization of dwelling units installed without a permit. This checklist may not cover all code issues related to the legalization process.

Referenced Codes:

- San Francisco Building Code (SFBC)
- San Francisco Existing Building Code (SFEBC)
- San Francisco Planning Code
- San Francisco Fire Code (SFFC)
- San Francisco Mechanical Code (SFMC)
- San Francisco Plumbing Code
- San Francisco Electrical Code (SFEC)
- San Francisco Energy Code
- California Historical Building Code (CHBC)

^{*} Code section referenced is SFBC unless noted otherwise.

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
1.	Applicable codes shall be SF Building Code (SFBC), San Francisco Existing Building Code (SFEBC), SF Mechanical Code (SFMC), SF Electrical Code (SFEC), SF Plumbing Code, SF Energy Code (SFEC), and SF Planning Code, SF Fire Code (SFFC) and California Historical Building Code (CHBC).	All ragu	recl	

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
2.	Rent Board Verification. Ordinance No. 43-14 states that the Planning Department must verify that certain no-fault evictions have not occurred within certain time frames. The applicant shall check whether or not they meet those criteria. If such an eviction has occurred within the limited timeframe, the legalization may not be processed, even if the unauthorized unit could otherwise meet the Building Code requirements. The Planning Department will verify that information with the Rent Board during the permit review process.			Yes
3.	A dwelling unit is a room or suite of two or more rooms that is designed for, or is occupied by, one family doing its own cooking therein and having only one kitchen. A housekeeping room as defined in the Housing Code shall be a dwelling unit for purposes of this Code. For the purposes of this Code, a live/work unit shall not be considered a dwelling unit.	Planning Code Sections 102.7 & 102.13		485
4.	Landscaping. Pursuant to Planning Code Section 132, 20 percent of the front setback area shall be remain unpaved and devoted to plant material, including the use of climate appropriate plant materials. Please indicate compliance with this requirement on the plans. A link to the Guide to the San Francisco Green Landscaping Ordinance is below: http://www.sf-planning.org/ftp/files/publications_reports/Guide_to_SF_Green_Landscaping_Ordinance.pdf	Code Section	already	NA
5.	Permeability. Pursuant to Planning Code Section 132, the front setback area shall be at least 50 percent permeable so as to increase stormwater infiltration. The permeable surface	Planning Code Section 132	will be br	ougt 4P

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
	may be inclusive of the area counted towards the landscaping requirement; provided, however, that turf pavers or similar planted hardscapes shall be counted only toward the permeable surface requirement and not the landscape requirement. Please indicate compliance with this requirement on the plans. A link to the Guide to the San Francisco Green Landscaping Ordinance is below: http://www.sf-planning.org/ftp/files/publications reports/Guideto SF Green Landscaping Ordinance.pdf			YPS
6.	Street Tree. When a dwelling unit is proposed, including legalizing an illegal dwelling unit, the property must comply with the street tree requirements. One tree of 24-inch box size is required for each 20 feet of frontage of the property along each street or alley, with any remaining fraction of 10 feet or more of frontage requiring an additional tree. Such trees shall be located either within a setback area on the lot or within the public right-of-way along such lot. This property is required to provide one street tree. Please indicate compliance with this requirement on the plans.	Planning Code Section 138 Existin	Ĵ	HA
7.	Street Tree Referral. Prior to Planning Department approval, you must obtain a referral form Department of Public Works (DPW). DPW determines whether or not required trees can feasibly be planted. Please bring to the following to DPW: (1) a completed Tree Planting and Protection Checklist, (2) project plans [11"x17" is acceptable] and (3) a DPW tree planting application. Submittals can be made to DPW's offices at 1155 Market St or electronically at www.sfdpw.org -> "Services A-Z" -> "Trees".	Existing		WA

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
	After doing their analysis and fieldwork, DPW will provide the applicant with a signed referral form with their determination which should then be provided to Planning staff. Planning staff cannot approve the building permit application without the referral form from DPW. This information may be submitted directly to Kate Conner at the Planning Department, 1650 Mission Street, 4th Floor. The Tree Protection and Planting checklist is linked below: http://sf-planning.org/modules/showdocument.aspx?documentid=8321	Existu		
8.	Bicycle Parking. When a dwelling unit is proposed, including legalizing an illegal dwelling unit, the property must comply with bicycle parking requirements. In order to legalize an illegal unit per Planning Code Section 207.3, bicycle parking spaces must be provided on-site in a secure, weather protected space meeting dimensions set in Zoning Administrator Bulletin No. 9, easily accessible to residents and not otherwise used for automobile parking or other purposes. Each space is required to be 2'-0" by 6'-0. An area devoted to bicycle parking must be shown on the plans. A link to Zoning Administrator Bulletin No. 9 is below: http://www.sf-planning.org/ftp/files/publications reports/ZAB-BicycleParking 9-7-13.pdf	Planning Code Section 155		Yes Will Provide
9.	Provide floor plans for the entire building to demonstrate exiting and other issues. The Floor Plans must show all existing rooms adjacent to the dwelling unit to be legalized. Label the use of each room.			YPS

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
10.	 Provide Site (Plot) Plan: Show the location of existing buildings, other structures on the site, property lines and locations of adjacent streets or alleys. Show dimensions between dwelling unit walls and property lines. Show the direction of true North. 			Yes
11.	Provide evidence from Water Department, telephone, gas or electric records, written lease agreements, etc. Showing dwelling unit to be legalized existed prior to Jan. 1, 2013			485
12.	Minimum ceiling heights. Occupiable spaces, habitable spaces and corridors shall have a ceiling height of not less than 7 feet 6 inches.	1208.2 Have To	lower the	1/0015
13.	Bathrooms, toilet rooms, kitchens, storage rooms and laundry rooms shall be permitted to have a ceiling height of not less than 7 feet.	1208.2 Have to	lowerthe	Ploo19
14.	Ceiling height. The means of egress shall have a ceiling height of not less than 7 feet 6 inches.	1003.2		yes
15.	Foundation slab needs to be lowered if (12) (13) or (14) are not met.	Need to lo	wer slob	•
16.	Minimum room widths. Habitable spaces, other than a kitchen, shall be not less than 7 feet in any plan dimensions. Kitchens shall have a clear passageway of not less than 3 feet between counter fronts and appliances or counter fronts and walls.	1208.1		405
17.	Room area. Every dwelling unit shall have no less than one room that shall have not less than	1208.3 Wil	l Comply	

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
	120 square feet of net floor area. Other habitable rooms shall have a net floor area of not less than 70 square feet.			Vac
	Exception: Kitchens are not required to be of a minimum floor area.			/t >
18.	Efficiency Dwelling Units.	1208.4		
	Unless modified by local ordinance pursuant to Health and Safety Code Section 17958.1, efficiency dwelling units shall comply with the following:	·		
	The unit shall have a living room of not less than 150 square feet of floor area. An additional 100 square feet of floor area shall be provided for each occupant of such unit in excess of two.			WA
	The unit shall be provided with a separate closet.			
	 The unit shall be provided with a kitchen sink, cooking appliance and refrigeration facilities, each having a clear working space of not less than 30 inches (762 mm) in front. Light and ventilation conforming to this code shall be provided. 		-	
	 The unit shall be provided with a separate bathroom containing a water closet, lavatory and bathtub or shower. 			
19.	Private garages and carports Separation. Separations shall comply with the following: (1) The private garage shall be separate from the dwelling unit and its attic area by means of gypsum board, not less than 5/8-inch in thickness, applied to the garage side. Garages beneath habitable rooms shall be separated from all habitable rooms above by not less than a 5/8-inch (15.9 mm) Type X gypsum board or	406.3.4.		Yes

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
	equivalent and ½-inch (12.7 mm) gypsur board applied to structures supporting the separation from habitable rooms above the garage. Door openings between a private garage and the dwelling unit shall be equipped with either solid wood doors or solid or honeycomb core steel doors not less than 1.3/8inches in thickness or doors in compliance with Section 716.5.3 with a fire protection rating of not less than 20 minutes. Openings from a private garage directly into a room used for sleeping purpose shall not be permitted. Doors shall be self-closing and self-latching. (2) Ducts in a private garage and ducts penetrating the walls or ceiling separating the dwelling unit, including its attic area, from the garage shall be constructed of sheet steel of not less than 0.019 inches, in thickness, and shall have no openings into the garage. (3) A separation is not required between a Group R-3 and U carport, provided the carport is entirely open on two or more sides and there are not enclosed areas above.	will Co	mply	405
20.	Fire-resistance rating. Horizontal assemblies separating dwelling units in the same building and horizontal assemblies separating sleeping units in the same building shall be a minimum of 1-hour fire-resistance-rated construction.	711.3		Y95
21.	Noise Insulation Enforcement Procedures. APPLICABILITY. The noise requirements apply only to residential use buildings for which permits were applied after August 22, 1974, i.e. to Form 1 and 2 applications. They do not apply to buildings constructed before 1974 in which	Administrative Bulletin AB-026		NA

	Code Requirements	Code Section	Estimated Cost for Compliance	Remark
	new units are created through alterations, additions or change of use.			
22.	Section 1030 Emergency Escape and Rescue 1030.1 General. In addition to the means of egress required by this chapter, provisions shall be made for emergency escape and rescue openings in Group Reoccupancies.	Information Sheet No. EG-03		
			Window	ر
	sleeping room, but shall not be required in adjoining areas of the basement. Such openings shall open directly into a public way or to a yard or court that opens to a public way.			
	Exceptions:			
	1. In Groups R-1 and R-2 occupancies constructed of Type I, Type IIA, Type IIIA or Type IV construction equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1.	will need	sprmkl.	er System
	 Basements with a ceiling height of less than 80 inches (2032 mm) shall not be required to have emergency escape and rescue openings.

Re: Property: 2005 17th St ("as is" condition)

San Francisco, CA 94103

Borrower: N/A File No.: 25020362

Opinion of Value: \$ 1,475,000 Effective Date: 02/20/2020

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

Sincerely,

Robert V. Singer Certification #: AR016094

Summary of Sales Comparison Approach:

San Francisco

Erik Terreri

Borrower

City

Property Address

Lender/Client

The appraiser has conducted a 12 month search for comparable properties within the subject's immediate neighborhood and in similar and competing neighborhoods. Those comparables utilized in this report are considered the best available at the time of the inspection and most representative of the subject property. Adjustments are based on market data, matched pair analysis, and/or the appraiser's experience in the market area. These adjustments are considered to reflect the typical buyer's reaction based on the principle of substitution.

LOCATION: Comparables #1 and #2 have superior north slope Potrero Hill locations as compared the subject which is located on a busy street in a high density mixed use area. Based on market data, these comparables are adjusted downward \$150,000 for their superior location as compared to the subject property.

VIEWS: Differences in views are based on market data and are made relative to the subject property.

ROOM COUNT: No adjustment is given for differences in bedroom count as this is reflected in the overall square footage adjustment. Per market data, bathrooms are adjusted at \$20,000 each (\$10,000 per 1/2 bathroom).

SQUARE FOOTAGE: According to current market data, differences in living area 100 square feet are adjusted at \$250/soft. (rounded to the nearest \$500).

PARKING: Comparables are adjusted at \$75,000 per garage space difference based on market data and the appraiser's experience in the market area. This adjustment also considers the general lack of street parking as well as expense of adding parking to the lower level.

BONUS ROOMS: Based on market data and matched paired analysis, properties with additional finished bonus rooms are adjusted at \$75,000. Bonus rooms are typical and have good marketability. This adjustment is based on the appraiser's experience in the market area and considers the overall cost to improve.

RECONCILIATION: Greatest weight is given to Comparable #1 due to its most recent date of sale which best reflects current market conditions.

Assumptions, Limiting Conditions & Scope of Work File No.: 25020362

<u> </u>	<u> </u>	, <u> </u>		2 	1 110 11011	20020002	
Property A	Address: 2005	17th St ("as is" condition)		City: San Francisco	State: CA	Zip Code: 94103	
Client:	Erik Terreri	·	Address:				
Appraiser:	Robert V.	Singer	Address:	336 Claremont Blvd Ste 3, San I	Francisco, CA 94	127-1160	

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence
- of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by

the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Under USPAP Standards Rule 2-2(c), this is a Restricted Use Appraisal Report, and is intended only for the sole use of the named client. There are no other intended users. The client must clearly understand that the appraiser's opinions and conclusions may not be understood properly without additional information in the appraiser's work file.

In developing this appraisal, the appraiser has incorporated only the Sales Comparison Approach. The appraiser has excluded the Cost and Income Approaches to Value, due to being inapplicable given the limited scope of the appraisal. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible, and the client agrees that the limited scope of analysis is appropriate given the intended use.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

APPRAISER'S CERTIFICATION

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- · My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite

to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions

whereby:

- 1. Buyer and seller are typically motivated;
- 2. Both parties are well informed or well advised and acting in what they consider their own best interests:
- 3. A reasonable time is allowed for exposure in the open market;
- 4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions

granted by anyone associated with the sale.

This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions

Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System

(FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS),

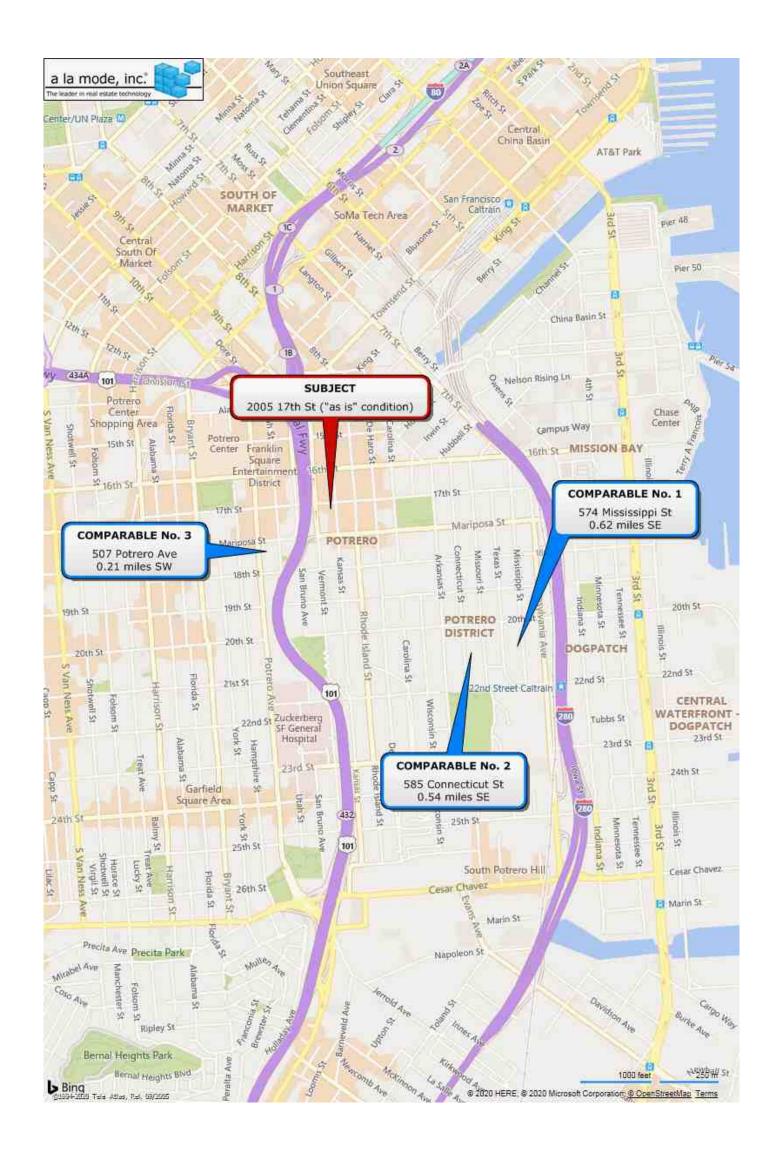

and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS

FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

Re: Property: 2005 17th St (as a 2 Unit Bldg)

San Francisco, CA 94103

Borrower: N/A File No.: 25020372

Opinion of Value: \$ 1,475,000 Effective Date: 02/02/2020

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

Sincerely,

Robert V. Singer Certification #: AR016094

Summary of Sales Comparison Approach:

The appraiser has conducted a 12 month search for comparable properties within the subject's immediate neighborhood and in similar and competing neighborhoods. Those comparables utilized in this report are considered the best available at the time of the inspection and most representative of the subject property. Adjustments are based on market data, matched pair analysis, and/or the appraiser's experience in the market area. These adjustments are considered to reflect the typical buyer's reaction based on the principle of substitution.

VIEWS: Differences in views are based on market data and are made relative to the subject property.

CONDITION: Differences in overall condition are made relative to the subject property. The resulting adjustment reflects the high cost of updating and remodeling older properties.

ROOM COUNT: No adjustment is given for differences in bedroom count as this is reflected in the overall square footage adjustment.

SQUARE FOOTAGE: According to current market data, differences in living area 100 square feet are adjusted at \$250/soft. (rounded to the nearest \$500).

PARKING: Comparables are adjusted at \$75,000 per garage space difference based on market data and the appraiser's experience in the market area. This adjustment also considers the general lack of street parking as well as expense of adding parking to the lower level.

RECONCILIATION: Greatest weight is given to Comparables #1 and #3 due to its most recent date of sale which best reflects current market conditions.

Assumptions, Limiting Conditions & Scope of Work File No.: 25020372

<u> </u>	<u> </u>	Ellinding Conditions	a ocope of Hork	FIIE NO	23020372	
Property A	ddress: 2005 1	7th St (as a 2 Unit Bldg)	City: San Francisco	State: CA	Zip Code: 94103

Appraiser:	Robert V. S	inger Addres	S: 336 Claremont Blvd Ste 3, San	Francisco, CA 94	127-1160	

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence
- of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by

the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Under USPAP Standards Rule 2-2(c), this is a Restricted Use Appraisal Report, and is intended only for the sole use of the named client. There are no other intended users. The client must clearly understand that the appraiser's opinions and conclusions may not be understood properly without additional information in the appraiser's work file.

In developing this appraisal, the appraiser has incorporated only the Sales Comparison Approach. The appraiser has excluded the Cost and Income Approaches to Value, due to being inapplicable given the limited scope of the appraisal. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible, and the client agrees that the limited scope of analysis is appropriate given the intended use.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

APPRAISER'S CERTIFICATION

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- · My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite

to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions

whereby:

- 1. Buyer and seller are typically motivated;
- 2. Both parties are well informed or well advised and acting in what they consider their own best interests:
- 3. A reasonable time is allowed for exposure in the open market;
- 4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions

granted by anyone associated with the sale.

This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions

Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System

(FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS),

and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS

FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

The Law Offices of Herbert L. Terreri,

COUNTY OF SAN FRANCISCO

PLANNING COMMISSION

Complaint Nos. 2018-006507ENF and

DECLARATION OF ERIK M. TERRERI

201845662

1. I, Erik M. Terreri, am the applicant herein and am trustee of the trust which holds title, and am the beneficial owner of that certain residential real property located at 2005 17th Street, San Francisco, California (hereinafter referred to as "2005 17th St."). The information contained in this declaration is true of my own personal knowledge, except for that which is stated upon information and belief, and as to that information, I believe it to be true. If called to testify to the following facts, I could and would competently so testify.

- 2. I, Erik M. Terreri (hereinafter referred to as "Owner"), request approval to remove the unwarranted "in-law" dwelling unit from housing stock.
 - a. As is further set forth below, I have demonstrated financial infeasibility and am entitled to approval of the Conditional Use Authorization (hereinafter "CUA") pursuant to *Planning Code* section 317((g)(6)(B)

- b. As is further set forth below, I have also demonstrated significant financial hardship and am entitled to approval of the CUA pursuant to *Planning Code* section 317((g)(6)(C).
- 3. On or about March 2, 2018, a neighbor at 2009 17th Street filed a complaint with San Francisco Department of Building Inspection ("DBI") Code Enforcement, DBI Electrical Department, and SF Fire Department ("SFFD").
 - a. On or about March 5, 2018, the first Notice of Complaint Investigation by
 DBI Electrical was posted on the door of 2005 17th St. Complaint #
 201845662. A true and correct copy of this notice is attached as Exhibit 1.
 - b. On or about March 14, 2018, Fire Inspector Greg Cacharelis (415-558-3382;
 628-228-9483) posted a notice that a fire safety inspection was required. A
 true and correct copy of this notice is attached as Exhibit 2.
 - c. On or about March 21, 2018, I met Fire Inspector Cacharelis for a fire safety inspection and was told that the in-law unit was deemed to be safe and the SFFD complaint was closed. SFFD Fire Permits Website shows the complaint inspection is completed. A true and correct copy of a printout of the webpage is attached as Exhibit 3.
 - d. On or about April 18, 2018, I met DBI Inspector Keane at the downstairs unit for an inspection. Exhibit 4 contains a true and correct copy of summary of the Complaint Data Sheet.
 - e. On or about April 19, 2018, the first Notice of Violation ("NOV") by DBI

 Inspector Keane was issued. A true and correct copy of this notice is attached as Exhibit 5.

- f. On or about January 15, 2019, a Notice of Enforcement ("NOE") was issued by the Planning Department identifying David Brosky as the staff contact at the Planning Department. A true and correct copy of the NOE is attached as Exhibit 6.
- g. On or about April 25, 2019, a NOV was issued by the Planning Department citing the unauthorized dwelling unit ("UADU") and the requirement to "legalize rear deck and install firewall at property line...". A true and correct copy of this NOV is attached as Exhibit 7.
- h. In April and May 2018, I met with and discussed the NOV and my intent to pursue legalization of the downstairs unit with the tenants. I sent the tenants an agreement summarizing the known issues and informed the tenants that the unit might have to be removed, depending on the process with the City and the costs to legalize the unit. The proposed agreement is attached as Exhibit 8.
- In May 2018, Matt David, one of the tenants in the downstairs unit, confirmed our discussion about the status of the downstairs unit in a text message and told me that he and his girlfriend "hope everything goes well with the city and they don't make us vacate. We would like to continue living in the unit. We are very happy with it." This text is attached as Exhibit 9. Both Matt David and Kayla Hughes, the current occupants in the downstairs tenancy were made aware of the fact that if my attempt at legalization were unsuccessful due to the unknown requirements and associated costs of legalization that they would have to relocate to another apartment. The tenants have known about this since the first notice was posted on the door and I began the process of

legalization over 2 years ago. Exhibit 8 and Exhibit 9 confirm their understanding in the Spring of 2018.

- j. On or about May 8, 2019, Inspector Keane, Contractor Tom Corbett, Chief Inspector of Code Enforcement Mauricio Hernandez, and I met at the downstairs unit to document and update the NOV per the instructions of Planner Dori Ganetsos. A true and correct copy of the updated NOV is attached as Exhibit 10.
- 4. 2005 17th St. is presently rented as two separate tenancies which I will refer to as the upstairs tenancy, and the downstairs tenancy.
 - a. The upstairs tenancy provides monthly revenue of \$5,262.10. See Exhibit 11 for a true and correct copy of first page of the Lease Agreement for the upstairs tenancy. Effective December 31, 2019 the rent was increased to the current amount.
 - b. The downstairs tenancy provides monthly revenue of \$2,450.00. See Exhibit 12 for a true and correct copy of the first page of the lease for the downstairs tenancy, which remains at the same rental amount as when the unit was first leased to the current occupants on March 1, 2018.
- 5. There are no issues in this proceeding relating to the legalization of the ADU for the upstairs tenancy aside from the rear deck application that Planning Department consolidated with the CUA. Following is the history of the upstairs tenancies:
 - a. I owner occupied 2005 17th Street from February 14, 2006 through July 31, 2010.

- b. On August 1, 2010 through June 30, 2013, the upstairs tenancy began when I rented to two tenants. The attic space, downstairs unit, and the garage were used by me and were excluded from the upstairs tenancy lease. I never raised the rent during this tenant's occupancy.
- c. On July 1, 2013 through November 30, 2017, I rented the 2-bedroom main upstairs unit to a single tenant. Again, the attic space, downstairs unit, and garage were used by me and excluded from the lease. I never raised the rent during this tenant's occupancy.
- d. On or about December 10, 2017, I rented the 2-bedroom upstairs unit, including the attic storage, and garage to four tenants for \$5,050 per month.
- e. On or about December 31, 2019, I increased the rent for the upstairs tenancy to \$5,262.10. Exhibit 11 contains a true and correct copy of the tenants' lease agreement.
- 6. In April 2014, the San Francisco Board of Supervisors passed "in-law" legalization.
 - a. The downstairs unit was in existence prior to January 1, 2013.
 - b. Prior to this date, the downstairs unit was not rented to any long-term tenants and I primarily used the unit for personal usage.
- 7. I first began renting the downstairs unit in September 2014. Following is the history of the downstairs tenancies:
 - a. From February 14, 2006 through September 15, 2014, I used the downstairs unit for personal use.
 - b. In September 2014, I offered the downstairs unit for the first time to a long-term tenant and subsequently rented it to two tenants for \$2,350 per month.

- c. In October 2015, I rented the downstairs unit to another pair of tenants for \$2,400 per month.
- d. In February 2017, I rented the downstairs unit to a single tenant for \$2,450 per month.
- e. In February 2018, I rented the downstairs unit to two tenants for \$2,450. A true and correct copy of their initial lease agreement is included as Exhibit 12.
- Prior to submitting my CUA application with the Planning Commission to remove the downstairs tenancy from housing stock, my contractor and I applied for legalization, building permit application number 20180625877.
 - a. In August 2016, the San Francisco Board of Supervisors restricted a property owner's ability to remove an UADU from Housing Stock and requires a CUA and a Hearing with The San Francisco Planning Commission. This was not a requirement at the time that I initially offered the downstairs unit for rent based under the 2014 legalization of in-law unit legislation.
 - b. Prior to August 2016, I could have pulled an over the counter permit to remove the unit from housing stock if the costs were found to be prohibitive to pursue legalization.
 - c. After the neighbor filed the complaint in March 2018, the first notice was placed on the door of the building on March 5, 2018, and the NOV was issued by Inspector Keane in April 2018, I located a contractor willing to perform work in order to pursue legalization of the downstairs unit UADU.
 - d. In or about May or June of 2018, TomCan Construction (Tom Corbett) submitted an application, my owner's statement, and plans to legalize the

- downstairs unit to the Planning Department building permit application number 20180625877.
- e. I heard nothing more from the Planning Department until January of the following year and received no notices during that time about the status of my application to legalize the downstairs unit.
- f. In January 2019, I received a NOE letter from the Planning Department regarding the original NOV. This was the first we heard from the planner after my contractor submitted our legalization application in May/June 2018. (See, Ex. 6).
- g. In January/February 2019, I contacted Dori Ganetsos and David Brosky at the San Francisco Planning Department regarding the Notice of Enforcement letter to inquire why there was a NOE when I had a pending application with the Planning Department to legalize the downstairs unit.
- h. Dori Ganetsos from the Planning Department claimed to have sent notification to me and my contractor in September 2018 regarding the status of the legalization application. Ms. Ganetsos refused to explain what was included in the notification and would not provide me with a copy. I never received any such notice and am informed and believe that my contractor never received any notice.
- I am informed and believe that in February and March 2019 my contractor attempted to communicate and get clarification as to what issues needed to be addressed in the initial legalization application but was unable to get any direction from Ms. Ganetsos.

- j. Dori Ganetsos and David Brosky informed me via telephone and email that there were a number of building code violations and Planning Code requirements that would have to be addressed and corrected in order to pursue legalization of the UADU. Exhibit 13 contains portions of our email communication from February to April 2019.
- k. During or about April of 2019 I requested an in-person meeting with Dori
 Ganetsos and my contractor at the Planning Department due to the refusal by
 Ms. Ganetsos to address my questions on the phone.
- 9. On or about April 30, 2019, TomCan Construction and I met with Dori at the San Francisco Planning Department to review plans and clarify any of the outstanding issues and requirements to legalize the UADU.
 - a. At this meeting Dori informed me that the capital improvement items would need to be completed in order to legalize the UADU, that no variances could be granted by The Planning Commission for building code requirements.
 - b. Dori also informed us that my only alternative option was to attempt to submit a CUA application to remove the unit from housing stock based on financial hardship.
 - c. Dori told me that she is unaware of any CUA application to remove an UADU from housing stock ever having been granted since the Board of Supervisors passed the legislation in 2016.
 - d. Dori also informed me that she has never processed a CUA application or scheduled a hearing with the Planning Commission for the removal of an UADU since the 2016 legislation was passed. Dori also told me that the

Planning Department was having a difficult time creating clear guidelines on how to process legalization applications and on how to proceed with scheduling or even how the Planning Department would accept an application for a CUA to remove an UADU from housing stock.

- e. Dori told me and my contractor that in order to document the costs associated with the legalization application, we would need to meet with DBI at the property for a site inspection and an updated verification of code requirements. This process was meant to verify the cost estimates associated with the required capital-intensive code requirements to substantiate a claim of financial hardship under the Planning Code and pursue a CUA hearing.
- f. On or about April 30, 2019, my contractor and I walked next door to DBI and asked to speak with a supervisor at DBI. We spoke with Mauricio Hernandez and he agreed to facilitate a site inspection with us. Exhibit 14 contains a true and correct copy of the email communication confirming the site visit appointment for May 6, 2019. On or about April 30, 2019, during my initial meeting at DBI with Mauricio Hernandez, I asked about this requirement that the Planning Department said DBI needed to schedule a site visit to verify the specific codes that would need to be addressed. Mr. Hernandez informed us that this was the first that he had ever heard of this requirement and said that "Planning Department doesn't appear to know what they're doing and is constantly changing things."
- 10. On or about May 6, 2019, TomCan Construction, me, the initial DBI Inspector Dominic Kean, and DBI Code Enforcement Supervisor Mauricio Hernandez of DBI

met at the UADU to inspect and identify specific building code violations as requested by Dori at San Francisco Planning Department. Inspector Kean issued an updated NOV. (SeeExhibit 10). From about May 7·2019 to May 10, 2019, On numerous occasions, I went in person to the Planning Department Intake/Plan Review Desk and asked the Planning Department representatives at the desk about the CUA application and the application for removal of the unit and I was told by more than one person that Planning Department hasn't figured out how they're handing these applications. It was only after multiple attempts at the intake desk that someone understood my frustration and provided me with the email for the supervisor of the South East division, Richard Sucre, at which point I emailed him and continued my attempt at submitting the required materials.

- 11. From May 10, 2019 to May 16, 2019, I appeared in person several times and attempted to submit my application for CUA and associated application documents and to pay the fees. Each time I appeared in person, Planning refused to accept my application and only after repeated emails to the supervisor and the intake desk was an appointment scheduled to accept my application. Attached hereto as Exhibit 15 are true and correct copies of portions of these email communications.
- 12. On or about May 16, 2019, I submitted CUA application to remove the unit from housing stock with a new set of plans, as required by San Francisco Planning Department. This was made necessary, *inter alia*, because of the failure of the Planning Department to provide me with variances for the high cost capital improvements required by the Planning Department for legalization. Those costs created for the me both a) financial infeasibility and b) financial hardship. A true and

correct copy of the email communication confirming intake and acceptance of the application is attached as Exhibit 16.

- 13. On or about May 16, 2019, I submitted an application for priority processing with my other CUA application materials. The Planning Department failed, and continues to have failed to respond to my priority processing application and failed to provide me with a hearing date for almost a year after my application was submitted. See Exhibit 17 for a true and correct copy of the Priority Processing Form that was submitted with my CUA application on May 16, 2019.
 - i. Exhibit 17 contains a true and correct copy of the Priority Processing
 Form
 - ii. Exhibit 18 contains a true and correct copy of the Project Application
 - iii. Exhibit 19 contains a true and correct copy of the Dwelling UnitRemoval Application
 - iv. Exhibit 20 contains a true and correct copy of the CUA application.
- 14. In late May 2019, Richard Sucre, a Supervisor in the S.E. Division of the Planning Department informed me that he would not assign a planner to review the CUA application until the completed plans and application for legalizing the existing rear deck had been submitted. There was no reason provided to me and I did not consent to have my CUA application held up.
- 15. On or about June 24, 2019, I submitted plans and an application for legalizing the existing rear deck and constructing a firewall on the property line. I received sign off from Planning and Building, and Electrical plan checks, and paid my fees. These

- documents and the specific applications are contained in the section below addressing the legalization of the rear deck.
- 16. On or about August 4, 2019, I was informed by Richard Sucre that I would be required to submit a variance application for the legalization of the rear deck, as well as complete neighborhood notification. This email correspondence is attached as Exhibit 21.
- 17. On September 20, 2019 I received confirmation that the intake of my variance application was completed. Exhibit 22 contains the email string confirming this.
- 18. On or about October 8, 2019, I received an email from the senior planner SE division, Richard Sucre, informing me that he had assigned, Kimberly Durandet as the planner on both the CUA and the Variance application. See Exhibit 22 for a true and correct copy of this email string.
- 19. On November 22, 2019, I sent Kimberly Durandet and Richard Sucre an email asking for a status update. Kimberly replied on the same date that she has "begun reviewing this project, I will get back to you soon". See Exhibit 22 for a true and correct copy of this email string.
- 20. On or about January 20, 2020, I emailed a letter to Kimberly Durandet and Richard Sucre asking when the hearing would be scheduled and requested in writing that a variance for the capital-intensive items that present both a) financial hardship and b) financial infeasibility to legalization of the UADU. In the absence of a variance being available, I requested that the hearing be scheduled and the CUA be granted to remove the UADU from housing stock. A true and correct copy of the email is part of

- the email string in Exhibit 22. A true and correct copy of the letter is included in Exhibit 23.
- 21. On or about January 31, 2020, Kimberly Durandet sent a letter addressing additional requirements prior to a hearing being scheduled, including updated plans and 2 appraisal reports. A true and correct copy of the letter is attached hereto as Exhibit 24. Exhibit 25 contains our email communication regarding appraisal reports and scheduling the hearing for April 2, 2020.
- 22. Between February and March 2020, I worked with Kimberly in order to comply with the additional requirements identified in her letter and Ms. Durandet provided me with a copy of a sample appraisal that was recently submitted in a similar case before the Planning Commission at a property located at 1041 Alabama Street. These appraisals showed a similar conclusion to the appraisal reports that I submitted on March 3, 2020, that there was no substantial change in value between the appraisal with the unit legalized and the appraisal without the unit legalized. See Exhibit 26 for a true and correct copy of these sample appraisal reports.
- 23. On or about February 14, 2020, I met Ms. Durandet at the lower unit for a site visit.

 We also looked at the rear yard, rear deck and the location for the firewall. At our meeting, Ms. Durandet informed me that the Planning Department would not be making any recommendation to the Planning Commission about whether or not to grant the CUA application. She informed me that there is a lot of political opposition to removing housing units but told me that I have a strong case.
- 24. I cannot find any information on any program by the City for funding legalization of ADUs and Planning has been unable to provide any for me. On or about February 20,

- 2020, I walked into the San Francisco Mayor's Office Reception and inquired if funds were available to assist landlords in legalizing UADU's. I was informed by a representative in the Mayor's office that "there were no funds available to assist landlords."
- 25. I am entitled to approval of the CUA and have submitted appraisal reports in support of the *Planning Code* section 317((g)(6)(B) relating to financial infeasibility of the legalization due to the significant capital improvement costs and the failure of market conditions to allow me to recoup that investment.
- 26. On or about February 20, 2020, I submitted two appraisals by independent California licensed property appraisers, pursuant to *San Francisco Planning Code* section 317(g)(6)(B). The two appraisals reflect that the cost of the work required to legalize the units is unable to be recovered by any difference in the unit's value after such work has been performed. These 2 appraisal reports are attached as Exhibit 27.
- 27. I am entitled to removal of the downstairs unit pursuant to Planning Code Section 317(g)(6)(C) based on financial hardship.
 - I am married, and own 2005 17th St. as my sole and separate property and I took ownership on or about February 14, 2006.
 - b. On or about March 10, 2015, I transferred 2005 17th St. into a Trust known as the Terreri Driggs Family Trust dated March 10, 2015, (hereinafter referred to as "The Trust"). See Exhibit 28 for a true and correct copy of the Deed reflecting transfer into The Trust. This Deed also shows that I held title as a single man prior to transfer into The Trust.

- c. The trust provides that the property remains my sole and separate property.

 See Exhibit 29 for a true and correct copy of the Certification of Trust and

 Exhibit 30 for an excerpt of The Trust, containing the provisions relating to
 the separate property character of 2005 17th Street.
- d. I am presently on Social Security disability and have a monthly benefit of \$2,313.00. I intermittently provide some consulting services, which annual sums are not included above. I received W-2 income in 2018 of approximately \$6,000.00 and in 2019 of approximately \$4,000.00. My total annual pre-tax income from disability and earned income is approximately \$32,756.
- e. Based on cost estimates prepared by my contractor, Tom Corbett, the updated NOV from May 2019, and discussions with Kimberly Durandet at the Planning Department about what would be required to legalize the unit, the cost of legalizing the unit is estimated to be between \$478,500 and \$666,500. A true and correct copy of a cost estimate spreadsheet that I created with input from my contractor summarizing the specific building and planning codes is attached as Exhibit 34.
- f. In addition to the actual construction costs, my contractor estimates that the work will take from 18 months to 24 months to complete. Due to the foundation work and the resulting instability of the building while the concrete foundation is excavated and re-poured at a lower height, both units will need to be vacated. The lost rent for this period of time is from \$138,818 to \$185,090.

- g. In addition to actual construction costs and loss of rents, pursuant to Rent Board Ordinance 37.9C, 37.9(a)(10), 37.9(a)(11), and 37.9(a)(12) owners are required to pay relocation payments to each tenant in each unit. A true and correct copy of the Relocation Payments for Evictions based on Owner/Relative Move-in OR Demolition/Permanent Removal of Unit from Housing Use OR Temporary Capital Improvement Work OR Substantial Rehabilitation* is attached as Exhibit 35. For the tenants in the downstairs unit, the required payment is \$14,450. For the tenants in the upstairs unit, the required payment is \$21,674. The total Relocation Payments are \$36,124.
- h. The total amount of capital improvement / construction costs, lost rent and relocation payments imposes a significant and undue cost to me, which is estimated to range from \$653,442 to \$887,714.
- i. Even if I were able to secure a loan on the property, I would not be able to recoup the investment if I sold the property in the near future.
- j. As explained below, I have insufficient income and insufficient equity to qualify for a loan on the property to pay for legalization of the downstairs unit.
- k. My monthly debt service on 2005 17th St. is broken down as follows: \$4,665.54.
 - i. Liens and encumbrances of \$1,314,850.00, which is comprised of a \$724,798.23 first mortgage and a \$600,000 second lien, the monthly payment of \$3,476.60 is for the first mortgage only.

- ii. Property Taxes, annually of \$13,009, expressed monthly \$1,188.94,included in the mortgage statement impound account.
- 1. My monthly property insurance, utilities, repairs, and maintenance expenses are as follows: \$1,230.67.
 - i. Property Insurance paid directly by me outside of the mortgage impound account, annually \$2,648.00, expressed monthly \$220.67.
 - ii. Repair and Maintenance Expenses, annually of \$7,000, expressed monthly \$625. (Note: \$5,185 represents actual year to date expenses incurred due to plumbing clogs and sewage line back-ups paid by me).
 - iii. Water and Garbage Collection Service, annually of \$4,612.00, expressed monthly as \$385.00.
- m. My net monthly operating profit on the building with rental income from both the upstairs and downstairs units is approximately \$1,815., excluding any sum for the 2nd deed of trust of \$600,000.
- n. My net monthly operating loss on the building with rental income from ONLY the upstairs unit is -\$634.00.
- o. Without having tenants in the building paying rent, I cannot afford to pay my property taxes, mortgage, property insurance and would risk foreclosure.
- 28. On or about March 16, 2020 the shelter in place order and other emergency health orders were issued by the San Francisco County Health Director and by the State of California due to the COVID-19 pandemic.
- 29. On or about March 16, 2020 I received an email from Kimberly Durandet that the hearing on April 2, 2020 has been postponed due to the shelter in place order and that

she would be in touch with a new hearing date. A true and correct copy of this email is attached as Exhibit 36.

- 30. On or about March 26, 2020 I received another email from Kimberly Durandet informing me that the hearing was postponed to May 21, 2020. A true and correct copy of this email is attached as Exhibit 36.
- 31. On or about May 12, 2020 Kimberly Durandet and I spoke via Microsoft Teams video conference. On this call, Ms. Durandet informed me about how the hearing would take place due to the stay at home orders that remained in place. She also informed me that due to increased political pressure, The Planning Department was going to make a recommendation to deny my application for a CUA. We discussed the specifics of my case, included my limited income, lack of equity in the property, and inability to obtain a loan on the property. I asked why my financial hardship was less valid than the circumstances of the tenants. In fact, both tenants are working full time and still receiving their paychecks. Whereas I am not. A true and correct copy of the meeting notification is attached as Exhibit 37.
- 32. On or about May 18, 2020, I received another request from Ms. Durandet to join her on a Microsoft Teams video call. On this call Ms. Durandet informed me that the tenants had requested a postponement of the Planning Commission hearing. I told her that I would not accept a postponement, that my financial circumstances required a decision to be made, and that my due process rights had already been denied by the Planning Department. Ms. Durandet informed me that she could request a shorter postponement if that would be amenable to me. She mentioned either June 4, 2020 or

- June 11, 2020 as possibilities. A true and correct copy of the meeting notification is attached as Exhibit 38.
- 33. On or about May 18, 2020 I agreed to a postponement of the hearing as long as it was scheduled no later than June 11, 2020. She informed me that it could be scheduled for June 11, 2020 and that June 4, 2020 was unavailable.
- 34. On or about May 22, 2020 my representative, Law Offices of Herbert L. Terreri, attended the telephonic conference hearing with the Planning Commission. At that hearing, the Commission continued the hearing until July 9, 2020 with opposition from my representative.
- 35. The property has been cited for "Deck at upper level built without permit."
 - a. I am entitled to approval of the permit application to "legalize" the existing rear deck and to construct a firewall as described in the plans submitted to the planning department.
 - b. Plan Check approved the plans and building applications for submission at both the Building Department and Planning Department desk. See Exhibit 31 for a true and correct copy of the application submitted on or about June 24, 2019.
 - c. I was asked to submit a variance application, provide neighborhood notification, and to hold a pre-application meeting with neighbors and has complied. See Exhibit 32 for submitted variance application and Exhibit 33 for a true and correct copy of the list of neighbors and others to whom notice was provided

- I held an in-person pre-application meeting as described in the neighborhood notification at the Whole Foods Café on the corner of Rhode Island and 17th Street and none of the neighbors showed up.
- d. None of the neighbors responded to the notice and none of the neighbors have registered any opposition to the existing rear deck.
- 36. I acquired 2005 17th St. on February 14, 2006 and an appraisal report dated November 29, 2006 reflects the existence of the rear decks. The rear deck was in existence prior to the building behind 2005 17th Street being constructed, prior to the restaurant located at 2001 17th Street taking occupancy, and prior to the current owners of 2009 17th Street purchasing their property.
- 37. On or about June 24, 2019, I submitted a separate project application and plans for the rear deck and firewall at the counter with sign-off from San Francisco Planning, Electrical Inspection, and DBI. See Exhibit 31.
- 38. On or about August 4, 2019, I was informed that the rear deck firewall would require a pre-application meeting, neighborhood notification, and a variance hearing with the San Francisco Planning Commission. I complied with the new requirements. A true and correct copy of this email is attached as Exhibit 21.
- 39. In August 2019, I sent out neighborhood notification for the rear deck and firewall application to my neighbors and other groups as required by the Planning Department.
- 40. In September 2019, I held the meeting at a public venue, Whole Foods Café located at the corner of Rhode Island and 17th Street, SF, CA 94107. None of my neighbors or registered groups attended the meeting.

- 41. On or about September 16, 2019, I submitted the completed application for the rear deck and firewall with proof of neighborhood notification, pre-application meeting, and paid additional fees. A portion of that submission is attached hereto as Exhibit 32. I am unable to locate the remainder of that file; however, Planning has acknowledged that the application and required documentation is complete.
- 42. In late September 2019, I inquired when the CUA hearing would be scheduled and was told that the new planner was assigned and that both the CUA and the rear deck firewall would be scheduled for the same hearing date.
- 43. These two separate issues were combined by Planning without my consent or approval. The issues relating to the deck are separate, but Planning refused to move forward with my CUA application until the deck application was complete, thereby denying me a prompt hearing on my CUA application.
- 44. On or about May 22, 2020, the San Francisco Planning Commission disregarded the agreed to and promised date of June 11, 2020, and postponed the hearing to July 9, 2020, against the opposition of my legal representative on the telephonic meeting of May 22, 2020.
- 45. On or about June 5, 2020, I contacted Mauricio Hernandez at DBI Code Enforcement and requested information about possible variance(s) being available through the San Francisco Building Commission. I was told DBI Code Enforcement was uncertain if the Building Commission had authority to grant a variance for building code violations and that he would verify on Monday, June 8, 2020. Mr. Hernandez also sent me copies of the new intake form, and the Cover loan program. I followed up

- via email and have not heard back from Mauricio. Attached hereto as Exhibit 39 is a true and correct copy of my email communication.
- 46. On or about June 19, 2020, I reviewed information on the Cover loan program and determined that there is insufficient equity in the property to assume such a significant amount of additional debt without the ability to recoup that investment when I decide to sell the property in the future. Exhibit 40 contains a true and correct copy of the Cover loan program information sheet. Based on the liens on the property (total liens and encumbrances of \$1,314,850.) I am not eligible for the Cover loan program because the loan will only be granted up to 105% of the appraised value of the property. The loan required to complete the legalization of the in-law unit would put the total liens and encumbrances on the property to over \$2 million. Not only am I not qualified, but I am unable to afford to take on a loan of this size and I would not be able to pay the mortgage on the property while construction is being completed without receiving rent.
- 47. On or about February 5, 2020, I sent an email with a market evaluation prepared by my real estate agent in San Francisco, Joe Marko, to Ms. Durandet. I was unaware at the time that the appraisal needed to be by a licensed real estate appraiser and not by a real estate agent or broker. Attached as Exhibit 41 is a true and correct copy of Mr. Marko's market evaluation and the comparable sales that he used in preparing his market evaluation.
- 48. On or about February 2020, I did not understand that the appraisal needed to be by a licensed real estate appraiser. My real estate agent Joe Marko prepared the evaluation as if the building were a single-family home without an UADU and as a two-unit

multi-family building. His professional opinion of was that there is higher demand for single family homes (he estimated that value at \$1.8 million) than for 2-unit buildings due to tenancy and rents. Mr. Marko estimated the value as a 2-unit building at \$1.375 million. (See Exhibit 41).

- 49. On or about March 2020, after submitting the appraisals from the licensed real estate appraiser, Mr. Robert Singer, Ms. Durandet asked for me to clarify why the value came in at the same level for the building as-is and for the building with the unit legalized as a 2-unit building. I called the appraiser and asked him why this was the case, and he responded that "The value as a single family home with an unwarranted in-law is the same as a legalized 2 unit building is due to San Francisco Rent Control restrictions and tenant rights which limits value and marketability. Due to the high cost of real estate and property tax rates, 2-unit buildings do not trade for their cash flow potential. This conclusion is supported by the 2 appraisal provided." This is the same language that he used in his email communication with Ms. Durandet.
- 50. Ms. Durandet never communicated to me that there remained an issue with the appraisal reports that I submitted, which were prepared by a California licensed real estate appraiser whom I have no control over. In fact, these appraisal reports came to the conclusion that there was no difference in value, which is the same conclusion drawn in the sample appraisal reports that Ms. Durandet forwarded me. (See Ex. 26 and Ex. 27). If there remained an issue, Ms. Durandet had sufficient time between March and June 2020 to have an appraiser prepare a second opinion. It appears to me to be another delaying tactic that is consistent with what Ms. Durandet and Ms. Ganetsos told me was the policy of the Planning Department to avoid having the

Planning Commission make a decision on these CUA applications where there is a tenant in the unit.

51. On or about July 1, 2020, I searched the DBI permit and complaint Website for the original application to legalize the UADU, permit No. 20180625877. It returned the following response: "Sorry, no Permits(Application)/Complaints were found matching your criteria." I am not sure why the initial application to legalize the downstairs unit no longer shows up on the Website because I specifically told Ms. Durandet not to withdraw my initial application until after the hearing with the Planning Commission was completed. (See Ex. 24) See Exhibit 42 for a true and correct copy of my email communication with Kimberly Durandet regarding leaving the application in place until after the hearing with the Planning Commission.

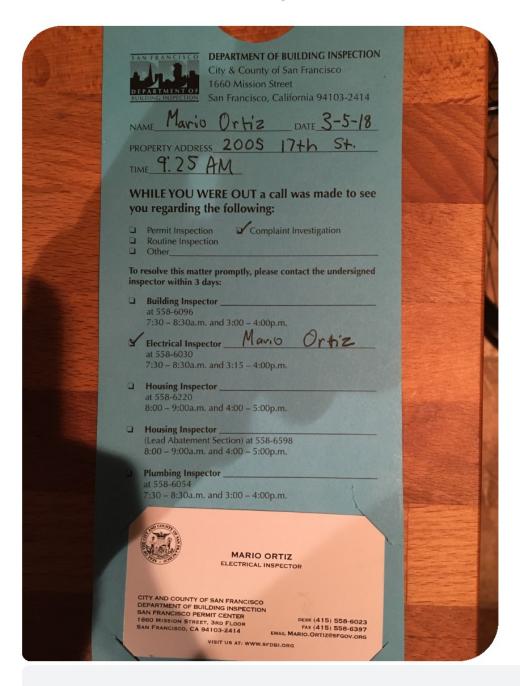

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed at Healdsburg, California on July 2, 2020.

Erik M. Terreri

Monday, Mar 5 • 17:51

Hey Erik, I found this on our door on when I got home from work today.

This was on the door when I came home today

Not sure if related to the first or if this is another thing

David Brosky, (415) 575-8727 / david.brosky@sfgov.org

The Planning Department has received a complaint that a Planning Code violation exists at 2005 17th Street (the "subject property") that needs to be resolved. As the owner of the subject property, you are the responsible party. The purpose of this Notice is to inform you about the Planning Code Enforcement process so you can take appropriate action to bring your property into compliance with the Planning Code. Details of the violation are discussed below:

DESCRIPTION OF VIOLATION

It has been alleged that the subject property contains an unauthorized dwelling unit. Pursuant to Planning Code Section 317, an unauthorized unit is defined as "one or more rooms within a building that have been used, without the benefit of a building permit, as a separate and distinct living or sleeping space independent from residential units on the same property."

Pursuant to Planning Code Section 171 structures and land in any zoning district shall be used only for the purposes listed in this Code as permitted in that district, and in accordance with the regulations established for that district. Further, pursuant to Planning Code Section 174, every condition, stipulation, special restriction, and other limitation under the Planning Code shall be complied with in the development and use of land and structures. Failure to comply with any of Planning Code provisions constitutes a violation of Planning Code and is subject to enforcement process under Code Section 176.

Planner: DORI GANETSOS 415.575. 9172

HOW TO CORRECT THE VIOLATION

The Planning Department requires that you immediately proceed to abate the violation by either obtaining Conditional Use Authorization (CUA) to remove the unauthorized unit OR legalizing the unit through the Unit Legalization Program or the Accessory Dwelling Unit Program.

If you choose to remove the unauthorized unit, you must file a Conditional Use Authorization Application. The CUA Application is available from the Planning Department's website at http://www.sf-planning.org. If the Conditional Use Authorization is granted, you will also need to obtain a Building Permit.

If you choose to legalize the unit, you can apply for the Unit Legalization Program. Per Department of Building Inspection (DBI):

- Homeowners must first hire a professional representative (engineer, architect or contractor)
 who will be responsible for providing the owner with a professional assessment of what
 legalization may entail.
- Homeowners must provide documentation that the dwelling unit to be legalized existed prior to January 1, 2013.
- Homeowners may visit the ADU Planning Desk at Counter 38 on the 5th Floor of 1660 Mission Street to submit the screening form to be accepted into the Program. Following the screening process the owner may then formally apply for a building permit for legalization with the Planning Department and DBI. Two sets of plans are required to apply.

Owners may receive an estimation of the costs to legalize their units by undergoing an initial screening process. This screening is an informal consultation with DBI staff, non-binding and free of charge. The screening form is available on DBI's Unit Legalization website and more information about the required steps at http://sfdbi.org/UnitLegalization.

A second method to legalize the unauthorized dwelling unit is through the Accessory Dwelling Unit Program. Pursuant to Planning Code Section 207(c)(4), on a lot with four or less existing units, one new accessory dwelling unit may be permitted. Please submit a Building Permit application and floor plans for change of use.

The responsible party will need to provide adequate evidence to demonstrate that either no violation exists or that the violation has been abated. Please provide evidence including copies of approved permits, plans or other supporting documents. A site visit may also be required to verify compliance.

You may also need to obtain a building permit for any alterations done at the property. Please contact the Department of Building Inspection (DBI), 1660 Mission Street, San Francisco, CA 94103, telephone: (415) 558-6088, website: www.sfgov.org/dbi, regarding the Building Permit Application process. Please visit the Planning Information Counter located at the first floor of 1660 Mission Street or website: www.sf-planning.org for any questions regarding the planning process.

Complaint No.: 2018-006507ENF

TIMELINE TO RESPOND

The responsible party has <u>fifteen (15)</u> days from the date of this notice to contact the staff planner noted at the top of this notice and submit evidence to demonstrate that the corrective actions have been taken to bring the subject property into compliance with the Planning Code. A site visit may also be required to verify the authorized use at the above property. The corrective actions shall be taken as early as possible. Any unreasonable delays in abatement of the violation may result in further enforcement action by the Planning Department.

PENALTIES AND APPEAL RIGHTS

Failure to respond to this notice by abating the violation or demonstrating compliance with the Planning Code within fifteen (15) days from the date of this notice will result in issuance of a Notice of Violation by the Zoning Administrator. Administrative penalties of up to \$250 per day will also be assessed to the responsible party for each day the violation continues thereafter. The Notice of Violation provides appeal processes noted below.

- Request for Zoning Administrator Hearing. The Zoning Administrator's decision is appealable to the Board of Appeals.
- 2) Appeal of the Notice of Violation to the Board of Appeals. The Board of Appeals may not reduce the amount of penalty below \$100 per day for each day the violation exists, excluding the period of time the matter has been pending either before the Zoning Administrator or before the Board of Appeals.

ENFORCEMENT TIME AND MATERIALS FEE

Pursuant to Planning Code Section 350(g)(1), the Planning Department shall charge for 'Time and Materials' to recover the cost of correcting Planning Code violations and violations of Planning Commission and Planning Department's Conditions of Approval. Accordingly, the responsible party may be subject to an amount of \$1,395.00 plus any additional accrued time and materials cost for Code Enforcement investigation and abatement of violation. This fee is separate from the administrative penalties as noted above and is not appealable.

OTHER APPLICATIONS UNDER CONSIDERATION

The Planning Department requires that any pending violations be resolved prior to the approval and issuance of any new applications that you may wish to pursue in the future. Therefore, any applications not related to abatement of the violation on the subject property will be placed on hold until the violation is corrected. We want to assist you in ensuring that the subject property is in full compliance with the Planning Code. You may contact the enforcement planner as noted above for any questions.

TIMELINE TO RESPOND

The responsible party has lifteen (15) days from the date of this notice to centact the risif planner noted at the top of this hotter and submit evidence to demonstrate that the corrective actions have been taken to bring the satisfect property into compliance with the Planning Code. A site visit may also be required to verify the authorized use at the above property. The corrective actions sixel be taken as early as possible. Any unreasonable delays in abstement of the violation may result in forther enforcement action by the Planning Department.

PENALTIES AND APPEAL RIGHTS

Follow to respond to this notice by sharing the violation or demonstrating compliance with the Practing Code within fillness (15) days from the date of this nation will result in instance of a blockey of Violation by the Couring Administration Administrative possibles of up to \$120 me day will also be received to the responsible pinty for each day the violation continues themselves. The biotice of Violation provides appear provides appear provide the second below.

- Request for Zuning Administrator Hearing. The Zoring Administrator's decision is appealable to the floord of Appeala.
- Appeal of the Notice of Violeties to the Board of Appeals. The Board of Appeals may not reduce the amount of penalty below \$100 per day for such day the violation arists, excluding the period of the the the the third of the matter has been product either before the footes of Appeals.

EMPORCEMENT TIME AND MATERIALS FEE

Forecast to Flamming Code Section 330(g)(1), the Flamming Department shall change for Three and Materials' to recover the cost of conecting Flamming Code violations and violations of Flamming Contractions and Flamming Department's Conditions of Approval. Accordingly, the responsible purposary be subject to an amount of \$1,345.60 plus my additional accreait time and materials rest for Code Foliations in the adjustion and abstences of violation. This for in aquante from the administrative permitting as noted above and is not appealable.

DOMAGE APPLICATIONS SINDER CONSIDERATION

For Planning Department requires that any peopling violations he resolved prior to the approval and issuance of any new applications that you may wish to pursue in the outure. Therefore, any applications not adapted to absorption of the violation on the subject property will be placed on hold until the violation is corrected. We mant to assist you in conquiry that the subject property is in full conceptance with the Planning Code. You may contact the enforcement placements as noted above for any constitues.

APPEAL PROCESSES

If the responsible party believes that this order to remove violation of the Planning Code is an abuse of discretion by the Zoning Administrator, the following appeal processes are available <u>within fifteen</u> (15) days from the date of this notice:

- The responsible party may request a Zoning Administrator Hearing under Planning Code Section 176 to show cause why this Notice of Violation is issued in error and should be rescinded by submitting the Request for Zoning Administrator Hearing Form and supporting evidence to the Planning Department. The Zoning Administrator shall render a decision on the Notice of Violation within 30 days of such hearing. The responsible party may appeal the Zoning Administrator's decision to the Board of Appeals within 15 days from the date of the decision.
- 2) The responsible or any interested party may waive the right to a Zoning Administrator Hearing and proceed directly to appeal the Notice of Violation to the Board of Appeals located at 1650 Mission Street, Room 304, San Francisco, CA 94103, telephone: (415) 575-6880, website: www.sfgov.org/bdappeal. The Board of Appeals may not reduce the amount of penalty below \$100 per day for each day the violation continues unabated, excluding the period of time the matter has been pending either before the Zoning Administrator or before the Board of Appeals.

ADMINISTRATIVE PENALTIES

If any responsible party does not request any appeal process and does not take corrective action to abate the violation within the 15-day time limit as noted above, this Notice of Violation will become final. Beginning on the following day, administrative penalties of up to \$250 per day to the responsible party will start to accrue for each day the violation continues unabated. The penalty amount shall be paid within 30 days from the issuance date of a Notice of Penalty. After 30 days, the Planning Department may forward the matter to the Bureau of Delinquent Revenue for collection as authorized by Article V, Section 10.39 of the San Francisco Administrative Code. Please be advised that payment of penalty does not excuse failure to correct the violation or bar further enforcement action. Additional penalties will continue to accrue until a corrective action is taken to abate the violation.

ENFORCEMENT TIME AND MATERIALS FEE

Pursuant to Planning Code Section 350(g)(1), the Planning Department shall charge for 'Time and Materials' to recover the cost of correcting the Planning Code violations. Accordingly, the responsible party is currently subject to a fee of \$1,395.00 for 'Time and Materials' costs associated with the Code Enforcement investigation. Please submit a check payable to 'San Francisco Planning Department' for Code Enforcement within 15 days from the date of this notice. Additional fees will continue to accrue until the violation is abated. This fee is separate from the administrative penalties described above and is not appealable.

OTHER APPLICATIONS UNDER CONSIDERATION

The Planning Department requires that any pending violations be resolved prior to the approval and issuance of any new applications that you may wish to pursue in the future. Therefore, any applications not related to abatement of the violation on the subject property will be placed on hold until the violation is corrected. We want to assist you in ensuring that the subject property is in full compliance with the Planning Code.

Please contact the enforcement planner noted above if you have any questions or wish to review the enforcement file related to the above matter. The enforcement file is available for public inspection at the Planning Department during normal office hours (Monday to Friday, 8:00 a.m. to 5:00 p.m., 1650 Mission Street, Room 400) and in the hearing room on the date the matter is scheduled to be heard upon receipt of a request for a hearing.

Sincerely,

24.29gqA V

Tina Tam Acting Zoning Administrator

The Planning Department has determined that 2005 17th Street (the subject property) is in violation of the Planning Code. As the owner of the subject property, you are responsible for bringing the subject property into compliance with the Planning Code. Details of the violation are discussed below:

DESCRIPTION OF VIOLATION

The violation pertains to the unauthorized dwelling unit¹ and unpermitted rear deck at the subject property. Building Permit Application No. 201806252877, was filed to "legalize illegal unit at garage level per Ordinance 43-14 and legalize rear deck and install firewall at property line for egress."

Pursuant to Planning Code Section 171, structures and land in any zoning district shall be used only for the purposes listed in the Planning Code as permitted in that district, and in accordance with the regulations established for that district. Further, pursuant to Planning Code Section 174, every condition, stipulation, special restriction, and other limitation under the Planning Code shall be complied with in the development and use of land and structures. Failure to comply with any Planning Code provision constitutes a violation of the Planning Code and is subject to an enforcement process under Code Section 176.

¹ Planning Code Section 317, defines an unauthorized dwelling unit as "one or more rooms within a building that have been used, without the benefit of a building permit, as a separate and distinct living or sleeping space independent from residential units on the same property."

TIMELINE OF INVESTIGATION

On January 15, 2019, the Planning Department sent you a Notice of Enforcement informing you about the violation and the abatement process. In that notice, you were advised to take corrective actions and provide evidence of compliance to the Planning Department within fifteen (15) days.

You have not diligently pursued completion of the permit. Moreover, you have failed to respond to the Planning Department's Notice of Incomplete Application (NIA) within 90 days. The NIA was issued on August 20, 2018.

To date, you have not contacted the Planning Department to demonstrate how you intend to bring the subject property into compliance with the Planning Code.

HOW TO CORRECT THE VIOLATION

The Planning Department requires that you immediately proceed to abate the violation by completing Building Permit Application No. 20180625877, or filing a Conditional Use Application to remove the unauthorized dwelling unit and obtaining a new Building Permit Application to remove the unpermitted rear yard deck.

The Conditional Use Authorization Application is available from the Planning Department's website at http://www.sf-planning.org. If the Conditional Use Authorization is granted, you will also need to obtain a Building Permit.

The responsible party will need to provide adequate evidence to demonstrate that either no violation exists or that the violation has been abated. Please provide evidence including approved plans A site visit may also be required to verify compliance.

Please contact the Department of Building Inspection (DBI), 1660 Mission Street, San Francisco, CA 94103, telephone: (415) 558-6088, website: www.sfgov.org/dbi, regarding the Building Permit Application process. Please visit the Planning Information Counter located at the first floor of 1660 Mission Street or website: www.sf-planning.org for any questions regarding the planning process.

TIMELINE TO RESPOND

The responsible party has fifteen (15) days from the date of this notice to either;

- 1) Correct the violation as noted above; or
- 2) Appeal this Notice of Violation as noted below.

The corrective actions shall be taken as early as possible. Please contact the enforcement staff as noted above to submit evidence of correction. Any unreasonable delays in abatement of the violation in the timeline set forth above will result in both the accrual of administrative penalties and further enforcement action by the Planning Department.

APPEAL PROCESSES

If the responsible party believes that this order to remove violation of the Planning Code is an abuse of discretion by the Zoning Administrator, the following appeal processes are available <u>within fifteen</u> (15) days from the date of this notice:

- 1) The responsible party may request a Zoning Administrator Hearing under Planning Code Section 176 to show cause why this Notice of Violation is issued in error and should be rescinded by submitting the Request for Zoning Administrator Hearing Form and supporting evidence to the Planning Department. The Zoning Administrator shall render a decision on the Notice of Violation within 30 days of such hearing. The responsible party may appeal the Zoning Administrator's decision to the Board of Appeals within 15 days from the date of the decision.
- 2) The responsible or any interested party may waive the right to a Zoning Administrator Hearing and proceed directly to appeal the Notice of Violation to the Board of Appeals located at 1650 Mission Street, Room 304, San Francisco, CA 94103, telephone: (415) 575-6880, website: www.sfgov.org/bdappeal. The Board of Appeals may not reduce the amount of penalty below \$100 per day for each day the violation continues unabated, excluding the period of time the matter has been pending either before the Zoning Administrator or before the Board of Appeals.

ADMINISTRATIVE PENALTIES

If any responsible party does not request any appeal process and does not take corrective action to abate the violation within the 15-day time limit as noted above, this Notice of Violation will become final. Beginning on the following day, administrative penalties of up to \$250 per day to the responsible party will start to accrue for each day the violation continues unabated. The penalty amount shall be paid within 30 days from the issuance date of a Notice of Penalty. After 30 days, the Planning Department may forward the matter to the Bureau of Delinquent Revenue for collection as authorized by Article V, Section 10.39 of the San Francisco Administrative Code. Please be advised that payment of penalty does not excuse failure to correct the violation or bar further enforcement action. Additional penalties will continue to accrue until a corrective action is taken to abate the violation.

ENFORCEMENT TIME AND MATERIALS FEE

Pursuant to Planning Code Section 350(g)(1), the Planning Department shall charge for 'Time and Materials' to recover the cost of correcting the Planning Code violations. Accordingly, the responsible party is currently subject to a fee of \$1,395.00 for 'Time and Materials' costs associated with the Code Enforcement investigation. Please submit a check payable to 'San Francisco Planning Department' for Code Enforcement within 15 days from the date of this notice. Additional fees will continue to accrue until the violation is abated. This fee is separate from the administrative penalties described above and is not appealable.

OTHER APPLICATIONS UNDER CONSIDERATION

The Planning Department requires that any pending violations be resolved prior to the approval and issuance of any new applications that you may wish to pursue in the future. Therefore, any applications not related to abatement of the violation on the subject property will be placed on hold until the violation is corrected. We want to assist you in ensuring that the subject property is in full compliance with the Planning Code.

Please contact the enforcement planner noted above if you have any questions or wish to review the enforcement file related to the above matter. The enforcement file is available for public inspection at the Planning Department during normal office hours (Monday to Friday, 8:00 a.m. to 5:00 p.m., 1650 Mission Street, Room 400) and in the hearing room on the date the matter is scheduled to be heard upon receipt of a request for a hearing.

Sincerely,

Tina Tam

Acting Zoning Administrator

Enc.: Notice of Enforcement, dated January 15, 2019

cc: Dori Ganetsos, Planning Department

670 Pennsylvania Ave. Mobile (415) 519-0706 San Francisco, CA 94107 Fax (415) 695-9875

Initial Lease Period:

March 1, 2018 through February 28, 2019

May 14, 2018

Terreri Properties / Erik Terreri 670 Pennsylvania Ave San Francisco, CA 94107

Matt David and Kayla Hughes 2005 17th Street / (In-Law / Lower Unit) San Francisco, CA 94103

IN-LAW UNIT (UNWARRANTED STATUS) ACKNOWLEDGMENT

This acknowlegment is to the lease for the in-law unit rental property located at 2005 17th Street, San Francisco, CA 94103 between Erik Terreri, Landlord -- AND -- Matt David and Kayla Hughes, Tenants.

We, the undersigned tenants acknowledge that the following conditions were disclosed to us prior to leasing the aforementioned apartment:

- 1. This in-law unit is an unregistered unit with the City and County of San Francisco which means that the apartment is an "illegal" dwelling unit.
- 2. The landlord will be seeking to "legalize" the unit at some point during our tenancy.
- 3. There is no heat source in the unit (One ceramic space heater to be provided upon request).
- 4. There is only one address for the entire building and USPS mail must not include any identifier of a separate address.

After taking occupancy of the unit, it has come to our attention that a complaint about the in-law unit has been filed with the City – and that a Notice of Violation has been issued by the department of building inspection. Mr. Terreri has started the process of 'legalizing' the unit and has offered us the option of terminating our lease early, with no penalty.

We are happy and comfortable living in the in-law unit, wish to stay in the unit under the original lease terms, and will work with the landlord in order to facilitate/accommodate the "legalization" process.

Erik M. Terreri - Landlord

Tenant – Matt David

Tenant – Kayla Hughes

M

Swap out the bulbs for now. The plans have been completed and the contractor should be submitting them soon. Then permits can be pulled. It will probably be another month or two depending on the City's backlog.

Ok

Friday, Jun 29 • 14:50

Matt, I dropped off some replacement bulbs for you. 18 of them.

Thank you!

I just wanted to memorialize our discussion yesterday when I was at the house. As you are aware, the legalization paperwork has been submitted to the City. It will take 30 to 90 days to hear back regarding what the City might require to legalize your in law unit. Just to confirm, as we discussed, you were aware of the fact that the unit wasn't a legal separate unit per City building department prior to you and Kayla moving in.

I will be at the house on Monday afternoon with the door contractor, but this work shouldn't affect you.

Ok, sounds good. I hope everything goes well with the city and they don't make us vacate. We would like to continue living in the unit. We are very happy with it.

Pursuant to SFBC 107.5 and 106.4.7 investigation fees are charged for work begun or performed without permits or for work exceeding the scope of permits. Such fees may be appealed to the Board of Permit Appeals within 15 days of permit issuance, at 875 Stevenson St., 4th floor. 554 6720

WARNING: Failure to take immediate action as required to correct the above violations will result in abatement proceedings by the Department of Building Inspection. If an Order of Abatement is recorded against this property, the owner will be billed or the property will be liened for all costs incurred in the code enforcement process from the posting of the first "Notice of Violation" until all costs are paid. SFBC 102.2 & 110.

WARNING: Section 204 of the San Francisco Housing Code provides for immediate fines of \$100 for each instance of initial non-compliance, followed by \$200 fines per violation for the second instance of non-compliance, up to a maximum of \$7,500 per building. This section also provides for issuance of a criminal charge as a misdemeanor for each violation, resulting in fines of not less than \$1,000 per day or six months' imprisonment or both.

WARNING: Anyone who derives rental income from housing determined by the Department of Building Inspection to be substandard cannot deduct from state personal income tax and bank and corporate income tax interest, depreciation or taxes attributable to such substandard structure. If correction work is not completed or being diligently, expeditiously and continuously prosecuted after six (6) months from the date of this notice, notification will be sent to the Franchise Tax Board as provided in Section 17264(c) of the Revenue and Taxation Code.

WARNING: Section 103 of the San Francisco Building Code provides for civil fines of up to \$500 per day for any person who violates, disobeys, omits, neglects or refuses to comply with or opposes the execution of any provisions of this code. This section also provides for misdemeanor fines, if convicted, of up to \$500 and/or imprisonment up to six months for each separate offense for every day such offense occurs.

De acuerdo a las Secciones 107.5 y 106.4.7 de el Código de Construcción de Edificios de San Francisco, gastos de investigación serán cobrados por trabajo empezado o realizado sin los debidos permisos o por trabajo que exceda el límite estipulado en los permisos. Dichos cobros pueden ser apelados ante la Junta de Apelaciones de Permisos (Board of Permit Appeals) dentro de los primeros quince días de haberse obtenido el permiso. Las apelaciones se hacen en el 875 de la calle Stevenson, cuarto piso, teléfono 554-6720.

ADVERTENCIA: Si no cumple con las acciones immediatas requeridas para corregir las infracciones, el Departamento de Inspección de Edificios tendrá el derecho de iniciar el proceso de mitigación. Si una Orden de Mitigación es registrada contra dicha propiedad, los gastos incurridos durante el proceso de aplicación del código, desde la primera puesta del Aviso de Infracción hasta que todos los gastos esten pagados, se le cobraran al dueño del edificio o la propiedad sera embargada para recuperar dichos gastos. Referencia a la Sección 102.2 y 110 de el Código de Construcción de Edificios.

ADVERTENCIA: La Sección 204 de el Código de Vivienda de San Francisco permite que se multe inmediatamente \$100 por cada primer caso de inconformidad, seguida por una multa de \$200 por cada segunda infracción de inconformidad, aumentando hasta un máximo de \$7,500 por cada edificio. Esta Sección también permite obtener cargos criminales como delito menor, resultando en multas de no menos de \$1,000 diarios ó 6 meses de encarcelamiento o ambas sanciones.

ADVERTENCIA: Cualquier persona que reciba renta por una vivienda que haya sido declarada que no satisface las normas requeridas por el Departamento de Inspección de Edificios, no puede deducir del estado intereses personales, de banco o empresa, depreciación o taxes atribuidos sobre dicha estructura. Si el trabajo de reparación no se termina o está diligentemente, rápidamente y contuamente acusado después de seis (6) meses de la fecha de este aviso, se le enviará una notificación a la Junta de Concesión de Impuestos (Franchise Tax Board) de acuerdo a la Sección 1264(c) del Código de Ingresos e Impuestos (Revenue and Taxation Code).

ADVERTENCIA: La Sección 103 de el Código de Edicios de San Francisco impone multas civiles hasta de \$500 por cada dia a cualquier persona que infrinja, desobedezca, omita, descuide, rehusa cumplir, resiste o se opone a la ejecución de las provisiones de este código. Esta sección también impone multas por delito menor, si es declarado culpable, de hasta \$500 o encarcelamiento de hasta 6 meses, o ambas sanciones, por cada una de las ofensas y por cada día que dicha ofensa occura.

In the event of roommates, or another form of multiple occupancy, Tenant understands and agrees that rent shall be paid with a single payment and that it is up to Tenant to collect individual checks independently in order to submit a combined single payment. Tenant bears the risk of loss or delay of any payment made by mail. Owner must receive mailed rent payments on or before the Due Date. Owner may apply any payment made by Tenant to any obligation of Tenant to Owner notwithstanding any dates or other direction from Tenant that accompanies such payment. Any attempt by Tenant to allocate a payment in any other way shall be null and void, including the use or application of a restrictive endorsement on the face of any check. Owner will accept rent payments only from the actual Tenant(s). No third party checks will be accepted, nor shall Owner be liable to Tenant in any way as a result of refusing any third party check. Should Owner elect to accept a third party check such acceptance shall not be construed as a waiver of this provision, nor shall acceptance of the third party payment be deemed as acceptance or acknowledgment of any third party or roommate as a tenant of Owner. Acceptance of rent by Owner or Owner's agent from anyone other than Tenant shall not create or establish a relationship between Owner and that third party. Rent tendered by a third party shall be deemed rent tendered on behalf of Tenant only and not on behalf of the third party, regardless of whether it contains a restrictive endorsement. If Tenant pays online or by direct deposit, such payment shall be deemed to come from Tenant regardless of the source of the payment. In addition, payment online or by direct deposit may be rejected or returned by Owner during the pendency of any legal action, or in anticipation of a legal action. Failure or refusal by Tenant to cash Owner's rent refund check shall not defeat Owner's rejection of the rent being refunded.

5. SECURITY DEPOSIT: Before the commencement of the term, Tenant shall pay a security deposit of US \$_5,500. (the "Security Deposit") for the purposes set forth in Civil Code Section 1950.5. No trust relationship between Owner and Tenant is created because of the Security Deposit and Owner may commingle the Security Deposit with other funds of Owner. Owner may retain such amounts of the Security Deposit as allowed by law including, but not limited to, amounts required to remedy future defaults by Tenant in any obligation under this Agreement to restore, replace, repair or return personal property or appurtenances, exclusive of ordinary wear and tear. Owner shall, within the time period allotted by law, refund any balance after such deductions to Tenant after Tenant has vacated the Premises. Tenant shall not be deemed to have vacated the Premises for purposes of this Paragraph until a) Tenant returns to Owner all keys to the Premises, and b) Tenant has surrendered the Premises to Owner free and empty of all persons claiming any right to possess the Premises. Any balance of the Security Deposit and an accounting of any deductions therefrom will be mailed to Tenant at the Premises unless Tenant provides, in writing to Owner, a mailing address to which the balance, if any, of the Security Deposit and the accounting should be sent. Owner's check or other payment refunding any balance of the Security Deposit may be made in the name of any or all of the original Tenants regardless of the party who in fact made the deposit and regardless of the identity of the persons then occupying the Premises. Tenant may not apply the Security Deposit, or any portion thereof, to the last month's rent.

nant understands and agrees that rent shall be paid with a single payment and that it is up to Tenant to collect individual checks independently in order to submit a combined single payment. Tenant bears the risk of loss or delay of any payment made by mail. Owner must receive mailed rent payments on or before the Due Date. Owner may apply any payment made by Tenant to any obligation of Tenant to Owner notwithstanding any dates or other direction from Tenant that accompanies such payment. Any attempt by Tenant to allocate a payment in any other way shall be null and void, including the use or application of a restrictive endorsement on the face of any check. Owner will accept rent payments only from the actual Tenant(s). No third party checks will be accepted, nor shall Owner be liable to Tenant in any way as a result of refusing any third party check. Should Owner elect to accept a third party check such acceptance shall not be construed as a waiver of this provision, nor shall acceptance of the third party payment be deemed as acceptance or acknowledgment of any third party or roommate as a tenant of Owner. Acceptance of rent by Owner or Owner's agent from anyone other than Tenant shall not create or establish a relationship between Owner and that third party. Rent tendered by a third party shall be deemed rent tendered on behalf of Tenant only and not on behalf of the third party, regardless of whether it contains a restrictive endorsement. If Tenant pays online or by direct deposit, such payment shall be deemed to come from Tenant regardless of the source of the payment. In addition, payment online or by direct deposit may be rejected or returned by Owner during the pendency of any legal action, or in anticipation of a legal action. Failure or refusal by Tenant to cash Owner's rent refund check shall not defeat Owner's rejection of the rent being refunded.

SECURITY DEPOSIT: Before the commencement of the term, Tenant shall pay a security deposit of US \$______ (the "Security Deposit") for the purposes set forth in Civil Code Section 1950.5. No trust relationship between Owner and Tenant is created because of the Security Deposit and Owner may commingle the Security Deposit with other funds of Owner. Owner may retain such amounts of the Security Deposit as allowed by law including, but not limited to, amounts required to remedy future defaults by Tenant in any obligation under this Agreement to restore, replace, repair or return personal property or appurtenances, exclusive of ordinary wear and tear. Owner shall, within the time period allotted by law, refund any balance after such deductions to Tenant after Tenant has vacated the Premises. Tenant shall not be deemed to have vacated the Premises for purposes of this Paragraph until a) Tenant returns to Owner all keys to the Premises, and b) Tenant has surrendered the Premises to Owner free and empty of all persons claiming any right to possess the Premises. Any balance of the Security Deposit and an accounting of any deductions therefrom will be mailed to Tenant at the Premises unless Tenant provides, in writing to Owner, a mailing address to which the balance, if any, of the Security Deposit and the accounting should be sent. Owner's check or other payment refunding any balance of the Security Deposit may be made in the name of any or all of the original Tenants regardless of the party who in fact made the deposit and regardless of the identity of the persons then occupying the Premises. Tenant may not apply the Security Deposit, or any portion thereof, to the last month's rent.

David / Dori –
I wanted to update you both and let you know that we are working at resolving the Notice of Violation and the Notice of Enforcement that I received on April 27, 2019 for the property located at 2005 17 th Street, San Francisco, CA 94103.
My contractor, Tom Corbett and I met with Dori today to understand specifically what is required for the legalization of the in-law unit and for legalization of the rear deck.
Tom will be submitting a separate application and making neighborhood notification for the legalization of the rear deck soon.
Tom and I met with senior inspectors at DBI today and I have an on-site inspection with DBI at the subject property set up for Monday, May 6, 2019.
For now, we will leave the legalization application in place and Tom Corbett will be updating the screening form with his revised estimate of costs, now that we know what is required after meeting with Dori.
We will be submitting a conditional use application for a hearing with the planning commission and seeking to remove the in-law unit from the market due to the high cost of legalization and the corresponding economic hardship.
We will keep you updated.
Best regards,
Erik Terreri

Hi Erik,
I can meet tomorrow morning between 9:15 am and 11:00 am. I don't think we will need longer than 15 minutes. If tomorrow doesn't work for you I have availability for most of the day Thursday.
Please respond and confirm a time,
Dori

Dori,
I left you a voicemail and would like to come in and discuss the status and deficiencies of the application.
Please give me a call on 415519.0706.
If you could meet with me for 15 to 30 minutes today or tomorrow, I should have enough information for me to coordinate with my contractor.
Best regards,
Erik

Hi Erik,

Please feel free to reach out to me directly regarding any Planning Code questions or concerns. David is with our Code Enforcement division and is not directly reviewing your plans. My direct contact information is in my signature below. As David mentioned, the last communication I had regarding this project was on August 20th, 2018 when I sent my initial Notice of Incomplete Application. I have not heard any status updates, or had any further communication regarding this project, since. I am more than happy to help clarify any of my original comments.

Respectfully,

Dori

David,

Thank you. I will coordinate with my contractor to ensure that the plans specify the existing permeable space.

FYI, all of the area from the sidewalk to the house on the side where the stairs are located are trees, shrubs, and plants - all permeable space. In addition there is a planter on the other side of the driveway. Whether the code requires 50% permeable space or not, I believe that there is at least 50% permeable space within the front setback area.

Best regards,

Erik

Erik,

Thank you for the email. I've also included the Flex Team Planner, Dori, on this message to keep everyone involved up to speed.

It appears the Notice of Incomplete Application (NIA) sent to the project applicant on August 20, 2018, by the Planning Department, requested clarification on the required front setback line for the property.

Planning also requested that dimensions of existing landscaping and permeable surfaces be provided to determine compliance with Code Sections 132(g) and (h). I believe these plan revisions were never submitted by the project applicant.

Per Planning Code Section 207.3(f); "a dwelling unit authorized under this Section must meet all applicable provisions of other City codes other than the provisions of the Planning Code cited in subsection (e)."

The landscaping and permeability requirements outlined in Section 132(g) & (h) are not cited in 207.3(e) and are therefore required as part of your application to legalize the unit.

Please provide revisions as requested by your project Planner as soon as possible in order that we may move forward with your application and avoid Enforcement action.

Best,

David Brosky - Planner

Dori,

I am at reception on the 4th floor with my completed paperwork for a conditional use hearing.

Could you help me for a few minutes please?

I can't get anyone to accept this and schedule the hearing or to reply and schedule my intake meeting. I emailed last week and I have no response from the intake email.

Best,

Erik

Erik,

Unfortunately our receptionist can't help with an intake, it needs to be done through cpc.intake@sfgov.org, by submitting a project application and intake request form.

If you have not yet received a confirmation email, you should follow up with cpc.intake@sfgov.org. Neither myself, nor our reception desk, are involved in the intake process.

Thanks for understanding,

Dori

When I tried to submit my conditional use application last week, planning told me to email CPC Intake to schedule my intake meeting.

All the information in your subsequent form was included in that email.

And, when I first applied to legalize the in-law unit, none of these requirements were in place.

Then, yesterday, I was told to fill out the additional intake request form. I did that immediately.

I continue to comply with your requests, which seem to be constantly changing. But, I still have not received an appointment for someone to accept my application for a conditional use hearing.

Can someone please put me on the calendar for a Planning Commission hearing and accept my application?

Best,

Erik Terreri

Erik,

See my earlier email about calendaring items for Planning Commission.

We will not calendar your item until the Conditional Use Authorization Application has been accepted, paid and routed to the team leaders. A planner has to conduct the review of your project and when your project meets all of our applicable guidelines, it will be calendared for the Planning Commission.

Thanks for your patience.

Rich

Rich,

I understand that.

However, it's now been a week since I requested the pre application meeting to submit my conditional use permit application, and the intake meeting hasn't been scheduled yet.

Dori said that I should receive a response from intake within 2 days.

And, it's been almost a year since I submitted my initial application to legalize the unit.

There is a planner familiar with the project, and at this point I don't understand why planning won't allow me to proceed with a hearing to remove the unit.

Best regards,

Erik

Erik,

Thank you for the email. I've also included the Flex Team Planner, Dori, on this message to keep everyone involved up to speed.

It appears the Notice of Incomplete Application (NIA) sent to the project applicant on August 20, 2018, by the Planning Department, requested clarification on the required front setback line for the property.

Tue, Feb 19, 2019 at 5:32 PM

Planning also requested that dimensions of existing landscaping and permeable surfaces be provided to determine compliance with Code Sections 132(g) and (h). I believe these plan revisions were never submitted by the project applicant.

Per Planning Code Section 207.3(f); "a dwelling unit authorized under this Section must meet all applicable provisions of other City codes other than the provisions of the Planning Code cited in subsection (e)."

The landscaping and permeability requirements outlined in Section 132(g) & (h) are not cited in 207.3(e) and are therefore required as part of your application to legalize the unit.

Please provide revisions as requested by your project Planner as soon as possible in order that we may move forward with your application and avoid Enforcement action.

Best,

David Brosky - Planner

David,

Thank you. I will coordinate with my contractor to ensure that the plans specify the existing permeable space.

FYI, all of the area from the sidewalk to the house on the side where the stairs are located are trees, shrubs, and plants all permeable space. In addition there is a planter on the other side of the driveway. Whether the code requires 50% permeable space or not, I believe that there is at least 50% permeable space within the front setback area.

Best regards,

Erik

Hi Erik,

Please feel free to reach out to me directly regarding any Planning Code questions or concerns. David is with our Code Enforcement division and is not directly reviewing your plans. My direct contact information is in my signature below. As David mentioned, the last communication I had regarding this project was on August 20th, 2018 when I sent my initial Notice of Incomplete Application. I have not heard any status updates, or had any further communication regarding this project, since. I am more than happy to help clarify any of my original comments.

Respectfully,

Dori

Dori,

I left you a voicemail and would like to come in and discuss the status and deficiencies of the application.

Please give me a call on 415519.0706.

If you could meet with me for 15 to 30 minutes today or tomorrow, I should have enough information for me to coordinate with my contractor.

Best regards,	
Erik

Planning Commission Hearing for 2005 17th Street

5 messages

Erik Terreri <erikterreri@gmail.com>

Fri, May 10, 2019 at 3:06 PM

To: cpc.intake@sfgov.org, Tom Corbett <tomcancorbett@hotmail.com>, Erik Terreri <erikterreri@gmail.com>

CPC Intake,

Please help me schedule the hearing to remove the in-law unit from the market located at 2005 17th Street, 94103.

I applied about a year ago to legalize the in-law unit. The planner, Dori, told me and my contractor to submit an application for conditional use hearing to remove the unit from the market.

My contractor has updated the Screening Form with new estimate of costs to comply with the DBI updated NOV that was issued on May 9, 2019, after we did an on site inspection to verify my contractor's plans and updated estimate of costs.

I tried to submit an application for conditional use hearing today in order to remove the unit due to financial hardship based on the cost to comply and 20 years to recoup these costs.

A planner told me that I have to send an email to this address and request a pre application intake meeting.

The new NOV identifies all of the issues with the unit and states that I need to legalize or remove the unit from the market within 30 days.

I want to return the kitchen to a laundry room, which is it's former usage and will no longer have tenants in the in-law unit. I will also convert the existing studio into storage, which is its prior use. And the office will become a bicycle storage area.

Best regards,

Erik

CPC Intake,

Please help me in scheduling my Planning Commission Hearing to remove the in-law unit at 2005 17th Street.

I tried emailing last week and haven't heard back yet.

I am trying to resolve this and need to have a hearing scheduled ASAP!

Best regards,

Erik Terreri 415-519-0706

To: Erik Terreri <erikterreri@gmail.com>, CTYPLN - Intake <CPC.Intake@sfgov.org>, Tom Corbett <tomcancorbett@hotmail.com>, "Ganetsos, Dori (CPC)" <dori.ganetsos@sfgov.org>, "Jones, Dario (CPC)" <dario.jones@sfgov.org>

Hi Erik,

We cannot schedule a Planning Commission Hearing until:

- 1. You've filed all parts of your Conditional Use Authorization Application;
- 2. Your application has been assigned to a planner;
- 3. The planner completes their review of the project; and,
- 4. The project is subsequently scheduled for a public hearing (including completing the required public notice).

A typical Conditional Use Authorization can take between four and six months to process.

We appreciate your urgency; however, we process applications in the order received. I do not see your application on-file vet.

From what I see, you've been in communication with Dori Ganetsos, who is copied on this email.

We appreciate your patience and thanks for reaching out.

Rich

I applied to legalize the unit almost a year ago.

Planning has changed its requirements and forms multiple times and I am now trying to submit my conditional use application to remove the unit.

But, no one at planning will accept it, or schedule an intake meeting, which wasn't required when my contractor submitted the initial application to legalize the unit almost a year ago.

Can someone at Planning please schedule my intake, accept my check, and schedule a hearing for me?

I am sitting at reception on the 4th floor of 1650, waiting patiently. I have everything that I was told to get completed by Dori.

Dori told me and my contractor a week and a half ago that a new planner would be assigned.

I had a site inspection with DBI to document all of the issues that Dori told me would need to be corrected. It is a financial hardship, and now I need to remove the unit on order to comply with the NOV from DBI.

Please help!

Best regards,

Erik Terreri

Hi All, to clarify;

Erik – all you need at this time is to please wait for cpc.intake@sfgov.org to respond to your original email, sent on 5/10, requesting an intake appointment for your Conditional Use Authorization Hearing. That email should have included a project application and intake request form as we have previously discussed.

This intake appointment cannot occur without a confirmation email from cpc.intake@sfgov.org, due to scheduling and staffing constraints. This is standard protocol for all projects requiring any type of public hearing. The intake will occur at a meeting, and afterwards a Planner will be assigned to this Conditional Use Authorization project and will guide you through the next steps, in the timing that Rich indicated in his prior email.

Again, we cannot accept your documents outside of an intake appointment. Someone from CPC intake will be in touch shortly, but we cannot accommodate intakes without appointments. As was indicated on the intake request form, it takes around 2 business days for cpc.intake to send a confirmation email (it has been 1.5).

Thank you for your patience and understanding.

Respectfully,

Dori

Rich,

I understand that.

However, it's now been a week since I requested the pre application meeting to submit my conditional use permit application, and the intake meeting hasn't been scheduled yet.

Dori said that I should receive a response from intake within 2 days.

And, it's been almost a year since I submitted my initial application to legalize the unit.

There is a planner familiar with the project, and at this point I don't understand why planning won't allow me to proceed with a hearing to remove the unit.

Best regards,

Erik

Erik,

See my earlier email about calendaring items for Planning Commission.

We will not calendar your item until the Conditional Use Authorization Application has been accepted, paid and routed to the team leaders. A planner has to conduct the review of your project and when your project meets all of our applicable guidelines, it will be calendared for the Planning Commission.

Thanks for your patience.

Rich

Subject: RE: 2005 17th Street

When I tried to submit my conditional use application last week, planning told me to email CPC Intake to schedule my intake meeting.

All the information in your subsequent form was included in that email.

And, when I first applied to legalize the in-law unit, none of these requirements were in place.

Then, yesterday, I was told to fill out the additional intake request form. I did that immediately.

I continue to comply with your requests, which seem to be constantly changing. But, I still have not received an appointment for someone to accept my application for a conditional use hearing.

Can someone please put me on the calendar for a Planning Commission hearing and accept my application?

Best,

Erik Terreri

ENVIRONMENTAL EVALUATION SCREENING FORM

This form will determine if further environmental review is required.

If you are submitting a Building Permit Application only, please respond to the below questions to the best of your knowledge. You do not need to submit any additional materials at this time, and an environmental planner will contact you with further instructions.

If you are submitting an application for entitlement, please submit the required supplemental applications, technical studies, or other information indicated below along with this Project Application.

Environmental Topic	Information	Applicable to Proposed Project?	Notes/Requirements
1a. General	Estimated construction duration (months):	N/A	1 month
1b. General	Does the project involve replacement or repair of a building foundation? If yes, please provide the foundation design type (e.g., mat foundation, spread footings, drilled piers, etc)	☐ Yes ✔ No	
2. Transportation	Does the project involve a child care facility or school with 30 or more students, or a location 1,500 square feet or greater?	☐ Yes ☑ No	If yes, submit an Environmental Supplemental - School and Child Care Drop-Off & Pick-Up Management Plan.
3. Shadow	Would the project result in any construction over 40 feet in height?	☐ Yes ✔ No	If yes, an initial review by a shadow expert, including a recommendation as to whether a shadow analysis is needed, may be required, as determined by Planning staff. (If the project already underwent Preliminary Project Assessment, refer to the shadow discussion in the PPA letter.) An additional fee for a shadow review may be required.
4a. Historic Preservation	Would the project involve changes to the front façade or an addition visible from the public right-of-way of a structure built 45 or more years ago or located in a historic district?	☐ Yes ✔ No	If yes, submit a complete Historic Resource Determination Supplemental Application. Include all materials required in the application, including a complete record (with copies) of all building permits.
4b. Historic Preservation	Would the project involve demolition of a structure constructed 45 or more years ago, or a structure located within a historic district?	☐ Yes ✔ No	If yes, a historic resource evaluation (HRE) report will be required. The scope of the HRE will be determined in consultation with CPC-HRE@sfgov.org.

Environmental Topic		Information	Applicable to Proposed Project?	Notes/Requirements	
5. Archeology	6	Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeologically sensitive area or eight (8) feet below grade in a non-archeologically sensitive area?	☐ Yes ✔ No	If Yes, provide depth of excavation/ disturbance below grade (in feet*):	
		are non archeologically sensitive area.		*Note this includes foundation work	
6. Geology and So	ils <page-header></page-header>	Is the project located within a Landslide Hazard Zone, Liquefaction Zone or on a lot with an average slope of 20% or greater?	☐ Yes ✔ No	A geotechnical report prepared by a qualified professional must be submitted if one of the following thresholds apply to the project: The project involves:	
		Area of excavation/disturbance (in square feet):		 excavation of 50 or more cubic yards of soil, or building expansion greater than 1,000 square feet outside 	
		Amount of excavation (in cubic yards):		of the existing building footprint.	
				The project involves a lot split located on a slope equal to or greater than 20 percent.	
				A geotechnical report may also be required for other circumstances as determined by Environmental Planning staff.	
7. Air Quality	&	Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) within an Air Pollutant Exposure Zone?	☐ Yes ✔ No	If yes, the property owner must submit copy of initial filed application with department of public health. More information is found here.	
8a. Hazardous Materials		Would the project involve work on a site with an existing or former gas station, parking lot, auto repair, dry cleaners, or heavy manufacturing use, or a site with underground storage tanks?	☐ Yes ✔ No	If yes, submit a Phase I Environmental Site Assessment prepared by a qualified consultant.	
8b. Hazardous Materials	6	Is the project site located within the Maher area and would it involve ground disturbance of at least 50 cubic yards or a change of use from an industrial use to a residential or institutional use?	☐ Yes ✔ No	If yes, submit a copy of the Maher Application Form to the Department of Public Health. Also submit a receipt of Maher enrollment with the Project Application.	
				For more information about the Maher program and enrollment, refer to the Department of Public Health's Environmental Health Division.	
				Maher enrollment may also be required for other circumstances as determined by Environmental Planning staff.	

PRIORITY GENERAL PLAN POLICIES FINDINGS

Plea	ase state how the project is consistent or inconsistent with each policy, or state that the policy is not applicable:
1.	That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses enhanced;
	No change to existing neighborhood retail use.
2.	That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods;
	Preserves the existing neighborhood character by restoring this to its prior use as a single family home. This is one of 3 identical Victorians constructed on or about 1906 on the 2000 block of 17th Street.
3.	That the City's supply of affordable housing be preserved and enhanced;
	Does not impact the City's supply of affordable housing stock.
4.	That commuter traffic not impede Muni transit service or overburden our streets or neighborhood parking;
	Has no negative impact on commuter traffic or Muni service.
5.	That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced;
	Not impacted. This is non-industrial and non-commercial space.
6.	That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake; Has no impact on earthquake preparedness.
	1100 no mpaci on caraiquane prepareuness.
7.	That landmarks and historic buildings be preserved; and
	Does not impact the property facade or Victorian features.
8.	That our parks and open space and their access to sunlight and vistas be protected from development.
	Has no impact.

APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

- a) The undersigned is the owner or authorized agent of the owner of this property.
- b) The information presented is true and correct to the best of my knowledge.
- c) Other information or applications may be required.
- d) I herby authorize City and County of San Francisco Planning staff to conduct a site visit of this property as part of the City's review of this application, making all portions of the interior and exterior accessible through completion of construction and in response to the monitoring of any condition of approval.
- e) I attest that personally identifiable information (PII) i.e. social security numbers, driver's license numbers, bank accounts have not been provided as part of this application. Furthermore, where supplemental information is required by this application, PII has been redacted prior to submittal to the Planning Department. I understand that any information provided to the Planning Department becomes part of the public record and can be made available to the public for review and/or posted to Department websites.

RESIDENTIAL MERGER

(SUPPLEMENTAL INFORMATION)

Pursuant to Planning Code Section 317(c), any application that would result in the removal of one or more residential units or unauthorized units is required to obtain a Conditional Use Authorization. In addition to filing a Conditional Use Authorization application, this Dwelling Unit Removal application, along with responses to the specific conditional use criteria listed below, as described in Planning Code Section 317(g)(2), must be submitted to the Planning Department.

Please note that pursuant to Planning Code Section 317(g)(2), the Planning Commission shall not approve an application for residential merger if any tenant has been evicted pursuant to Administrative Code Sections 37.9(a) (9) through 37.9(a)(14) where the tenant was served with a notice of eviction after December 10, 2013 if the notice was served within 10 years prior to filing the application for merger. Additionally, the Planning Commission shall not approve an application for residential merger if any tenant has been evicted pursuant to Administrative Code Section 37.9(a)(8) where the tenant was served with a notice of eviction after December 10, 2013 if the notice was served within five (5) years prior to filing the application for merger.

Please answer the following questions to determine how the project does or does not meet the Planning Code requirements:

DWE	LLING UNIT MERGER CRITERIA:	YES	NO
	Does the removal of the unit(s) eliminate only owner-occupied housing?		V
1	If yes, for how long was the unit(s) proposed for removal owner-occupied?		
	months or years (check one)		
2	Is the removal of the unit(s) and the merger with another intended for owner occupancy?		/
3	Will the removal of the unit(s) remove an affordable housing unit as defined in Section 401 of the Planning Code or housing subject to the Rent Stabilization and Arbitration Ordinance?		'
	If yes, will replacement housing be provided which is equal or greater in size, number of bedrooms, affordability, and suitability to households with children to the units being removed? YES NO		
4	If the unit(s) proposed for removal was occupied by a tenant or tenants, please specify the date of when it was last occupied:		
	Currently occupied. Tenants are looking for another unit.		
5	Will the number of bedrooms provided in the merged unit be equal to or greater than the number of bedrooms in the separate units?		•
6	Is the removal of the unit(s) necessary to correct design or functional deficiencies that cannot be corrected through interior alterations?	'	
7	If the merger does not involve an unauthorixed unit, what is the appraised value of the least expensive unit to be merged?		
	Removal of Unauthorized Unit		
	Please include an attachment of the apprisal within six months of filing this application.		

RESIDENTIAL CONVERSION (SUPPLEMENTAL INORMATION)

Pursuant to Planning Code Section 317(g) (3), the conversion of residential dwelling units to a non-residential use is required to obtain a Conditional Use Authorization.

In reviewing proposals for the conversion of residential dwelling units to other forms of occupancy, the Planning Commission will review the criteria below.

Please answer the following questions to inform the Planning Commission as to how the project does or does not meet the following criteria:

DWEI	DWELLING UNIT CONVERSION CRITERIA:		NO
1	Will the conversion of the unit(s) eliminate only owner occupied housing?		′
	If yes, for how long was the unit(s) proposed for removal owner-occupied?		
	months or years (check one)		
2	Will the conversion of the unit(s) provide desirable new non-residential use(s) appropriate for the neighborhood and adjoining district(s)?	'	
	Will provide for bicycle parking for occupants of upper unit.		
3	Is the property located in a district where Residential Uses are not permitted?		/
	If yes, will the Residential Conversion bring the building closer into conformance with the uses		
	permitted in the zoning distirt? YES NO		
4	Will the conversion of the unit(s) be detrimental to the City's housing stock?		/
5	Is the conversion of the unit(s) necessary to eliminate design, functional, or habitability deficiencies that cannot otherwise be corrected?	/	
6	Will the Residential Conversion remove Affordable Housing, or unit(s) subject to the Rent Stabilization and Arbitration Ordinance?		′

DWELLING UNIT DEMOLITION

(SUPPLEMENTAL INFORMATION)

Pursuant to Planning Code Section 317(d), residential demolition is subject to a Conditional Use Authorization or will qualify for administrative approval.

Administrative approval only applies to:

(1) single-family dwellings in RH-1 and RH-1(D) Districts proposed for Demolition that are not affordable or financially accessible housing (valued by a credible appraisal within the past six months to be greater than 80% of combined land and structure value of single-family homes in San Francisco); **OR** (2) residential buildings of two units or fewer that are found to be unsound housing.

Please see the Department's website under Publications for "Dwelling Unit Removal: Current Numerical Values" and the "Zoning Controls on Dwelling Unit Removal Implementation" documents..

The Planning Commission will consider the following criteria in the review of residential demolitions Please answer the following questions to inform the Planning Commission as to how the project does or does not meet the following criteria, as described in Planning Code Section 317(g)(5):

EXIST	TING VALUE AND SOUNDNESS	YES	NO
1	Is the value of the existing land and structure of the single-family dwelling affordable or financially accessible housing (below the 80% average price of single-family homes in San Francisco, as determined by a credible appraisal within six months)?		'
	If no, submittal of a credible appraisal is required with the application.		
2	Has the housing been found to be unsound at the 50% threshold (applicable to one- and two-family dwellings)?		
3	Is the property free of a history of serious, continuing code violations?	'	
4	Has the housing been maintained in a decent, safe, and sanitary condition?	•	
5	Is the property a historical resource under CEQA?		'
REN	TAL PROTECTION	YES	NO
6	Does the Project convert rental housing to other forms of tenure or occupancy?	•	
7	Does the Project remove rental units subject to the Rent Stabilization and Arbitration Ordinance or affordable housing?		'
PRIC	DRITY POLICIES	YES	NO
8	Does the Project conserve existing housing to preserve cultural and economic neighborhood diversity?		'
9	Does the Project conserve neighborhood character to preserve neighborhood cultural and economic diversity?	'	
10	Does the Project protect the relative affordability of existing housing?	•	
11	Does the Project increase the number of permanently affordable units as governed by Section 415?		'

RESIDENTIAL DEMOLITION

(SUPPLEMENTAL INFORMATION CONTINUED)

REPLACEMENT STRUCTURE			NO
12	Does the Project locate in-fill housing on appropriate sites in established neighborhoods?		/
13	Does the Project increase the number of family-sized units on-site?		'
14	Does the Project create new supportive housing?		'
15	Is the Project of superb architectural and urban design, meeting all relevant design guidelines, to enhance the existing neighborhood character?		/
16	Does the Project increase the number of on-site dwelling units?		'
17	Does the Project increase the number of on-site bedrooms?		'
18	Does the Project maximize density on the subject lot?		'
19	If the building is not subject to Rent Stabilization and Arbitration Ordinance or affordable housing, will the Project replace all of the exiting units with new dwelling units of similar size and with the same number of bedrooms?		V

REMOVAL OF UNAUTHORIZED UNIT(S)

(SUPPLEMENTAL INFORMATION)

The Planning Commission will consider the following criteria in the review of applications for removal of unauthorized units, pursuant to Planning Code Section 317 (g)(6). Please fill out answers to the criteria below:

DWE	LLING UNIT REMOVAL OF UNAUTHORIZED UNIT(S) CRITERIA:	YES	NO
	Is it financially feasible to legalize the unauthorized unit(s)?		′
1	If no, please provide the cost to legalize the unauthorized unit(s) $\frac{$250,000.00}{}$		
	What is the apprised value of the building with the unauthorized unit(s)?		
2	\$1,700,000.00		
	Please include an attachment of the appraisal within six months of filing this application.		
	What is the appraised value of the building with the unit(s) legalized?		
3	\$1,600,000.00_		
	Please include an attachment of the appraisal within six months of filing this application.		

APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

Ву:	Date:		

CONDITIONAL USE AUTHORIZATION

INFORMATIONAL AND SUPPLEMENTAL APPLICATION PACKET

ATTENTION: A Project Application must be completed and/or attached prior to submitting this Supplemental Application. See the <u>Project Application</u> for instructions.

Pursuant to Planning Code Section 303, the Planning Commission shall hear and make determinations regarding Conditional Use Authorization applications.

For questions, call 415.558.6377, email pic@sfgov.org, or visit the Planning Information Center (PIC) at 1660 Mission Street, First Floor, San Francisco, where planners are available to assist you.

Español: Si desea ayuda sobre cómo llenar esta solicitud en español, por favor llame al 415.575.9010. Tenga en cuenta que el Departamento de Planificación requerirá al menos un día hábil para responder

中文:如果您希望獲得使用中文填寫這份申請表的幫助,請致電415.575.9010。請注意,規劃部門需要至少一個工作日來回應。

Tagalog: Kung gusto mo ng tulong sa pagkumpleto ng application na ito sa Filipino, paki tawagan ang 415.575.9120. Paki tandaan na mangangailangan ang Planning Department ng hindi kukulangin sa isang araw na pantrabaho para makasagot.

WHAT IS A CONDITIONAL USE AUTHORIZATION?

A Conditional Use refers to a use that is not principally permitted in a particular Zoning District. Conditional Uses require a Planning Commission hearing in order to determine if the proposed use is necessary or desirable to the neighborhood, whether it may potentially have a negative effect on the surrounding neighborhood, and whether the use complies with the San Francisco General Plan. During this public hearing the Planning Commission will "condition" the use by applying operational conditions that may minimize neighborhood concerns as well as other conditions that may be required by the Department and the Planning Code. Conditional Use Authorizations are entitlements that run with the property, not the operator.

WHEN IS A CONDITIONAL USE AUTHORIZATION NECESSARY?

For each Zoning District, the Planning Code contains use charts that list types of uses and whether each is permitted as of right (P), conditionally permitted (C), or not permitted (NP or blank). In addition to those particular uses, the Conditional Use Authorization process is utilized for various other applications included but not limited to dwelling unit removal, Planned Unit Developments (PUD's), and for off-street parking in certain Zoning Districts. Please consult a planner at the Planning Information Counter (PIC) for additional information regarding these applications.

Fees

Please refer to the <u>Planning Department Fee Schedule</u> available at **www.sfplanning.org** or at the Planning Information Center (PIC) located at 1660 Mission Street, First Floor, San Francisco. For questions related to the Fee Schedule, please call the PIC at 415.558.6377.

Fees will be determined based on the estimated construction costs. Should the cost of staff time exceed the initial fee paid, an additional fee for time and materials may be billed upon completion of the hearing process or permit approval. Additional fees may also be collected for preparation and recordation of any documents with the San Francisco Assessor-Recorder's office and for monitoring compliance with any conditions of approval.

CONDITIONAL USE AUTHORIZATION

SUPPLEMENTAL APPLICATION

Property Information

Project Address: 2005 17th Street, 94103 Block/Lot(s): 3977/001J

Action(s) Requested

Action(s) Requested (Including Planning Code Section(s) which authorizes action)

Removal of unauthorized dwelling unit due to financial hardship, and inability to financially comply with DBI NOV and Planning requirements to legalize the in-law unit. Planning Code Section 207.3 Restore home to original usage as a single family home.

Attached are the DBI Notice of Violation (NOV), updated on 5/9/19 based on an on-site inspection on May 6, 2019; and an updated Planning Screening Form for Legalization showing my contractors estimate of costs. DBI has confirmed the findings in the screening form, based on our April 2019 meeting with the planner assigned to my legalization application, Dori G.

Conditional Use Findings

Pursuant to Planning Code Section 303(c), before approving a conditional use authorization, the Planning Commission needs to find that the facts presented are such to establish the findings stated below. In the space below and on separate paper, if necessary, please present facts sufficient to establish each finding.

1. That the proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community. If the proposed use exceeds the non-residential use size limitations for the zoning district, additional findings must be provided per Planning Code Section 303(c)(1)(A-C).

The property was a single family home and returning it to its prior usage is consistent with neighborhood character. This home is one of 3 identical Victorian homes on the 2000 block of 17th Street.

Removal of the in-law unit does not impact any non-residential use of the space.

- 2. That such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injurious to property, improvements or potential development in the vicinity, with respect to aspects including but not limited to the following:
 - a. The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;
 - b. The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading;
 - c. The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;
 - d. Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs.

The removal of the in-law unit (UAD-ADU) does not negatively impact any of the following:

- a) No change to the exterior size or shape of the building.
 - The existing kitchen will revert to its prior use as a laundry room.
 - The shower will be removed and the water line capped in the bathroom.
 - The "Office" will become bicycle and motorcycle storage.
 - The "Studio" will become a storage area.
- b) There will be no detrimental impact to traffic in the area as a result of the removal of the unit. In fact, it will reduce traffic to the extent that there will be 2 less people living in the in-law unit. There will also be additional space to park bicycles and motorcycles.
- c) No work to be performed outside of normal business hours and worl will be minimal.
- d) No impact on existing front garden and extensivve landscaping and ground water absorbtion.

3. That such use or feature as proposed will comply with the applicable provisions of this Code and will not adversely affect the General Plan.

The proposed removal of the unit does not negatively impact provisions of the Code, nor does it adversely affect the general plan.

The property will be restored to its original use as a single family home.

4. The use or feature satisfies any criteria specific to the use of features listed in Planning Code Section 303(g), et seq.

Planning Code Section 303(g) does not apply to this project - or is not impacted by this scope of work.

APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

- a) The undersigned is the owner or authorized agent of the owner of this property.
- b) The information presented is true and correct to the best of my knowledge.
- c) Other information or applications may be required.
- d) I herby authorize City and County of San Francisco Planning staff to conduct a site visit of this property as part of the City's review of this application, making all portions of the interior and exterior accessible through completion of construction and in response to the monitoring of any condition of approval.
- e) I attest that personally identifiable information (PII) i.e. social security numbers, driver's license numbers, bank accounts have not been provided as part of this application. Furthermore, where supplemental information is required by this application, PII has been redacted prior to submittal to the Planning Department. I understand that any information provided to the Planning Department becomes part of the public record and can be made available to the public for review and/or posted to Department websites.

2005 17th St Variance Required

5 messages

Sucre, Richard (CPC) < richard.sucre@sfgov.org> To: Tom Corbett <tomcancorbett@hotmail.com> Cc: Erik Terreri <erikterreri@gmail.com>

Sun, Aug 4, 2019 at 1:59 PM

Hello Tom and Erik,

The Planning Dept. has conducted an initial review of your permit for a firewall along the side property line, and a variance will be required to move forward on the current proposal.

Since the new fire wall is taller than 10-ft tall and is along a property line within a portion of the required rear yard, a variance is required from Planning Code Section 134 (rear yard requirement). To file your variance, please complete the application at:

https://sfplanning.org/resource/var-supplemental

Please pay close attention to the instructions on the application, which will discuss how to schedule an intake appointment and file the necessary fees and application material.

In the meantime, while we await submittal of a variance application, I will place your application on-hold. Once we receive the variance application, I will assign this project to a planner, who will continue the review and assist you with processing the variance.

Thank You,

Rich

Richard Sucre, Principal Planner Southeast Team & Historic Preservation, Current Planning Division

San Francisco Planning Department 1650 Mission Street, Suite 400 San Francisco, CA 94103 Direct: 415.575.9108 | www.sfplanning.org

Hi Erik,

You'll receive a confirmation email from my colleague, Victoria Lewis, for when we've processed all parts of your application. Victoria will follow-up, and I'll assign your project to a planner shortly thereafter.

Just as a FYI, for Variance applications currently on-file, the earliest available hearings is December 5, 2019. However, your assigned planner will confirm the actual hearing date.

Rich

Hi Erik,

I did not receive an intake request for you Variance Application. Our finance department informed me there was a credit card payment made however, the incorrect amount was paid. I processed the Variance Application based on materials left at our reception desk.

The second and each subsequent initial fees of lesser value shall be reduced to 50% plus time and materials as forth in Planning Code Section 350.

Our finance department will credit the remaining balance to your Variance (Time & Material) and issue a refund if any remaining amount.

Thank you,

Victoria Lewis, Current Planning

Hi Erik,

The intake portion of your Variance Application has been completed and routed to Rich Sucre for review and planner assignment. Please feel free to reach out to him directly for all other questions in the interim.

Thank you,

Victoria Lewis, Current Planning

Hi Erik,

I've assigned your variance application to Kimberly Durandet, who is copied on this email. Kimberly is working on the Conditional Use Authorization, so she will also take care of your Variance Application.

Thank You,

Rich

Richard Sucre, Principal Planner Southeast Team & Historic Preservation, Current Planning Division

Kimberly and Richard,

I would like to know what date the hearing is scheduled for and why it is taking so long.

I have attached a letter modifying my CUA application to give planning the choice on granting me a variance to exclude the high cost items that arguably have nothing to do with the safety of the unit, as I have already had a fire inspector give the unit a green light.

The additional cost involved with the additional permeable space, sprinkler system, and excavating to add additional height to the unit make the project an economic hardship.

If the Planning Commission is unwilling to grant a variance, then I am requesting that the permit be issued to remove the unit from the market.

Dori, the prior planner that was assigned to my original application to legalize the in-law unit told me that she isn't aware of anyone being granted a hearing to remove their in-law unit from the market since the SF Board of Supervisors passed legislation in 2016 requiring a hearing before the Planning Commission. Therefore, I am giving Planning and the Planning Commission a choice. If you don't want to allow the removal of these units (an existing property right) then grant me a variance to avoid the excessive capital costs that create an economic hardship for me.

Please see the attached letter where I provide Option A and Option B for SF Planning Commission to decide if they want to allow me to legalize and keep the rental unit on the market - or allow me to remove the unit from the market.

If Planning is unable to modify my existing CUA application. Please proceed with scheduling a hearing to remove the unit from the market. I cannot afford to have any more delays in resolving this pending application.

I don't understand why it is taking so long to provide due process. Please schedule a hearing at the next available Planning Commission Hearing.

Best regards,

Erik Terreri

Kimberly,

One final item. Based on direction from Dori, my contractor and I met with a senior inspector and the original inspector from DBI that issued the first NOV to have a site visit and to document the condition of the in-law unit.

This was done last year before the CUA application was submitted. The requirement for a site visit has been complied with.

We have already had a site visit and DBI issued an updated NOV to document the issues. I prefer not to bother the current tenants with any more incursions.

Hi Erik,

The pdf of the plans are missing the drawings for a section and the proposed elevation. These are included in the BPA set, so that is ok. However, we need the pdf set to have these drawings too.

Although DBI did a site visit, they are a separate agency. The Planning Commission has required Planning Department staff to conduct a site visit for these cases. Please let me know the best days for this to be scheduled. If I am not allowed access, that will need to be part of my report.

Once you submit the appraisals and the updated pdf, I will calendar this item for hearing. Thank you.

Hi Erik,

I have reviewed this letter and the requests. The Planning Commission and the Zoning Administrator do not have the authority to waive or grant variances for Building Code Requirements such as for minimum ceiling height and sprinklers. That said, the CU process will evaluate the economic feasibility of the requirements to legalize against the gain in property value in your request to remove the unit. The CU and the Variance will be scheduled to be heard at the same hearing once I receive the documents required.

Mayor Breed,

I lived in San Francisco for 29 years.

I have an in-law unit that I first began renting out after Scott Weiner's legislation allowing fast tracked legalization.

Now, I have been trying to officially legalize the unit and getting the run-around from SF Planning.

KPIX 5 is doing a story on this.

I am seeking some help from the mayor's office.

Please see the attached PDF letter. I can send more documents and can be reached on 415.519.0706 to discuss.

Any help would be appreciated!

Kimberly,

Please find attached the property evaluations that you requested prepared by my real estate professional. The letter provides a market evaluation as a single family home and as a 2 unit building. The comps used in the evaluation are also attached.

I would like to schedule the site visit that you requested and need to give the tenants 48 hours notice. Please advise when you're available to schedule the site visit. I asked for the first available site visit in my email with you a few days ago.

My contractor has requested his architect send the additional PDF plans that you requested. I should have that soon.

Please schedule my hearing date at your earliest convenience.

Best,

Erik

Hi Erik,

I reviewed the submittal and it appears that the documents are not prepared by a licensed property appraiser, but by a real estate agent. The Planning Code (Sec. 317 below) is explicit in this requirement for the preparation of documents to be considered by the Commission. Please contact a licensed appraiser and

submit two formal appraisals. If you have further questions about this requirement Carly Grob from our Housing Implementation team would be happy to talk with you.

- 317((g)(6) Removal of Unauthorized Units. In addition to the criteria set forth in Subsections (g)(1) through (g)(4) above, the Planning Commission shall consider the criteria below in the review of applications for removal of Unauthorized Units:
- (A) whether the costs to legalize the Unauthorized Unit or Units under the Planning, Building, and other applicable Codes is reasonable based on how such cost compares to the average cost of legalization per unit derived from the cost of projects on the Planning Department's Master List of Additional Dwelling Units Approved required by Section 207.3(k) of this Code;
- (B) whether it is financially feasible to legalize the Unauthorized Unit or Units. Such determination will be based on the costs to legalize the Unauthorized Unit(s) under the Planning, Building, and other applicable Codes in comparison to the added value that legalizing said Units would provide to the subject property. The gain in the value of the subject property shall be based on the current value of the property with the Unauthorized Unit(s) compared to the value of the property if the Unauthorized Unit(s) is/are legalized. The calculation of the gain in value shall be conducted and approved by a California licensed property appraiser. Legalization would be deemed financially feasible if gain in the value of the subject property is equal to or greater than the cost to legalize the Unauthorized Unit.
- (C) If no City funds are available to assist the property owner with the cost of legalization, whether the cost would constitute a financial hardship.

I will see you on Friday for the site visit between 2 & 3.

To: rspringer@tracappraisal.com

Please find attached the code from the planner.

It looks like they need the value of the property as is and the value of the property with the in-law unit legalized.

From the code, one report should be sufficient.

Best regards,

Erik

1160Old Crocker Inn Road, Cloverdale, CA $\,$ 95425 Mobile (415) 519-0706

Rental Unit: In-Law Unit, 2005 17th Street, San Francisco, 94103

January 20, 2020

City and County of San Francisco Planning Department 1660 Mission Street San Francisco, CA 94103

Re: CUA Application for In-Law Unit and Firewall for Rear Deck

For property located at: 2005 17th Street, San Francisco, 94103

Planning,

Please update my mailing address to: 1160 Old Crocker Inn Road, Cloverdale, CA 95425. I have relocated my permanent residence.

I submitted a complete application for a CUA hearing with the SF Planning Commission in May of 2019 and an application to inspect the existing rear deck and install a firewall on the property line in June 2019. The first floor planning desk told me that I did not need a variance for the rear deck, but I was informed in August 2019 that I needed to submit a variance application. This application was submitted and I paid additional fees in September 2019.

It has been more than 8 months since I submitted my CUA to remove the in-law unit from the market due to economic hardship based on the additional requirements that the SF Planning Department has informed me that I am required to conform with in order to legalize the in-law unit.

It has also been more than 4 months since I submitted my application for a variance to install the firewall at the Eastern property line of the subject property and 19 months since I applied to legalize the in-law unit.

It is unreasonable and a violation of my due process rights to have received no communication or notice of a hearing date with the SF Planning Commission to address the 2 pending applications that I have on file.

Please accept this letter as an amendment to my CUA application and a renewed request for an expedited hearing (I filed the expedited request form with my application in May 2019) with the following 2 opitions:

OPTION A – Legalize the Existing In-Law Unit and a Permit to Construct a Firewall at the Eastern Rear property line:

Schedule a hearing with the SF Planning Commission for either the February or March 2020 hearing date.

Grant me a variance for the following requirements, many of which are not part of the original legislation

that legalized renting existing in-law units:

i. Grant a variance exempting the additional permeable space in front of the building.

ii. Grant a variance exempting the installation of sprinklers in the lower unit.

iii. Grant a variance exempting adding the extra height (1" to 4") to the lower unit.

iv. Require ONLY a plumbing and electrical inspection in order to legalize the existing in-law

unit.

v. Issue a permit to legalize the existing rear deck and issue a permit to construct a firewall

on the Eastern rear property line.

OPTION B - Issue a Permit to Remove the In-Law Unit and a Permit to Construct a Firewall at the

Eastern Rear property line:

Schedule a hearing with the SF Planning Commission for either the February or March 2020 hearing date

and grant me the following:

i. Issue a permit for me to remove the in-law unit from the market.

ii. Issue a permit to legalize the existing rear deck and issue a permit to construct a firewall

on the Eastern rear property line.

The bureaucratic road blocks and purposeful refusal to schedule a hearing with the SF Planning

Commission are contrary to SF and California law.

Please schedule a hearing with the SF Planning Commission and allow the Commission to decide between

granting me a variance (Option A) or a permit to remove the in-law unit from the market (Option B).

There is a housing crisis and I have attempted to legalize the in-law unit that is currently occupied by 2

tenants. However, the capital requirements that SF Planning are requiring create an undue economic

hardship. If I am not granted a variance that would allow me to legalize the in-law unit under OPTION A,

I need to a permit to remove the in-law unit from the market as specified in OPTION B.

Regards,

Erik M. Terreri

Zoning District: RH-2 / 45-X

Building Permit Number: 2018.0625.2877 & 2019.0624.4259

Planning Record Number: 2018-009397PRJ-CUA-VAR

Project Planner Kimberly Durandet, Senior Planner,

Kimberly.durandet@sfgov.org, (415)575-6816

The Project Applications for the above address have been received by the Planning Department and assigned to the planner listed above.

PROJECT APPLICATION COMMENTS

- 1. The application for removal of the unauthorized dwelling unit requires two property appraisals. One for the value of the property without and one with the unauthorized unit. Although the application states the appraisal amounts, the documents were not included in the submittal.
- 2. Submitted plans do not have side elevations or sections <u>Plans 2005 17th Street.pdf</u> (<u>Desktop</u>, <u>Web</u>, <u>Mobile</u>). Please provide the drawings as required in the Plan Submittal Guidelines <u>https://sfplanning.org/resource/plan-submittal-guidelines</u>
- 3. There is an active permit to legalize the dwelling unit. This permit will need to be canceled.
- 4. Staff is required to conduct a site visit to verify the conditions at the site for removal of unauthorized dwelling units. Please coordinate with staff to schedule a time to grant access to the property.

REQUIRED ACTION

Please respond fully with all requested information and/or plan revisions as described above. Please note that in addition to the fees paid, time spent working on a case is billed in 15-minute increments for time and materials spent that exceeds the initial payment.

Please do not come to the Planning Department to discuss this letter without an appointment. Please direct all general questions or meeting requests to the project planner listed above.

Thank you,

Kimberly Durandet, Senior Planner Southeast Team, Current Planning Division

Kimberly,

I have copied the appraiser on this email. He will be putting together the appraisal report.

We wanted to confirm what is required. From our review of the code that you sent me, it looks like one report with the value with the space as is, and the value with the in-law unit legalized is what is required.

Please confirm and we will be able to have the report completed for you by the first week of March.

Best regards,

Erik

Hi Erik,

You will need to have one appraisal for the value of the current legal use of the building which is a single-family dwelling with unwarranted rooms and then with the unauthorized unit legalized. Your property is located in an RH-2 zoning district so it would be principally permitted as a two-family dwelling. I've attached an example from the last UDU removal case that I processed.

Mr Singer,

It looks like they want two appraisal reports. Hopefully, you can give me some sort of a break on price given that much of the work (site visit and photos) are the same for each appraisal report.

Please let me know when you will be able to meet me at the unit to take photos and get started.

Thank you again for your assistance!

Regards,

Erik

Hi Erik,

I am reviewing the plans submitted and need to combine a couple of pages from the different sets to address both the existing conditions and the firewall. I've attached the combined pages for reference.

I have a question regarding the attic space. There is no apparent interior connection to the floor below. The only connection is an exterior entrance through the new deck and stairs. Please let me know if this is the case, if so, how is this used and integrated into the unit below. If there is another unauthorized dwelling unit at that level, we need to know before another tenant or member of the public reveals this at the hearing.

If there is an interior connection, please show this on the plans and if revised plans are to be submitted, please incorporate the changes that I have done with the combined drawing set. Let me know if there are questions, I'm happy to explain further. Thanks.

Combined Plans for Commission 2005 17th St.pdf 1563K

Erik Terreri <erikterreri@gmail.com>

Tue, Mar 3, 2020 at 2:01 PM

To: "Durandet, Kimberly (CPC)" < kimberly.durandet@sfgov.org>

Cc: Tom Corbett <tomcancorbett@hotmail.com>

Kimberly,

There is no interior connection. The attic space has storage and the HVAC, as well as a finished space that the current tenants upstairs in the main apartment use as an office.

There is no additional dwelling unit in the attic.

Kimberly,

Please find attached the appraisal reports.

Following is a timeline of the building:

2006-Feb-14 – Closed on the purchase of the house.

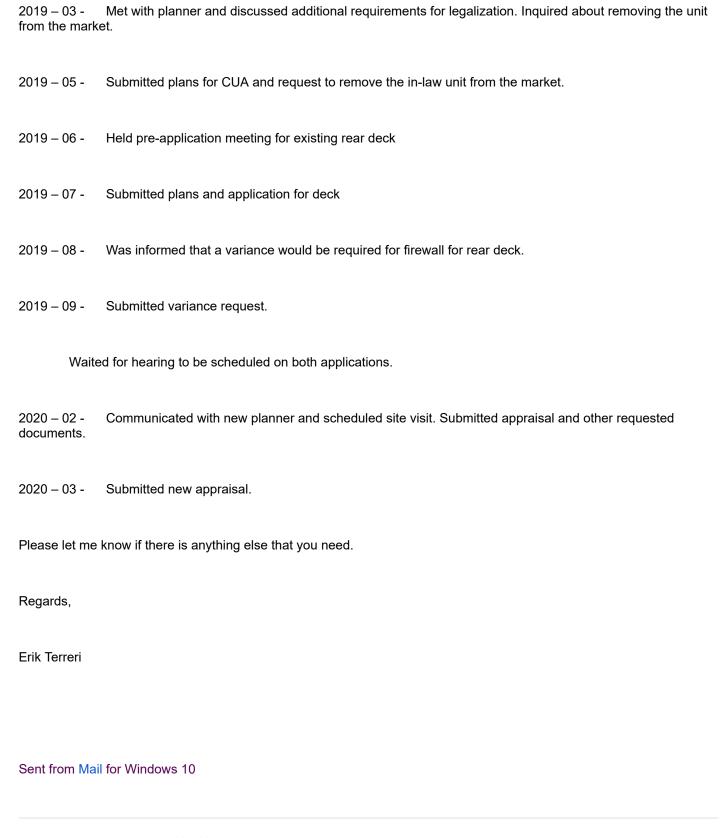

I received no disclosures so I am not sure what work was done prior to acquiring the property. There was some finished space in the lower level behind the garage used as storage, laundry room, and as office space.

I occupied the home at this time and lived here until 2011.

- 2006 -Appraisal report shows rear deck in existence.
- 2008 -Added the small bathroom in the lower level for family and friends to use when they visited us.
- 2011 07 Moved out of the house and only rented out the main level of the house to a young couple. The garage and the lower level area were used for personal use and not included in the rental of the house. The finished attic space had storage for our personal items and office furniture.
- 2014 09 Rented out the lower unit for the first time after the Board of Supervisors passed and the mayor signed legislation allowing landlords to rent out in-law units. These 2 tenants lived in the unit from 2014-09 to 2015-10.
- 2014 11 New tenants moved into the upstairs main level of the house and lived here until 2017-11.
- 2015 10 -New tenants moved into the in-law unit and moved out in 2017-02
- 2017 02 -New tenants moved into the in-law unit and moved out in 2018-02
- 2017 12 New tenants moved into the upstairs main level of the house and lived here until 2017-11.
- 2018 02 -New tenants moved into the in-law unit and will move out on 2020-06-01

We have negotiated a buy out on 2-28-2020 for the tenants to vacate on June 1, 2020.

- Neighbor at 2009 17th files complaint with DBI, Electrical, and SF Fire Dept because he told me that he 2018 - 03 was unhappy that I rented the upstairs unit to 4 people.
- 2018 05 -Submitted plans to legalize the in-law unit.
- 2019 01 -Received letter regarding additional requirements.

Hi Robert,

Thank you for the appraisal reports. I need to explain to the Commission why the appraised value is the same for a single family with unwarranted rooms and a legalized two unit building. Can you please let me know the rationale for my report? It is much appreciated.

Kimberly Durandet, Senior Planner Southeast Team, Current Planning Division

Robert Singer <rsinger@tracappraisal.com> To: Erik Terreri <erikterreri@gmail.com>

Tue, Mar 10, 2020 at 4:44 PM

Dear Erik,

The value as a single family home with an unwarranted in-law is the same as a legalized 2 unit building is due to San Francisco Rent Control restrictions and tenant rights which limits value and marketability. Due to the high cost of real estate and property tax rates, 2 unit buildings do not trade for there cash flow potential. This conclusion is supported by the 2 appraisal provided.

Sincerely,

Robert V. Singer

Scope of Work, Assumptions and Limiting Conditions

Scope of work is defined in the Uniform Standards of Professional Appraisal Practice as " the type and extent of research and analyses in an assignment." In short, scope of work is simply what the appraiser did and did not do during the course of the assignment. It includes, but is not limited to: the extent to which the property is identified and inspected, the type and extent of data researched, the type and extent of analyses applied to arrive at opinions or conclusions.

The scope of this appraisal and ensuing discussion in this report are specific to the needs of the client, other identified intended users and to the intended use of the report. This report was prepared for the sole and exclusive use of the client and other identified intended users for the identified intended use and its use by any other parties is prohibited. The appraiser is not responsible for unauthorized use of the report.

The appraiser's certification appearing in this appraisal report is subject to the following conditions and to such other specific conditions as are set forth by the appraiser in the report. All extraordinary assumptions and hypothetical conditions are stated in the report and might have affected the

- 1. The appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or title thereto, nor does the appraiser render any opinion as to the title, which is assumed to be good and marketable. The property is appraised as though under responsible ownership.
- 2. Any sketch in this report may show approximate dimensions and is included only to assist the reader in visualizing the property. The appraiser has made no survey of the property.
- 3. The appraiser is not required to give testimony or appear in court because of having made the appraisal with reference to the property in question, unless arrangements have been
- 4. Neither all, nor any part of the content of this report, copy or other media thereof (including conclusions as to the property value, the identity of the appraiser, professional designations, or the firm with which the appraiser is connected), shall be used for any purposes by anyone but the client and other intended users as identified in this report, nor shall it be conveyed by anyone to the public through advertising, public relations, news, sales, or other media, without the written consent of the appraiser
- 5. The appraiser will not disclose the contents of this appraisal report unless required by applicable law or as specified in the Uniform Standards of Professional Appraisal Practice.
- 6. Information, estimates, and coinions furnished to the appraiser, and contained in the report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the appraiser is assumed by the appraiser.
- 7. The appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The appraiser assumes no responsibility for such conditions, or for engineering or testing, which might be required to discover such factors. This appraisal is not an environmental assessment of the property and
- 8. The appraiser specializes in the valuation of real property and is not a home inspector, building contractor, structural engineer, or similar expert, unless otherwise noted. The appraiser did not conduct the intensive type of field observations of the kind intended to seek and discover property defects. The viewing of the property and any improvements is for purposes of developing an opinion of the defined value of the property, given the intended use of this assignment. Statements regarding condition are based on surface observations only. The appraiser claims no special expertise regarding issues including, but not limited to: foundation settlement, basement moisture problems, wood destroying (or other) insects, past infestation, radion gas, lead based paint, mold or environmental issues. Unless otherwise indicated, mechanical systems were not activated or tested

This appraisal report should not be used to disclose the condition of the property as it relates to the presence/absence of defects. The client is invited and encouraged to employ qualified experts to inspect and address areas of concern. If negative conditions are discovered, the opinion of value may be affected.

Unless otherwise noted, the appraiser assumes the components that constitute the subject property improvement(s) are fundamentally sound and in

Any viewing of the property by the appraiser was limited to readily observable areas. Unless otherwise noted, attics and crawl space areas were not accessed. The appraiser did not move furniture, floor coverings or other items that may restrict the viewing of the property.

- 9. Appraisals involving hypothetical conditions related to completion of new construction, repairs or alteration are based on the assumption that such completion, alteration or recairs will be competently performed.
- 10. Unless the intended use of this appraisal specifically includes issues of property insurance coverage, this appraisal should not be used for such purposes. Reproduction or Replacement cost figures used in the cost approach are for valuation purposes only, given the intended use of the assignment. The Definition of Value used in this assignment is unlikely to be consistent with the definition of Insurable Value for property insurance coverage/use.
- 11. The ACI General Purpose Appraisal Report (GPAR™) is not intended for use in transactions that require a Fannie Mae 1025/Freddie Mac 72 form, also known as the Small Residential Income Property Appraisal Report (2-4 Family).

Additional Comments Related To Scope Of Work, Assumptions and Limiting Conditions

File No. 11000117

Appraiser's Certification

The appraiser(s) certifies that, to the best of the appraiser's knowledge and belief:

- 1. The statements of fact contained in this report are true and correct.
- 2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are the appraiser's personal, impartial, and unbiased professional analyses, opinions, and conclusions.

involved.	
 The appraiser has no bias with respect to the property that is the subject of this report or to t 	he parties involved with this assignment.
5. The appraiser's engagement in this assignment was not contingent upon developing or repo	orting predetermined results.
The appraiser's compensation for completing this assignment is not contingent upon the de- the client, the amount of the value opinion, the attainment of a stipulated result, or the occurren	
7. The appraiser's analyses, opinions, and conclusions were developed, and this report has be	en prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.
8. Unless otherwise noted, the appraiser has made a personal inspection of the property that is	s the subject of this report.
Unless noted below, no one provided significant real property appraisal assistance to the ap	praiser signing this certification. Significant real property appraisal assistance provided by:

Client: Private Appraisal	File N	o.: I1000117	
Property Address: 1041 Alabama Street	Case	No.: n/a	
City: San Francisco	State: CA	Zip: 94110	

NEIGHBORHOOD BOUNDARIES:

Subject is located in The Mission District. The neighborhood boundaries are as follows: Highway 101 to the North, Cesar Chavez Street to the South, Highway 101 again to the East, and Valencis Street to the West.

The Mission District is located in east-central San Francisco. It is bordered to the East by U.S. Route 101, which forms the boundary between the eastern portion of the district, known as "Inner Mission", and its eastern neighbor, Potrero Hill. Sanchez Street separates the neighborhood from Eureka Valley (containing the sub-district known as "the Castro") to the north west and Noe Valley to the south west. The part of the neighborhood from Valencia Street to Sanchez Street, north of 20th Street, is known as the "Mission Dolores" neighborhood. South of 20th Street towards 22nd Street, and between Valencia and Dolores Streets is a distinct neighborhood known as Liberty Hill. Cesar Chavez Street (formerly Army Street) is the southern border; across Cesar Chavez Street is the Bernal Heights neighborhood. North of the Mission District is the South of Market neighborhood, bordered roughly by Duboce Avenue and the elevated highway of the Central Freeway which runs above 13th Street.

NEIGHBORHOOD DESCRIPTION:

The subject is located in a mixed residential neighborhood better known as The Mission District. Properties in the area consists an array of different style of properties, most of which are of traditional & contemporary designs. Most of the properties in the area are typically average to well maintained. The Mission includes four recognized sub-districts. The northeastern quadrant, adjacent to Potrero Hill is known as a center for high tech startup businesses including some chic bars and restaurants. The northwest quadrant along Dolores Street is famous for Victorian mansions and the popular Dolores Park at 18th Street. Two main commercial zones, known as the Valencia corridor (Valencia St, from about 15th to 22nd) and the 24th Street corridor known as Calle 24 in the south central part of the Mission District are both very popular destinations for their restaurants, bars, galleries and street life. The neighborhood also has the largest concentration of murals in the city adorning buildings, fences, and walls throughout the district. The Mission also has one of the warmer and sunnier weather than most parts of the city. All major necessities such as schools, parks, shopping areas, public transportion and employment centers are well within minutes of the subject. However, most are within walking distance from the site.

NEIGHBORHOOD MARKET CONDITIONS:

Property values in the subject's neighborhood are currently stabilizing at the present time. However, most of the 2-4 units sold in the area are still selling close to their asking prices or higher. The marketing time for the neighborhood is approximately 1-3 months when priced realistically. This information was obtained for the local MLS board (SFARMLS).

The subject's market area favor standard conventional and government financing. The area does not appear to have a prevalence on loan discounts, interest buydowns or other sales concessions that would impact a property's marketability.

SITE COMMENTS:

A preliminary title report was not provided for review and should be reviewed for conditions that may have an adverse influence on the subject's value. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised of the title to it. The appraiser assumes that the title is good and marketable and therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.

The subject is located on a quiet residential street. There were no apparent adverse easements, encroachments, or special assessments noted during the time of inspection.

The zoning information was derived from National Data Collective (NDC), Realist.com or the San Francisco Recording Department.

The city of San Francisco does not participate in the FEMA emergency flood map program.

The streets are fully improved with curbs, gutters and sidewalks.

ANALYSIS OF RENTAL DATA:

The three rental comparables chosen above are considered to be the best available indicators of similar residential income generating properties in the subject's market area at the present time. The comparable rents are typical for the area and reflect low to upper end range rents for the subject property.

There is currently rent control in the city of San Francisco at the present time. The annual allowable increase amount effective March 1, 2017 through February 28, 2018 is 2.2 %. The annual allowable increase amount effective March 1, 2016 through February 28, 2017 was 1.6 %. There is no limit on the amount of rent a landlord may first charge the tenant when renting a vacant unit.

Client: Private Appraisal		File No.: 11000117
Property Address: 1041 Alabama Street		Case No.: n/a
City: San Francisco	State: CA	Zip: 94110

There are no rental concessions noted in order to attract tenants in the subject's neighborhood.

Most of the units in the neighborhood are rented on a yearly basis and becomes month to month after the first year.

Most of the tenants in the neighborhood typically pays for gas and electric. While the water and garbage is paid by the owner of the property.

Most of the units are rented vacant and unfurnished.

Rental Comparable #1 This is a smaller fourplex located in the subject's immediate market neighborhood. This property is located on a much busier feeder street than the subject's street. The vacant unit was updated with a remodeled kitchen & bath, refinished hardwood floors and new interior paint. This property is also subject to rent control as the subject. Per MLS: Fully detached Victorian 4 units on oversized lot. Located in heart of Mission District, short walking distance to Valencia Street, 24th Street, BART, shops and restaurants. 4-3 room apts (3 rented, 1 vacant), full basement w/sprinkler system, includes an office, bath (w/unfinished shower), 2nd toilet, parking for 1-2 vehicles, lots of storage space. A separate structure at rear of property, divided into 3 spaces (middle space has washer/dryer hookup in place). Space on right side of building may be used by small vehicle as driveway to rear of property. Vacant apt recently remodeled kitchen, bath, newly painted, refinished hardwood floors. Other improvements includes electrical panels, double pane windows.

Rental Comparable #2 This is a smaller size triplex with superior overall condition of its units. The lower unit is a commercial space currently being used as Mexican tamale parlor. The upper units are two one bedroom units currently rented at the upper end of the market, since both have been completely remodeled throughout. This property lacks a parking facility. Per MLS: Income Opportunity on 24th! Remodeled residential units which will be delivered vacant. Commercial space on ground floor. Two spacious 1BR/1BA Units + improved commercial space in great San Francisco restaurant location. Located mid-block on tree lined 24th Street in the heart of the Inner Mission food corridor. Property offers easy 101/280 and downtown access while having the active and vibrant international food at your front door.

Rental Comparable #3 This is a larger size triplex in overall better condition than the subject's units. This property is located on a much busier feeder street than the subject. It lacks an enclosed parking facility. Per MLS: 257-61 South Van Ness Avenue is a Mixed-Use Building located in the Inner Mission District of San Francisco. This property is comprised of 1-Three Bedroom Unit, 1-Four Bedroom Unit and 1-Commercial Unit with a full basement. There is a large patio and yard in the rear. This property is surrounded by many hip restaurants, bars and shops. It's close proximity to all of the start-ups and tech companies on Market St and in SOMA make it an incredibly convenient place for many renters, especially considering the easy access to public transportation.

COMMENTS ON SALES COMPARISON:

The comparable selection and valuation analysis is governed by the principle of substitution: a buyer will not pay more for one property than another that is equally desirable. When determinable, adjustments for significant differences in improvements were derived by matched paired analysis or the abstraction method. When not possible or practical, bracketing and/or the appraiser's knowledge and experience of the market area was utilized in determining the appropriate adjustments for differences. The appraiser searched for all available information utilizing the county records, multiple listing board, national data collective (ndcdata.com), realist.com, and previous appraisal reports completed within the subject's market neighborhood. These sources combined with conversations with real estate professionals from the area were considered. The comparables utilized in this report were determined to be the best available at the time of inspection.

My comparable search and results were based by utilizing the county records, multiple listing board, national data collective (ndcdata.com), realist.com, and previous appraisal reports completed within the subject's market neighborhood. The comparables utilized in this report were determined to be the best available at the time of inspection and were utilized for their similar square footage, age, condition, amenities, and close proximity to the subject property. Due to limited larger duplexes in the subject's inmediate market neighborhood, the appraiser was forced to expand the search up to a year's time. The comparables choosen were based on a mile radius to the subject, within 20% of the subject's GLA and located only in the Mission neighborhood. Based on these criteria, the appraiser was able to locate 11 closed sales and 4 competing listings in the area.

Variance in gross living area is adjusted at \$125.00 per square foot at a difference of one hundred square feet or more and rounded to the nearest five hundred.

Site value is based on an abstraction method of recent sales of developed properties that are similar in site size and utility of land within the subject's market area. Land to improvement ratio is considered to be typical for similar quality homes in the area.

adjustments for site value are based on market reaction within the subject's neighborhood of typical lot sizes and conformity to other properties in the area. The market reaction to the amount of excess land between the subject and the comparables are considered to be buyers preference for this segment of the real estate market. Therefore, after further evaluation, adjustment for site size was deemed necessary at this time.

Client: Private Appraisal	File No.:	11000117	
Property Address: 1041 Alabama Street	Case No	o.: n/a	
City: San Francisco	State: CA	Zip: 94110	

Variance in lot size was adjusted at a conservative rate of \$25.00 per square foot at a difference of one thousand square feet and larger and rounded to the nearest five hundred or thousand, whichever was closer.

Comparable #1 This is a smaller size duplex adjusted for its inferior overall condition of its improvements, since it has has more differed maintenance items than the subject. It was further adjusted for its smaller gross living area, additional half bath counts, additional enclosed parking spaces, and inferior one updated bath.

<u>Comments on the MLS:</u> Duplex in the Heart of the Mission! Two (2) flats, with three (3) car tandem parking + bonus room in basement. Property located in the hottest Inner Mission neighborhood. Units consist of 4-5 rooms with eat-in kitchens and 1.5 baths. Entire building to be delivered vacant! No history of Ellis or OMI. Ideal property for an investor or owner-user.

Comparable #2 This is also a smaller duplex adjusted for its inferior overall condition of its improvements, since it has more differred maintennance items than the subject, smaller gross living area, and inferior dated kitchens & baths.

<u>Comments on the MLS:</u> Inner Mission duplex. High ceilings and period details. The top unit has two bedrooms and one bathroom, the dining room is being used as a 3rd bedroom/den. The lower unit has a formal entry, two bedrooms and one bathroom, the dining room has also been used as a 3rd bedroom. Each unit has a formal living room with a fireplace and a large eat-in kitchen with a separate laundry area/room. The first level consist of a garage and an unwarranted bathroom and bonus/storage rooms.

Comparable #3 This is a larger size duplex adjusted for its superior gross living area, additional bathroom counts, lack of a finished basement, and superior remodeled baths.

Comments on the MLS: Prime Inner Mission 2 unit building with amazing owner's unit: approx 2,084 sqft, newly remodeled 2 level 2 bd, 2.5 ba, w/open floor plan, chef's kitchen w/ walk-in pantry, separate family room w/ wet bar, office, huge master suite, deck, garden, hot tub, outdoor shower, w/d & 2 car pkg. Upper flat: 2 bd/1.5 ba, approx 1,160 sqft flat nicely renovated in 2005, deck, w/d, tenant occupied (not protected) paying \$3,032 p/month

Comparable #4 This is a smaller duplex located on the same street as the subject. It was adjusted for its smaller lot size, better quality of construction, since it has much higher end finishes than the subjejct, better overall condition of its improvements, since the building has been completely stripped to the studs and remodeled, smaller gross living area, additional bedroom & bathroom count, fewer enclosed parking space, and superior remodeled bathrooms.

Comments on the MLS: 2 lovely Edwardian units! A super deal for an owner occupier looking for a house-like space with rental income. The 2-level upper unit feels like a house, has many original details, great light, hardwood floors and will be delivered vacant at COE! The first floor of the upper unit features a double parlor, an office, large hall split bath, FDR, kitchen w/pantry sun porch/laundry and small deck looking west. The top floor of the upper unit has 3 sunny BRs w/walk-in closets and 2 BAs. The lower unit has a LR, FDR, BR, kitchen and sun porch/laundry. Garage is vacant, parks 2 cars and has lots of storage space. The backyard is large and sunny. Transit, freeway access and shopping along hip 24th Street are a few blocks away

Comparable #5 This is a smaller size duplex adjusted for its larger lot size, better quality of construction, since it has higher end finishes than the subject, better overall condition of its improvements, since it has been better maintained & updated the subject, smaller gross living area, additional bathroom count, fewer remodeled kitchen and superior 1 remodeled bath.

Comments from the MLS: Italianate Victorian - A One of a Kind Elegant Victorian Home along Millionaires's Row on South Van Ness Avenue in the Sunny Mission sited on a large lot between Limon Restaurant and Urban Putt Restaurant. This Grand Dame has a large foot print and huge backyard. Restrained and quite livable. Make your own improvements and make an IMPRESSION. You could even have your own 'Foreign Cinema' in your backyard, showing films on a clean concrete wall, while drinking Margaritas in the Sunny Mission! Large 2 Car Garage with tall ceilings, 1 Br 1 Ba Au Pair, Out Building Storage Rooms and Decks!

Comparable #6 This is a pending sale used to reflect the current market condition for similar and competing properties in the neighborhood. It was also used to further support the subject's final estimated market value. It was adjusted for its smaller gross living area, lack of a finished basement, inferior 1 upgraded kitchenm, and for its dated baths. This property was sold \$355,000 above its list price.

Comments from the MLS: Tremendous opportunity 2-unit building in a prime Mission location, to be delivered totally vacant and with no prior evictions. Victorian building offers full floor flats with high ceilings, a large unfinished attic & huge garage & storage areas with expansion potential + garden. This is a great opportunity for either a contractor/builder to renovate and expand or for an end user to give it a facelift and make it their new home. Building could be a candidate for fast track condo conversion. Excellent location in the heart of the trendy Mission w/ 97 Walk Score, steps to destination establishments, Tartine Manufactory, Heath Ceramics, Universal Cafe and a plethora of dining and shopping options, bike paths, and access to area freeways

The appraiser has not performed any prior services, appraisal, or valuation assignments relating to the subject

Client: Private Appraisal	File No	: 11000117
Property Address: 1041 Alabama Street	Case N	o.: n/a
City: San Francisco	State: CA	Zip: 94110

property within the past (3) three years as an appraiser, or in any other capacity.

The subject's kitchen appliances were operational during the time of inspection.

The subject property has a wide range of values, due to varying conditions, total improvements, location, and the overall motivation factors of the sellers in the area.

More weight was given to comparable sale #2 and #3, since they had the fewest gross adjustments.

COMMENTS ON INCOME APPROACH:

The gross rent multiplier (GRM) was derived from the sales analysis in the rental comparable section, and the gross rent multiplier utilized on this report is considered adequate for the area based on the subject's overall condition of its improvements. The actual gross monthly rent was utilized on this report, since the subject's are subject to rent control.

FINAL RECONCILIATION:

Most emphasis was given to the sales comparison approach, as it best reflect the actions of the informed buyers and sellers in the subject's market area. Lesser weight was given to the cost approach due to varying construction cost/depreciation levels and the lack of vacant land sales in the area to extract value from. Lesser weight was also given to the income approach, due to unreliable rental data and most could off-skew the GRM due to long tenancy and the effects of rent control here in San Francisco.

COMMENTS ON INCOME APPROACH:

Lesser weight was also given to the income approach, due to unreliable rental data and most could off-skew the GRM due to long tenancy.

CONDITIONS OF APPRAISAL:

No financing adjustments were required as all sales are conventional or equivalent financing with terms typical of prevailing conventional market with no reported buydowns or other financing concessions considered to have an adverse effect on market value.

All electronic signatures on this report have a security feature maintained by individual passwords for each signing appraiser. No person can alter the appraisal without the exception of the original signing appraiser(s).

The intended user of this appraisal report is the lender/client. The intended use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

The purpose of this appraisal is to determine the Fair Market Value of the subject property. The property rights appraised are the fee simple interest in the site and improvements.

The value conclusions stated herein are "as is", but subject to revisions if new information is made available from inspections, disclosure statements, inaccurate real estate information, other data received, reviewed, and/or submitted by any person or entity that will materially affect the condition of the property and/or conclusion of value.

This appraisal report was prepared in the "electronic data interchange" (EDI) format. The report can be transported electronically by edi or pdf procedures. The signatures that are ascribed on the appropriate pages of this report requiring a signature are compliant with federal and state laws and are a true representation of the appraisers signature who conducted this report. Furthermore, uspap and the appraisal standards board states that electronically affixing a signature to a report has the same level of authenticity and responsibility as an ink signature on a paper appraisal report. The signatures in this report have a security feature maintained by individual passwords. The ascribed appraiser maintains that, to the best of his knowledge, no person can alter the appraisal with the exception of himself.

The appraiser is not an expert in the field of building inspection, wood infestation or engineering. An expert in the field of engineering and/or seismic hazard detection should be consulted if an analysis of seismic safety and seismic structural safety is desired. The appraisal should not be relied upon as to whether seismic problem exists, or does not actually exist. Except as specifically indicated in this appraisal, no reports, disclosure statements, certified hazard zone report, studies and/or surveys were presented and/or reviewed by this appraiser that would negatively impact the property other than those mentioned specifically in the body of the report.

Additionally, the existence of hazardous substances and/or materials without limitation that may be present on the property. The appraiser does not possess the expertise to test or identify hazardous substances or environmental conditions that may affect the value of the property. The indicated value is predicated on the assumption that no such condition exists on the property or in such proximity to cause a loss in value. No responsibility is assumed. The client is urged to retain experts in the appropriate fields to consult in regard to hazardous substances or materials.

Complete Visual Inspection Does Not Include: When applicable, the inspection of the attic or crawlspace (beyond head or shoulder), activation and testing of mechanical systems, including, but not limited to, private well & septic systems, furnace, air conditioning systems, garage door operation, built-in appliances, plumbing, electrical system or fireplace where applicable. Complete visual inspection does not include moving personal property to inspect various items, checking for code compliance or checking windows or doors for functional use. This appraisal report is intended value purposes only and is limited to what this appraiser can view from grade level and is not to be used as a home inspection. This appraiser is not a home inspector, contractor, termite inspector, environmental inspector or structural engineer and therefore is not an expert in foundation walls, exterior walls, gutters and downspouts, termites, mold or mechanical systems and can only comment on items that are readily observable at the time of observing the property. This appraisal report is not a home inspection, this appraiser only performed a visual observation of accessible areas and the appraisal report cannot be relied upon to disclose conditions, environmental problems and/or defects in the property.

The value conclusions stated herein are as of the effective date as stated in the body of the appraisal. The attached report contains the description, analysis, and supportive data for the conclusions, final opinion of value, descriptive photographs, limiting conditions and appropriate certifications.

The appraiser has prepared this appraisal in full compliance with the home valuation code of conduct and has not performed, participated in, or been associated with any activity in violation of the code.

The appraiser certifies that the client/lender, the AMC or the borrower noted on this appraisal report did not improperly influence or attempt to improperly influence the outcome of this appraisal by doing any of the things prohibited by Section 1(B) of the Appraiser Independence Requirements, effective 10/15/2010.

The appraiser has no current or prospective interest in the subject property or the parties involved: and no services were performed by the appraiser within the 3 year period immediately preceding acceptance of this assignment, as an appraiser or in any capacity.

Appraiser Independence Certification

n/a File No : 11000117

Borrower: Gloria Lopez Property Address: 1041 Alabama Street County: San Francisco State: CA Zip Code: 94110 City: San Francisco Lender/Client: Private Appraisal

I do hereby certify, I have followed the appraiser independence safeguards in compliance with Appraisal Independence and any applicable state laws I may be required to comply with. This includes but is not limited to the following:

- I am currently licensed and/or certified by the state in which the property to be appraised is located. My license is the appropriate license for the appraisal assignment(s) and is reflected on the appraisal report.
- I certify that there have been no sanctions against me for any reason that would impair my ability to perform appraisals pursuant to the required guidelines.

I assert that no employee, director, officer, or agent of the Lender/Client, or any other third party acting as joint venture partner, independent contractor, appraisal company, appraisal management company, or partner on behalf of the Lender/Client, influenced or attempted to influence the development, reporting, result, or review of the appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

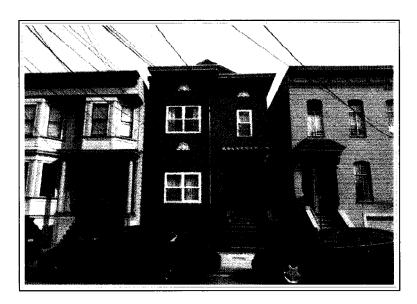

I further assert that the Lender/Client has never participated in any of the following prohibited behavior in our business relationship:

- 1. Withholding or threatening to withhold timely payment or partial payment for the appraisal report;
- 2. Withholding or threatening to withhold future business, or demoting or terminating, or threatening to demote or terminate my services;
- 3. Expressly or implicitly promising future business, promotions, or increased compensation for my services;
- 4. Conditioning the ordering of the appraisal report or the payment of the appraisal fee or salary or bonus on my opinion, conclusion or valuation reached, or on a preliminary value estimate requested;
- 5. Requesting an estimated, predetermined, or desired valuation in the appraisal report, prior to the completion of the appraisal report, or requesting estimated values or comparable sales at any time prior to the completion of the appraisal report;
- 6. Providing an anticipated, estimated, encouraged or desired value for the subject property, or a proposed or target amount to be loaned to the Borrower, except that a copy of the sales contract may have been provided if the assignment was for a purchase transaction;
- 7. Providing stock or other financial or non-financial benefits to me or any entity or person related to me, my appraisal or appraisal management company, if applicable;
- 8. Any other act or practice that impairs or attempts to impair my independence, objectivity or impartiality, or violates law or regulation, including but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the Uniform Standards of Professional Appraisal Practice (USPAP).

Small Residential Income Property Appraisal Report

File No. 11000217

Scope of Work, Assumptions and Limiting Conditions

Scope of work is defined in the Uniform Standards of Professional Appraisal Practice as " the type and extent of research and analyses in an assignment." In short, scope of work is simply what the appraiser did and did not do during the course of the assignment. It includes, but is not limited to: the extent to which the property is identified and inspected, the type and extent of data researched, the type and extent of analyses applied to arrive at opinions or conclusions.

The scope of this appraisal and ensuing discussion in this report are specific to the needs of the client, other identified intended users and to the intended use of the report. This report was prepared for the sole and exclusive use of the client and other identified intended users for the identified intended use and its use by any other parties is prohibited. The appraiser is not responsible for unauthorized use of the report.

The appraiser's certification appearing in this appraisal report is subject to the following conditions and to such other specific conditions as are set forth by the appraiser in the report. All extraordinary assumptions and hypothetical conditions are stated in the report and might have affected the

- 1. The appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or title thereto, nor does the appraiser render any opinion as to the title, which is assumed to be good and marketable. The property is appraised as though under responsible ownership.
- 2. Any sketch in this report may show approximate dimensions and is included only to assist the reader in visualizing the property. The appraiser has made no survey of the property.
- 3. The appraiser is not required to give testimony or appear in court because of having made the appraisal with reference to the property in question, unless arrangements have been previously made thereto.
- 4. Neither all, nor any part of the content of this report, copy or other media thereof (including conclusions as to the property value, the identity of the appraiser, professional designations, or the firm with which the appraiser is connected), shall be used for any purposes by anyone but the client and other intended users as identified in this report, nor shall it be conveyed by anyone to the public through advertising, public relations, news, sales, or other media, without the written consent of the appraiser
- The appraiser will not disclose the contents of this appraisal report unless required by applicable law or as specified in the Uniform Standards of Professional Appraisal Practice.
- 6. Information, estimates, and opinions furnished to the appraiser, and contained in the report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the appraiser is assumed by the appraiser,
- 7. The appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The appraiser assumes no responsibility for such conditions, or for engineering or testing, which might be required to discover such factors. This appraisal is not an environmental assessment of the property and
- 8. The appraiser specializes in the valuation of real property and is not a home inspector, building contractor, structural engineer, or similar expert, unless otherwise noted. The appraiser did not conduct the intensive type of field observations of the kind intended to seek and discover property defects. The viewing of the property and any improvements is for purposes of developing an opinion of the defined value of the property, given the intended use of this assignment. Statements regarding condition are based on surface observations only. The appraiser claims no special expertise regarding issues including, but not limited to: foundation settlement, basement moisture problems, wood destroying (or other) insects, pest infestation, radon gas, lead based paint, mold or environmental issues. Unless otherwise indicated, mechanical systems were not activated or tested.

This appraisal report should not be used to disclose the condition of the property as it relates to the presence/absence of defects. The client is invited and encouraged to employ qualified experts to inspect and address areas of concern. If negative conditions are discovered, the opinion of value may be affected.

Unless otherwise noted, the appraiser assumes the components that constitute the subject property improvement(s) are fundamentally sound and in

Any viewing of the property by the appraiser was limited to readily observable areas. Unless otherwise noted, attics and crawl space areas were not accessed. The appraiser did not move furniture, floor coverings or other items that may restrict the viewing of the property.

- 9. Appraisals involving hypothetical conditions related to completion of new construction, repairs or alteration are based on the assumption that such completion, alteration or repairs will be competently performed.
- 10. Unless the intended use of this appraisal specifically includes issues of property insurance coverage, this appraisal should not be used for such purposes. Reproduction or Replacement cost figures used in the cost approach are for valuation purposes only, given the intended use of the assignment. The Definition of Value used in this assignment is unlikely to be consistent with the definition of Insurable Value for property insurance coverage/use.
- 11. The ACI General Purpose Appraisal Report (GPAR™) is not intended for use in transactions that require a Fannie Mae 1025/Freddie Mac 72 form, also known as the Small Residential Income Property Appraisal Report (2-4 Family).

Additional Comments Related To Scope Of Work, Assumptions and Limiting Conditions

NEIGHBORHOOD BOUNDARIES:

Subject is located in The Mission District. The neighborhood boundaries are as follows: Highway 101 to the North, Cesar Chavez Street to the South, Highway 101 again to the East, and Valencis Street to the West.

The Mission District is located in east-central San Francisco. It is bordered to the East by U.S. Route 101, which forms the boundary between the eastern portion of the district, known as "Inner Mission", and its eastern neighbor, Potrero Hill. Sanchez Street separates the neighborhood from Eureka Valley (containing the sub-district known as "the Castro") to the north west and Noe Valley to the south west. The part of the neighborhood from Valencia Street to Sanchez Street, north of 20th Street, is known as the "Mission Dolores" neighborhood. South of 20th Street towards 22nd Street, and between Valencia and Dolores Streets is a distinct neighborhood known as Liberty Hill. Cesar Chavez Street (formerly Army Street) is the southern border; across Cesar Chavez Street is the Bernal Heights neighborhood. North of the Mission District is the South of Market neighborhood, bordered roughly by Duboce Avenue and the elevated highway of the Central Freeway which runs above 13th Street.

NEIGHBORHOOD DESCRIPTION:

The subject is located in a mixed residential neighborhood better known as The Mission District. Properties in the area consists an array of different style of properties, most of which are of traditional & contemporary designs. Most of the properties in the area are typically average to well maintained. The Mission includes four recognized sub-districts. The northeastern quadrant, adjacent to Potrero Hill is known as a center for high tech startup businesses including some chic bars and restaurants. The northwest quadrant along Dolores Street is famous for Victorian mansions and the popular Dolores Park at 18th Street. Two main commercial zones, known as the Valencia corridor (Valencia St, from about 15th to 22nd) and the 24th Street corridor known as Calle 24 in the south central part of the Mission District are both very popular destinations for their restaurants, bars, galleries and street life. The neighborhood also has the largest concentration of murals in the city adorning buildings, fences, and walls throughout the district. The Mission also has one of the warmer and sunnier weather than most parts of the city. All major necessities such as schools, parks, shopping areas, public transportion and employment centers are well within minutes of the subject. However, most are within walking distance from the site.

NEIGHBORHOOD MARKET CONDITIONS:

Property values in the subject's neighborhood are currently stabilizing at the present time. However, most of the 2-4 units sold in the area are still selling close to their asking prices or higher. The marketing time for the neighborhood is approximately 1-3 months when priced realistically. This information was obtained for the local MLS board (SFARMLS).

The subject's market area favor standard conventional and government financing. The area does not appear to have a prevalence on loan discounts, interest buydowns or other sales concessions that would impact a property's marketability.

SITE COMMENTS:

A preliminary title report was not provided for review and should be reviewed for conditions that may have an adverse influence on the subject's value. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised of the title to it. The appraiser assumes that the title is good and marketable and therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.

The subject is located on a quiet residential street. There were no apparent adverse easements, encroachments, or special assessments noted during the time of inspection.

The zoning information was derived from National Data Collective (NDC), Realist.com or the San Francisco Recording Department.

The city of San Francisco does not participate in the FEMA emergency flood map program.

The streets are fully improved with curbs, gutters and sidewalks.

ANALYSIS OF RENTAL DATA:

The three rental comparables chosen above are considered to be the best available indicators of similar residential income generating properties in the subject's market area at the present time. The comparable rents are typical for the area and reflect low to upper end range rents for the subject property.

There is currently rent control in the city of San Francisco at the present time. The annual allowable increase amount effective March 1, 2017 through February 28, 2018 is 2.2 %. The annual allowable increase amount effective March 1, 2016 through February 28, 2017 was 1.6 %. There is no limit on the amount of rent a landlord may first charge the tenant when renting a vacant unit.

Client: Private Appraisal	File No.: I1000217	
Property Address: 1041-1043-1043A Alabama Street	Case No.: n/a	
City: San Francisco	State: CA Zip: 94110	

There are no rental concessions noted in order to attract tenants in the subject's neighborhood.

Most of the units in the neighborhood are rented on a yearly basis and becomes month to month after the first year.

Most of the tenants in the neighborhood typically pays for gas and electric. While the water and garbage is paid by the owner of the property.

Most of the units are rented unfurnished.

Rental Comparable #1 This is a smaller fourplex located in the subject's immediate market neighborhood. This property is located on a much busier feeder street than the subject's street. The vacant unit was updated with a remodeled kitchen & bath, refinished hardwood floors and new interior paint. This property is also subject to rent control as the subject. Per MLS: Fully detached Victorian 4 units on oversized lot. Located in heart of Mission District, short walking distance to Valencia Street, 24th Street, BART, shops and restaurants. 4-3 room apts (3 rented, 1 vacant), full basement w/sprinkler system, includes an office, bath (w/unfinished shower), 2nd toilet, parking for 1-2 vehicles, lots of storage space. A separate structure at rear of property, divided into 3 spaces (middle space has washer/dryer hookup in place). Space on right side of building may be used by small vehicle as driveway to rear of property. Vacant apt recently remodeled kitchen, bath, newly painted, refinished hardwood floors. Other improvements includes electrical panels, double pane windows.

Rental Comparable #2 This is a smaller size triplex with superior overall condition of its units. The lower unit is a commercial space currently being used as Mexican tamale parlor. The upper units are two one bedroom units currently rented at the upper end of the market, since both have been completely remodeled throughout. This property lacks a parking facility. Per MLS: Income Opportunity on 24th! Remodeled residential units which will be delivered vacant. Commercial space on ground floor. Two spacious 1BR/1BA Units + improved commercial space in great San Francisco restaurant location. Located mid-block on tree lined 24th Street in the heart of the Inner Mission food corridor. Property offers easy 101/280 and downtown access while having the active and vibrant international food at your front door.

Rental Comparable #3 This is a larger size triplex in overall better condition than the subject's units. This property is located on a much busier feeder street than the subject. It lacks an enclosed parking facility. Per MLS: 257-61 South Van Ness Avenue is a Mixed-Use Building located in the Inner Mission District of San Francisco. This property is comprised of 1-Three Bedroom Unit, 1-Four Bedroom Unit and 1-Commercial Unit with a full basement. There is a large patio and yard in the rear. This property is surrounded by many hip restaurants, bars and shops. It's close proximity to all of the start-ups and tech companies on Market St and in SOMA make it an incredibly convenient place for many renters, especially considering the easy access to public transportation.

COMMENTS ON SALES COMPARISON:

The comparable selection and valuation analysis is governed by the principle of substitution: a buyer will not pay more for one property than another that is equally desirable. When determinable, adjustments for significant differences in improvements were derived by matched paired analysis or the abstraction method. When not possible or practical, bracketing and/or the appraiser's knowledge and experience of the market area was utilized in determining the appropriate adjustments for differences. The appraiser searched for all available information utilizing the county records, multiple listing board, national data collective (ndcdata.com), realist.com, and previous appraisal reports completed within the subject's market neighborhood. These sources combined with conversations with real estate professionals from the area were considered. The comparables utilized in this report were determined to be the best available at the time of inspection.

My comparable search and results were based by utilizing the county records, multiple listing board, national data collective (ndcdata.com), realist.com, and previous appraisal reports completed within the subject's market neighborhood. The comparables utilized in this report were determined to be the best available at the time of inspection and were utilized for their similar square footage, age, condition, amenities, and close proximity to the subject property. Due to limited similar size triplexes in the subject's immediate market neighborhood, the appraiser was forced to utilize properties in excess of 20% of the subject's GLA, sold within 10 month time frame with the exception of comparable #7, and are located within a mile radius to the subject. Based on these criteria, the appraiser was able to locate 10 closed sales and 6 competing listings in the area.

Variance in gross living area is adjusted at \$125.00 per square foot at a difference of one hundred square feet or more and rounded to the nearest five hundred.

Site value is based on an abstraction method of recent sales of developed properties that are similar in site size and utility of land within the subject's market area. Land to improvement ratio is considered to be typical for similar quality homes in the area.

adjustments for site value are based on market reaction within the subject's neighborhood of typical lot sizes and conformity to other properties in the area. The market reaction to the amount of excess land between the subject and the comparables are considered to be buyers preference for this segment of the real estate market. Therefore, after further evaluation, adjustment for site size was deemed necessary at this time.

Client: Private Appraisal	File No.: I1000217	
Property Address: 1041-1043-1043A Alabama Street	Case No.: n/a	
City: San Francisco	State: CA Zip: 94110	

Variance in lot size was adjusted at a conservative rate of \$25.00 per square foot at a difference of one thousand square feet and larger and rounded to the nearest five hundred or thousand, whichever was closer.

Comparable #1 This is a smaller size triplex adjusted for its smaller gross living area, superior bedroom count, lack of an enclosed parking spaces, and for its inferior dated kitchens.

<u>Comments on the MLS:</u> Great rental property in the heart of Inner Mission. This Victorian 3 unit building is steps away from public transportation, school, cafes, grocery/produce and restaurants. All 3 units has 3BR and 1BA, high ceiling, washer/laundry hook ups, each has access to the back yard, spacious eat in kitchen, french doors going to the kitchen and decorative fireplace.

Comparable #2 This is a larger size triplex adjusted for its inferior location on a neighborhood access street & sides to a pre-school, smaller lot size, larger gross living area, inferior wall heating system, lack of an enclosed parking spaces, and for its dated kitchen & baths.

Comments on the MLS: Large Edwardian 3 unit building in highly desirable Inner Mission. The lower unit is rented for \$2,320/month to month. It is a full floor flat with 6 rooms comprising of 3 bedrooms & split bath. The middle unit is vacant & is also a full floor flat with 6 rooms, split bath & flexible floor plan. The upper unit is rented for \$3,296/month to month & is a full floor flat with a finished attic. Features: Hardwood & softwood floors; Built in china cabinets, double parlors & many turn of the century details; Visible copper plumbing, circuit breakers & wall heaters. This building is centrally located close to transportation, parks & many of the shops & restaurants that make San Francisco special.

Comparable #3 This is a similar size triplex adjusted for its smaller lot size, better overall quality of construction, since it has higher end finishes than the subject, better overall condition of its improvements, since it was completely remodeled to the studs back in 2008, additional bathroom count, fewer enclosed parking spaces and for its superior remodeled kitchen & baths.

<u>Comments on the MLS:</u> One of the best 3 unit rental buildings in the Mission, Total rebuild down to the studs in 2008, turn key low maintenance property. Walk to Flour and Water, Central Kitchen, Atlas Cafe. Easy commute south, or MUNI/BART Caltrain access. Tenants pay water and garbage, the units that are occupied are all young professionals, '10-'11 move in dates. Plenty of upside, full basement that tenants do not have access to could be developed as an ADU, added floor to the vacant unit, garage, or a combination of any/all of the above.

Comparable #4 This is a larger size triplex adjusted for its inferior location on a neighborhood feeder street, smaller lot size, larger gross living area, additional bedroom count, inferior wall heating system, lack of an enclosed parking spaces, and for its inferior dated kitchens.

Comments on the MLS: Great rental property in a prime Inner Mission location. This Classic Edwardian 3-Unit building is steps away from restaurants, cafes, public transportation and BART. Each spacious flat features 3 bedrooms, 1 bath, high ceilings, charming period details, a decorative fireplace, double parlor doors, large eat-in kitchen, and washer/dryer hook ups. Lower level includes a spacious basement that has expansion potential, buyers to investigate whether a garage expansion is possible. Lower level is empty with no tenant storage and direct access to the rear yard.

Comparable #5 This is a pending sale used to reflect the current market trend for similar and competing properties in the neighborhood and to further support the subject's final estimated market value. It was adjusted for its additional bedroom count, inferior wall heating systems, lack of an enclosed parking spaces, and for its inferior 1 updated kitchen. No adjustment was made off its listing price, since it most likely sold at asking price or higher. Please see the attached form 1004MC to view the market conditions in the neighborhood.

Comments from the MLS: Major Price Reduction! Vacant Three Unit Victorian building in the heart of the Mission District in San Francisco. The top two units have impressive views of downtown San Francisco. The building also has a large basement, which offers a multitude of development options. This is a must see investment opportunity that offers plenty of upside potential. The building is located directly across the street from the Boys and Girls Club, and is walking distance to Mission Street and Valencia Street. It is also conveniently located near all major commuter routes.

Comparable #6 This is also a pending sale used to reflect the current market condition for similar and competing properties in the neighborhood and to further support the subject's final estimated market value. It was adjusted for its superior quality of construction with much higher quality finishes, superior condition of its improvements, since the entire building was recently remodeled throughout, larger gross living area, superior bathroom count, fewer enclosed parking spaces, and for its newly remodeled kitchens & baths. No adjustment was made off its listing price, since it most likely sold at asking price or higher. Please see the attached form 1004MC to view the market conditions in the neighborhood.

<u>Comments from the MLS:</u> Ideal property for savvy investors looking f/turnkey, low-maintenance, multi-family income property in one of SF's most desirable neighborhoods. Low maintenance building earns strong market-rate rents. 3 renovated and permitted 3BR, 2BA units w/new electrical, plumbing, heating & high-quality

Client: Private Appraisal	File No : 11000217		
Property Address: 1041-1043-1043A Alabama Street	Case No.: n/a		l
City: San Francisco	State: CA Zip: 94110		

finishes & appliances to maximize income & tenant sat. Upgraded foundation, new windows, floors and walls f/low long-term maintenance costs. Seismically retrofitted. San Bruno Ave is a tree-lined street tucked off 24th St w/strong record of appreciation. Markets, bookstores, bakeries, coffee shops, bars, restaurants and drug stores nearby. Easy access to freeways and tech shuttles. Excellent asset f/1031 Exchange. \$175k/yr Income. GRM 15.69. Cap Rate 4.82%.

Comparable #7 This is a dated sale used mainly for its similar design as the subject. Although its one bedroom apartment in the basement was not legal during the time of sale, it best illustrate the marketability of similar units in the area. This property was adjusted for its smaller gross living area, inferior wall heating system, and for its inferior updated baths. This property was purchased all in cash. Some cash buyers tend to pay above the fair market value of a property.

Comments from the MLS: Inner Mission duplex- vacant & ready to go! Original owners built in 1900. Classic flats. 3Br/1Ba top floor, 2Br/1Ba mid-level, 1 Br/1 Ba possible in-law/au pair/home office w/separate entrance, & 2 small-car garage on street level. Both upper units offer fireplaces, refinished oak floors, formal dining room, large kitchens (one updated), & walk-in porch style laundry rooms. Both units separately metered w/newer electrical service. Front security gate, some upgrades & some dual pane windows. Nice location! Both sides are detached with living rooms having a zero lot line creating a bright, well lit interior with additional expansion space possible into large sunny back yard! Prime opportunity! Embellish original character & charm of the era.

The subject's kitchen appliances were operational during the time of inspection.

The subject property has a wide range of values, due to varying conditions, total improvements, location, and the overall motivation factors of the sellers in the area.

More weight was given to comparable sale #1, since it had the fewest gross adjustments and is the most recent closed sale in the area.

COMMENTS ON INCOME APPROACH:

The gross rent multiplier (GRM) was derived from the sales analysis in the rental comparable section, and the gross rent multiplier utilized on this report is considered adequate for the area based on the subject's overall condition of its improvements. The actual gross monthly rent was utilized on this report, since the subject's are subject to rent control.

FINAL RECONCILIATION:

Most emphasis was given to the sales comparison approach, as it best reflect the actions of the informed buyers and sellers in the subject's market area. Lesser weight was given to the cost approach due to varying construction cost/depreciation levels and the lack of vacant land sales in the area to extract value from. Lesser weight was also given to the income approach, due to unreliable rental data and most could off-skew the GRM due to long tenancy and the effects of rent control here in San Francisco.

COMMENTS ON INCOME APPROACH:

The gross rent multiplier (GRM) was derived from the sales analysis in the rental comparable section, and the gross rent multiplier utilized on this report is considered adequate for the area based on the subject's overall condition of its improvements. The actual gross monthly rent was utilized on this report, since the subject's are subject to rent control.

FINAL RECONCILIATION:

Most emphasis was given to the sales comparison approach, as it best reflect the actions of the informed buyers and sellers in the subject's market area. Lesser weight was given to the cost approach due to varying construction cost/depreciation levels and the lack of vacant land sales in the area to extract value from. Lesser weight was also given to the income approach, due to unreliable rental data and most could off-skew the GRM due to long tenancy.

CONDITIONS OF APPRAISAL:

No financing adjustments were required as all sales are conventional or equivalent financing with terms typical of prevailing conventional market with no reported buydowns or other financing concessions considered to have an adverse effect on market value.

All electronic signatures on this report have a security feature maintained by individual passwords for each signing appraiser. No person can alter the appraisal without the exception of the original signing appraiser(s).

The intended user of this appraisal report is the lender/client. The intended use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

Client: Private Appraisal	File No.: I1000217	
Property Address: 1041-1043-1043A Alabama Street	Case No.: n/a	
City: San Francisco	State: CA	Zip: 94110

The purpose of this appraisal is to determine the Fair Market Value of the subject property. The property rights appraised are the fee simple interest in the site and improvements.

The value conclusions stated herein are "as is", but subject to revisions if new information is made available from inspections, disclosure statements, inaccurate real estate information, other data received, reviewed, and/or submitted by any person or entity that will materially affect the condition of the property and/or conclusion of value.

This appraisal report was prepared in the "electronic data interchange" (EDI) format. The report can be transported electronically by edi or pdf procedures. The signatures that are ascribed on the appropriate pages of this report requiring a signature are compliant with federal and state laws and are a true representation of the appraisers signature who conducted this report. Furthermore, uspap and the appraisal standards board states that electronically affixing a signature to a report has the same level of authenticity and responsibility as an ink signature on a paper appraisal report. The signatures in this report have a security feature maintained by individual passwords. The ascribed appraiser maintains that, to the best of his knowledge, no person can alter the appraisal with the exception of himself.

The appraiser is not an expert in the field of building inspection, wood infestation or engineering. An expert in the field of engineering and/or seismic hazard detection should be consulted if an analysis of seismic safety and seismic structural safety is desired. The appraisal should not be relied upon as to whether seismic problem exists, or does not actually exist. Except as specifically indicated in this appraisal, no reports, disclosure statements, certified hazard zone report, studies and/or surveys were presented and/or reviewed by this appraiser that would negatively impact the property other than those mentioned specifically in the body of the report.

Additionally, the existence of hazardous substances and/or materials without limitation that may be present on the property. The appraiser does not possess the expertise to test or identify hazardous substances or environmental conditions that may affect the value of the property. The indicated value is predicated on the assumption that no such condition exists on the property or in such proximity to cause a loss in value. No responsibility is assumed. The client is urged to retain experts in the appropriate fields to consult in regard to hazardous substances or materials.

Complete Visual Inspection Does Not Include: When applicable, the inspection of the attic or crawlspace (beyond head or shoulder), activation and testing of mechanical systems, including, but not limited to, private well & septic systems, furnace, air conditioning systems, garage door operation, built-in appliances, plumbing, electrical system or fireplace where applicable. Complete visual inspection does not include moving personal property to inspect various items, checking for code compliance or checking windows or doors for functional use. This appraisal report is intended value purposes only and is limited to what this appraiser can view from grade level and is not to be used as a home inspection. This appraiser is not a home inspector, contractor, termite inspector, environmental inspector or structural engineer and therefore is not an expert in foundation walls, exterior walls, gutters and downspouts, termites, mold or mechanical systems and can only comment on items that are readily observable at the time of observing the property. This appraisal report is not a home inspection, this appraiser only performed a visual observation of accessible areas and the appraisal report cannot be relied upon to disclose conditions, environmental problems and/or defects in the property.

The value conclusions stated herein are as of the effective date as stated in the body of the appraisal. The attached report contains the description, analysis, and supportive data for the conclusions, final opinion of value, descriptive photographs, limiting conditions and appropriate certifications.

The appraiser has prepared this appraisal in full compliance with the home valuation code of conduct and has not performed, participated in, or been associated with any activity in violation of the code.

The appraiser certifies that the client/lender, the AMC or the borrower noted on this appraisal report did not improperly influence or attempt to improperly influence the outcome of this appraisal by doing any of the things prohibited by Section 1(B) of the Appraiser Independence Requirements, effective 10/15/2010.

The appraiser has no current or prospective interest in the subject property or the parties involved: and no services were performed by the appraiser within the 3 year period immediately preceding acceptance of this assignment, as an appraiser or in any capacity.

The subject's final estimated market value, is subject to legalizing the basement unit.

Appraiser Independence Certification

n/a File No.: 11000217

Borrower: Gloria Lopez
Property Address: 1041-1043-1043A Alabama Street
City: San Francisco County: San Francisco State: CA Zip Code: 94110
Lender/Client: Private Appraisal

I do hereby certify, I have followed the appraiser independence safeguards in compliance with Appraisal Independence and any applicable state laws I may be required to comply with. This includes but is not limited to the following:

- I am currently licensed and/or certified by the state in which the property to be appraised is located. My license is the appropriate license for the appraisal assignment(s) and is reflected on the appraisal report.
- I certify that there have been no sanctions against me for any reason that would impair my ability to perform appraisals pursuant to the required guidelines.

I assert that no employee, director, officer, or agent of the Lender/Client, or any other third party acting as joint venture partner, independent contractor, appraisal company, appraisal management company, or partner on behalf of the Lender/Client, influenced or attempted to influence the development, reporting, result, or review of the appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

I further assert that the Lender/Client has never participated in any of the following prohibited behavior in our business relationship:

- 1. Withholding or threatening to withhold timely payment or partial payment for the appraisal report;
- 2. Withholding or threatening to withhold future business, or demoting or terminating, or threatening to demote or terminate my services;
- 3. Expressly or implicitly promising future business, promotions, or increased compensation for my services;
- 4. Conditioning the ordering of the appraisal report or the payment of the appraisal fee or salary or bonus on my opinion, conclusion or valuation reached, or on a preliminary value estimate requested;
- 5. Requesting an estimated, predetermined, or desired valuation in the appraisal report, prior to the completion of the appraisal report, or requesting estimated values or comparable sales at any time prior to the completion of the appraisal report;
- Providing an anticipated, estimated, encouraged or desired value for the subject property, or a proposed or target amount to be loaned to the Borrower, except that a copy of the sales contract may have been provided if the assignment was for a purchase transaction;
- Providing stock or other financial or non-financial benefits to me or any entity or person related to me, my appraisal or appraisal management company, if applicable;
- Any other act or practice that impairs or attempts to impair my independence, objectivity or impartiality, or violates law or regulation, including but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the Uniform Standards of Professional Appraisal Practice (USPAP).

Re: Property: 2005 17th St ("as is" condition)

San Francisco, CA 94103

Borrower: N/A File No.: 25020362

Opinion of Value: \$ 1,475,000 Effective Date: 02/20/2020

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

Sincerely,

Robert V. Singer Certification #: AR016094

Summary of Sales Comparison Approach:

San Francisco

Erik Terreri

Borrower

City

Property Address

Lender/Client

The appraiser has conducted a 12 month search for comparable properties within the subject's immediate neighborhood and in similar and competing neighborhoods. Those comparables utilized in this report are considered the best available at the time of the inspection and most representative of the subject property. Adjustments are based on market data, matched pair analysis, and/or the appraiser's experience in the market area. These adjustments are considered to reflect the typical buyer's reaction based on the principle of substitution.

LOCATION: Comparables #1 and #2 have superior north slope Potrero Hill locations as compared the subject which is located on a busy street in a high density mixed use area. Based on market data, these comparables are adjusted downward \$150,000 for their superior location as compared to the subject property.

VIEWS: Differences in views are based on market data and are made relative to the subject property.

ROOM COUNT: No adjustment is given for differences in bedroom count as this is reflected in the overall square footage adjustment. Per market data, bathrooms are adjusted at \$20,000 each (\$10,000 per 1/2 bathroom).

SQUARE FOOTAGE: According to current market data, differences in living area 100 square feet are adjusted at \$250/soft. (rounded to the nearest \$500).

PARKING: Comparables are adjusted at \$75,000 per garage space difference based on market data and the appraiser's experience in the market area. This adjustment also considers the general lack of street parking as well as expense of adding parking to the lower level.

BONUS ROOMS: Based on market data and matched paired analysis, properties with additional finished bonus rooms are adjusted at \$75,000. Bonus rooms are typical and have good marketability. This adjustment is based on the appraiser's experience in the market area and considers the overall cost to improve.

RECONCILIATION: Greatest weight is given to Comparable #1 due to its most recent date of sale which best reflects current market conditions.

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- · The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence
- of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by

the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Under USPAP Standards Rule 2-2(c), this is a Restricted Use Appraisal Report, and is intended only for the sole use of the named client. There are no other intended users. The client must clearly understand that the appraiser's opinions and conclusions may not be understood properly without additional information in the appraiser's work file.

In developing this appraisal, the appraiser has incorporated only the Sales Comparison Approach. The appraiser has excluded the Cost and Income Approaches to Value, due to being inapplicable given the limited scope of the appraisal. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible, and the client agrees that the limited scope of analysis is appropriate given the intended use.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

APPRAISER'S CERTIFICATION

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- · My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite

to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions

whereby:

- 1. Buyer and seller are typically motivated;
- 2. Both parties are well informed or well advised and acting in what they consider their own best interests:
- 3. A reasonable time is allowed for exposure in the open market;
- 4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions

granted by anyone associated with the sale.

This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions

Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System

(FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS),

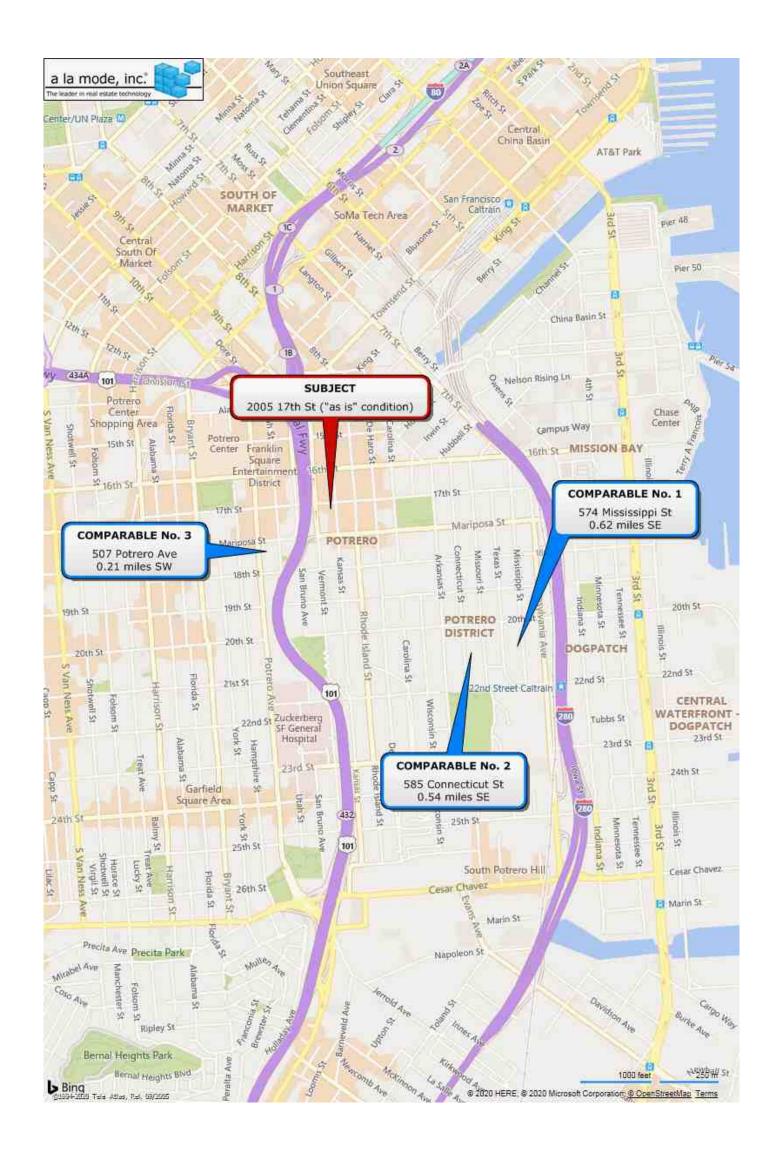

and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS

FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

Re: Property: 2005 17th St (as a 2 Unit Bldg)

San Francisco, CA 94103

Borrower: N/A File No.: 25020372

Opinion of Value: \$ 1,475,000 Effective Date: 02/02/2020

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

Sincerely,

Robert V. Singer Certification #: AR016094

Supplemental Addendum

File No. 25020372	

Borrower	N/A			
Property Address	2005 17th St (as a 2 Unit Bldg)			
City	San Francisco	County San Francisco	State CA	Zip Code 94103
Lender/Client	Frik Torrori			

Summary of Sales Comparison Approach:

The appraiser has conducted a 12 month search for comparable properties within the subject's immediate neighborhood and in similar and competing neighborhoods. Those comparables utilized in this report are considered the best available at the time of the inspection and most representative of the subject property. Adjustments are based on market data, matched pair analysis, and/or the appraiser's experience in the market area. These adjustments are considered to reflect the typical buyer's reaction based on the principle of substitution.

VIEWS: Differences in views are based on market data and are made relative to the subject property.

CONDITION: Differences in overall condition are made relative to the subject property. The resulting adjustment reflects the high cost of updating and remodeling older properties.

ROOM COUNT: No adjustment is given for differences in bedroom count as this is reflected in the overall square footage adjustment.

SQUARE FOOTAGE: According to current market data, differences in living area 100 square feet are adjusted at \$250/soft. (rounded to the nearest \$500).

PARKING: Comparables are adjusted at \$75,000 per garage space difference based on market data and the appraiser's experience in the market area. This adjustment also considers the general lack of street parking as well as expense of adding parking to the lower level.

RECONCILIATION: Greatest weight is given to Comparables #1 and #3 due to its most recent date of sale which best reflects current market conditions.

Assumptions, Limiting Conditions & Scope of Work File No.: 25020372

<u> </u>	<u> </u>	Ellinding Conditions	a ocope of Hork	FIIE NO	23020372	
Property A	ddress: 2005 1	7th St (as a 2 Unit Bldg)	City: San Francisco	State: CA	Zip Code: 94103	
Client:	Erik Terreri	Addres	s:			
Appraiser:	Robert V. S	inger Addres	S: 336 Claremont Blvd Ste 3, San	Francisco, CA 94	127-1160	

STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence
- of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

The Scope of Work is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by

the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

Under USPAP Standards Rule 2-2(c), this is a Restricted Use Appraisal Report, and is intended only for the sole use of the named client. There are no other intended users. The client must clearly understand that the appraiser's opinions and conclusions may not be understood properly without additional information in the appraiser's work file.

In developing this appraisal, the appraiser has incorporated only the Sales Comparison Approach. The appraiser has excluded the Cost and Income Approaches to Value, due to being inapplicable given the limited scope of the appraisal. The appraiser has determined that this appraisal process is not so limited that the results of the assignment are no longer credible, and the client agrees that the limited scope of analysis is appropriate given the intended use.

Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

APPRAISER'S CERTIFICATION

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The credibility of this report, for the stated use by the stated user(s), of the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- · My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- I did not base, either partially or completely, my analysis and/or the opinion of value in the appraisal report on the race, color, religion, sex, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property, or of the present owners or occupants of the properties in the vicinity of the subject property.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification.

DEFINITION OF MARKET VALUE *:

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite

to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus.

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions

whereby:

- 1. Buyer and seller are typically motivated;
- 2. Both parties are well informed or well advised and acting in what they consider their own best interests:
- 3. A reasonable time is allowed for exposure in the open market;
- 4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions

granted by anyone associated with the sale.

This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions

Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System

(FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS),

and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS

FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.

American LegalNet, Inc.

ADDITIONAL INFORMATION

Please answer all questions in each section, and sign and complete the certification before filing. This form may be used in all 58 California counties. If a document evidencing a change in ownership is presented to the Recorder for recordation without the concurrent filing of a *Preliminary Change of Ownership Report*, the Recorder may charge an additional recording fee of twenty dollars (\$20).

NOTICE: The property which you acquired may be subject to a supplemental assessment in an amount to be determined by the County Assessor. Supplemental assessments are not paid by the title or escrow company at close of escrow, and are not included in lender impound accounts. You may be responsible for the current or upcoming property taxes even if you do not receive the tax bill.

NAME AND MAILING ADDRESS OF BUYER: Please make necessary corrections to the printed name and mailing address. Enter Assessor's Parcel Number, name of seller, buyer's daytime telephone number, buyer's email address, and street address or physical location of the real property.

NOTE: Your telephone number and/or email address is <u>very important</u>. If there is a question or a problem, the Assessor needs to be able to contact you.

MAIL PROPERTY TAX INFORMATION TO: Enter the name, address, city, state, and zip code where property tax information should be mailed. This must be a valid mailing address.

PRINCIPAL RESIDENCE: To help you determine your principal residence, consider (1) where you are registered to vote, (2) the home address on your automobile registration, and (3) where you normally return after work. If after considering these criteria you are still uncertain, choose the place at which you have spent the major portion of your time this year. Check YES if the property is intended as your principal residence, and indicate the date of occupancy or intended occupancy.

PART 1: TRANSFER INFORMATION

If you check YES to any of these statements, the Assessor may ask for supporting documentation.

D,E, F: If you checked YES to any of these statements, you may qualify for a property tax reassessment exclusion, which may allow you to maintain your property's previous tax base. A claim form must be fled and all requirements met in order to obtain any of these exclusions. Contact the Assessor for claim forms. NOTE: If you give someone money or property during your life, you may be subject to federal gift tax. You make a gift if you give property (including money), the use of property, or the right to receive income from property without expecting to receive something of at least equal value in return. The transferor (donor) may be required to file Form 709, Federal Gift Tax Return, with the Internal Revenue Service if they make gifts in excess of the annual exclusion amount.

- **G:** Check YES if the reason for recording is to correct a name already on title [e.g., Mary Jones, who acquired title as Mary J. Smith, is granting to Mary Jones]. This is not for use when a name is being removed from title.
- H: Check YES if the change involves a lender, who holds title for security purposes on a loan, and who has no other beneficial interest in the property.
 - "Beneficial interest" is the right to enjoy all the benefits of property ownership. Those benefits include the right to use, sell, mortgage, or lease the property to another. A beneficial interest can be held by the beneficiary of a trust, while legal control of the trust is held by the trustee.
- I: A "cosigner" is a third party to a mortgage/loan who provides a guarantee that a loan will be repaid. The cosigner signs an agreement with the lender stating that if the borrower fails to repay the loan, the cosigner will assume legal liability for it.
- M: This is primarily for use when the transfer is into, out of, or between legal entities such as partnerships, corporations, or limited liability companies. Check YES only if the interest held in each and every parcel being transferred remains exactly the same.
- N: Check YES only if property is subject to subsidized low-income housing requirements with governmentally imposed restrictions; property may qualify for a restricted valuation method (i.e., may result in lower taxes).
- O: If you checked YES, you may qualify for a new construction property tax exclusion. A claim form must be filed and all requirements met in order to obtain the exclusion. Contact the Assessor for a claim form.

PART 2: OTHER TRANSFER INFORMATION

- . The date of recording is rebuttably presumed to be the date of transfer. If you believe the date of transfer was a different date (e.g., the transfer was by an unrecorded contract, or a lease identifies a specific start date), put the date you believe is the correct transfer date. If it is not the date of recording, the Assessor may ask you for supporting documentation.
- B: Check the box that corresponds to the type of transfer. If OTHER is checked, please provide a detailed description. Attach a separate sheet if necessary.

BQE-502-A (P4) REV. 12 (05-14)

PART 3: PURCHASE PRICE AND TERMS OF SALE

is important to complete this section completely and accurately. The reported purchase price and terms of sale are important factors in etermining the assessed value of the property, which is used to calculate your property tax bill. Your failure to provide any required or requested information may result in an inaccurate assessment of the property and in an overpayment or underpayment of taxes.

- A. Enter the total purchase price, not including closing costs or mortgage insurance.
 - "Mortgage insurance" is insurance protecting a lender against loss from a mortgagor's default, issued by the FHA or a private mortgage insurer.
- B. Enter the amount of the down payment, whether paid in cash or by an exchange. If through an exchange, exclude the closing costs.
 - "Closing costs" are fees and expenses, over and above the price of the property, incurred by the buyer and/or seller, which include title searches, lawyer's fees, survey charges, and document recording fees.
- C. Enter the amount of the First Deed of Trust, if any. Check all the applicable boxes, and complete the information requested.
 - A "balloon payment" is the final installment of a loan to be paid in an amount that is disproportionately larger than the regular installment.
- D. Enter the amount of the Second Deed of Trust, if any. Check all the applicable boxes, and complete the information requested.
- E. If there was an assumption of an improvement bond or other public financing with a remaining balance, enter the outstanding balance, and mark the applicable box.
 - An "improvement bond or other public financing" is a lien against real property due to property-specific improvement financing, such as green or solar construction financing, assessment district bonds, Mello-Roos (a form of financing that can be used by cities, counties and special districts to finance major improvements and services within the particular district) or general improvement bonds, etc. Amounts for repayment of contractual assessments are included with the annual property tax bill.
- F. Enter the amount of any real estate commission fees paid by the buyer which are not included in the purchase price.
- J. If the property was purchased through a real estate broker, check that box and enter the broker's name and phone number. If the property was purchased directly from the seller (who is not a family member of one of the parties purchasing the property), check the "Direct from seller" box. If the property was purchased directly from a member of your family, or a family member of one of the parties who is purchasing the property, check the "From a family member" box and indicate the relationship of the family member (e.g., father, aunt, cousin, etc.). If the property was purchased by some other means (e.g., over the Internet, at auction, etc.), check the "OTHER" box and provide a detailed description (attach a separate sheet if necessary).
- H. Describe any special terms (e.g., seller retains an unrecorded life estate in a portion of the property, etc.), seller concessions (e.g., seller agrees to replace roof, seller agrees to certain interior finish work, etc.), broker/agent fees waived (e.g., fees waived by the broker/agent for either the buyer or seller), financing, buyer paid commissions, and any other information that will assist the Assessor in determining the value of the property.

PART 4: PROPERTY INFORMATION

- A. Indicate the property type or property right transferred. Property rights may include water, timber, mineral rights, etc.
- B. Check YES if personal, business property or incentives are included in the purchase price in Part 3. Examples of personal or business property are furniture, farm equipment, machinery, etc. Examples of incentives are club memberships (golf, health, etc.), ski lift tickets, homeowners' dues, etc. Attach a list of items and their purchase price allocation. An adjustment will not be made if a detailed list is not provided.
- **C.** Check YES if a manufactured home or homes are included in the purchase price. Indicate the purchase price directly attributable to each of the manufactured homes. If the manufactured home is registered through the Department of Motor Vehicles in lieu of being subject to property taxes, check NO and enter the decal number.
- D. Check YES if the property was purchased or acquired with the intent to rent or lease it out to generate income, and indicate the source of that anticipated income. Check NO if the property will not generate income, or was purchased with the intent of being owner-occupied.
- Provide your opinion of the condition of the property at the time of purchase. If the property is in "fair" or "poor" condition, include a wrief description of repair needed.

CERTIFICATION OF TRUST

ERIK M. TERRERI, also known as ERIK MARTIN TERRERI ("Erik"), and ROBERT L. DRIGGS, also known as ROBERT LUIS DRIGGS ("Robert"), as Trustees of the Terreri Driggs Family Trust, request that third parties accept this Certification of Trust ("Certification") instead of the trust documents, which are private and confidential documents. Erik and Robert provide this Certification in order to certify the existence of the Terreri Driggs Family Trust, the identity and powers of the Trustees, and the manner of holding title to trust assets. This Certification also summarizes some of the more important provisions of the trust to enable the Trustees to deal with third parties such as financial institutions, stock transfer agents, stockbrokers, insurance companies and others. Accordingly, Erik and Robert declare:

- 1. <u>Creation of the Trust</u>. Erik and Robert established a trust earlier today, known as the Terreri Driggs Family Trust. The trust is now in effect. Erik and Robert are the only persons who have a present interest in the trust.
- 2. <u>Trust's Taxpayer Identification Number</u>. The taxpayer identification numbers for the trust are Erik's social security number and Robert's social security number.
- 3. <u>Title to Trust Assets</u>. Title to trust assets should be held as follows: "Erik M. Terreri and Robert L. Driggs, as Trustees of the Terreri Driggs Family Trust dated March 10, 2015."
- 4. <u>Trustees' Powers</u>. The Trustees have all of the powers now provided by California Probate Code sections 16200 through 16249. The Trustees' powers will not be reduced if these sections are amended or repealed, but the Trustees' powers will be increased by any powers added by future amendments to these sections and by any powers added to the California Probate Code in the future. In addition, Erik and Robert give the Trustees the following specific powers, whether these powers clarify, expand or change the powers the Trustees would otherwise have under California law:
- A. Continue or participate in the operation of a business or enterprise, notwithstanding the provisions of California Probate Code section 16222.
- B. Pledge, hypothecate, mortgage, grant security interests in or encumber trust assets to secure or guarantee any obligations of: (1) the trust; (2) Erik or Robert; (3) the

joint debts of the trust and a co-owner of trust property; (4) any corporation, partnership or other entity in which the trust or Erik or Robert has an interest; or (5) any corporation, partnership or other entity in which Erik or Robert is an officer or managing agent.

- C. Lend money to any person on terms the Trustees determine are fair and reasonable under the circumstances, and accept, hold and enforce security interests for debts to the trust.
- D. Invest in corporations, general or limited partnerships, limited liability companies, mutual funds, closed-end or open-end investment companies, investment trusts, money market funds and any common trust fund operated by any Trustee.
- E. Buy, sell and trade in securities of any nature, including options, short sales or on margin and for such purposes, maintain and operate margin accounts with brokers.
- 5. Revocation and Amendment. As long as both Erik and Robert are living, either of them may revoke the trust provisions affecting community property. Erik may revoke the trust provisions affecting his separate property. Robert may revoke the trust provisions affecting his separate property. Neither Erik nor Robert has revoked, modified or amended the trust in any manner that would cause the representations contained in this Certification to be incorrect.
- 6. <u>Trustees</u>. Erik and Robert are the only currently acting Trustees of the trust. If one of them ceases to act, the other will act as sole Trustee. If both Erik and Robert cease to act, then they appoint DAVID CHRISTIAN BLAKE TERRERI ("David") as Trustee.
- 7. Trustees of the 17th Street Property Trust. Robert and David will serve as Co-Trustees of the 17th Street Property Trust. If one of them ceases to act, the other will act as sole Trustee. When Robert and David are acting as Co-Trustees of the 17th Street Property Trust, they must act by unanimous agreement. Robert or David when acting as Co-Trustees may delegate the power to act or transact business on behalf of the trust to a single Co-Trustee. The power granted may be limited to a specific act or acts upon such terms and conditions that the Trustees shall specify, including but not limited to signing specific documents, writing checks or performing other administrative duties. In that event, the signature by the single Co-Trustee shall constitute the signature of the Trustees and may be relied upon by third parties dealing with the Trustees. A Co-Trustee has authority to give notice to a third party that an action will require the signature of both Co-Trustees. In that event, the signatures of both Co-Trustees are required for the action described in the notice.
- 8. <u>Action by Erik and Robert as Co-Trustees</u>. If Erik and Robert are acting as Co-Trustees, either Co-Trustee has the power to act or to transact business on behalf of the trust. The signature of either Erik or Robert constitutes the signature of the Trustees and may be relied

upon by third parties dealing with the Trustees. Either Erik or Robert has authority to give notice to a third party that an action will require unanimous agreement by the Co-Trustees. In that event, unanimous agreement is required only for the action described in the notice.

- 9. <u>Reliance by Third Parties</u>. This Certification contains a true and accurate representation of the terms of the trust. California Probate Code section 18100.5 provides:
- A third party may assume that the information in this Certification is true as of the date the Trustees present the Certification (regardless of the date the Certification is signed), unless the third party has actual knowledge that the information is incorrect.
- A third party who acts in reliance on this Certification is not liable to any person for so acting, unless the third party has actual knowledge that the information is incorrect.
- Any person making a demand for the trust documents to prove the facts set forth in this Certification will be liable for damages if the person acts in bad faith in requesting the trust documents. Those damages include any attorney's fees and other expenses incurred as a result of the refusal to accept this Certification in lieu of the requested documents.

We declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

DATED: <u>10 March 2015</u>

ERIK M. TERRERI

DATED: 3/10/2015

- Trustees -

ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

State of California

County of Sacramento

On <u>March</u> 10, 2015, before me,_

Anonda Fisher, Notary Public

(here insert name and title of the officer)

personally appeared ERIK M. TERRERI and ROBERT L. DRIGGS, who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are subscribed to the within instrument and acknowledged to me that he/she/they executed the same in his/her/their authorized capacity(ies), and that by his/her/their signature(s) on the instrument the person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

Signature Phonda Linker

RHONDA FISHER COMM. # 2069098 NOTARY PUBLIC-CALIFORNIA YOLO COUNTY MY COMM. EXP. JUNE 19, 2018

(Seal)

ARTICLE 4 <u>DISTRIBUTION UPON DEATH OF ERIK M. TERRERI</u>

- 4.01. 2005 17th Street, San Francisco, California Real Property. Erik owns, as his separate property, a residential rental property located at 2005 17th Street, San Francisco, California ("the 17th Street Property"). If Erik is the first spouse to die and either Robert or David is then living, the Trustee will allocate the 17th Street Property (if Erik still owns the 17th Street Property at his death), the rents collected therefrom, and the Terreri Properties business checking account (or any future account designated for holding funds related to the 17th Street Property) (collectively referred to herein as "17th Street Property and rents/account") to the 17th Street Property Trust. The 17th Street Property will be allocated to the 17th Street Property Trust together with any insurance and subject to any encumbrances at the date of Erik's death, including any mortgage, home equity line, deed of trust and real property taxes. If both Robert and David are not then living, the Trustee will not create the 17th Street Property Trust and the 17th Street Property will pass under the Distribution of Remaining Trust Assets section.
- 4.02. <u>17th Street Property Trust</u>. The 17th Street Property is an investment property purchased by Erik on February 14, 2006. The 17th Street Property is a residential rental property consisting of two units. It is Erik's desire that the Trustee retain the 17th Street Property in order to provide income to his spouse, Robert, and to his son, David Christian Blake Terreri ("David"). Upon receipt of the monthly rental income, the Trustee will deduct the monthly costs/expenses, including but not limited to, mortgage payment, monthly share of the annual property insurance, and monthly share of the annual property taxes.
- A. <u>Income from the 17th Street Property Trust</u>. The Trustee will hold and distribute the income of the 17th Street Property Trust as follows:
- (1) <u>Distribution of 40% Net Income to Robert</u>: After deducting the monthly expenses/costs, the Trustee will distribute 40% of the monthly net income to Robert, if he is then living, for his needs. If Robert is not then living or upon Robert's death, if David is then living, the Trustee will distribute 40% of the net income to David.
- (2) <u>Distribution of 60% Net Income to David</u>. The Trustee will hold the remaining 60% of the monthly net income in an account known as the 17th Street Property Trust account. This remaining 60% of the monthly net income is to be used by the Trustee to pay for repairs and maintenance, including but not limited to, general repairs and maintenance, replacing appliances, preparing the 17th Street Property for new tenants, roof repairs, remodeling/upgrades, and plumbing ("collectively referred to herein as "major expenses"). If

David is then living, the Trustee will distribute to David as much of the balance of the 60% monthly net income that is in the account as of December 31 of each year following the creation of the 17th Street Property Trust, as David may request. But David's request for distribution cannot be earlier than January 31 of the following year. For example, David's request for distribution cannot be made until January 31, 2016 or later for the calendar year ending December 31, 2015. When requesting a distribution, David can choose to receive the full remaining account balance or a partial distribution of the remaining 60% as of December 31. If David chooses a partial distribution of the balance of the 60%, the remaining balance (calculated as of December 31) not distributed to David for that calendar year will be held in the 17th Street Property Trust and David can choose to take that amount at a later time. If David is not then living or upon David's death, the Trustee will distribute the balance of the 60% that is in the account as of December 31 of each year following the creation of the 17th Street Property Trust, but no earlier than January 31 of the following year, to Robert as Robert may request. Robert can choose to receive the full remaining balance or a partial distribution of the balance of the 60% as of December 31. If Robert chooses a partial distribution of the balance of the 60%, the remaining balance not distributed to Robert for that calendar year will be held in the 17th Street Property Trust and Robert can choose to take that amount of the remaining balance at a later time.

- B. <u>Termination of the 17th Street Property Trust</u>. The 17th Street Property Trust will terminate upon the earliest to occur of the following:
- (1) The 17th Street Property is sold while Robert and David are both then living;
 - (2) The 17th Street Property is sold while only Robert is living;
 - (3) The 17th Street Property is sold while only David is living; or
 - (4) Upon the death of the second to die of Robert and David.
- C. <u>Distribution of 17th Street Property Trust Assets Upon Termination</u>. When the 17th Street Property Trust terminates, the Trustee will hold or distribute the 17th Street Trust assets as follows:
- (1) <u>Sale of the 17th Street Property While Both Robert and David Are Living</u>. If the 17th Street Property is sold while both Robert and David are then living, the Trustee will distribute 10% of the net sale proceeds to the Trustee of the Survivor's Trust. The Trustee will distribute 90% of the net sale proceeds to the Distribution of Remaining Trust Assets section.

- (2) <u>Sale of the 17th Street Property While Only Robert Is Living</u>. If Robert survives David and the 17th Street Property is sold during Robert's lifetime, the Trustee will distribute 80% of the net sale proceeds to the Trustee of the Survivor's Trust and 20% of the net sale proceeds to the Distribution of Remaining Trust Assets section.
- (3) <u>Sale of the 17th Street Property While Only David Is Living</u>. If David survives Robert and the 17th Street Property is sold during David's lifetime, the Trustee will distribute 100% of the net sale proceeds as set forth in the Distribution of Remaining Trust Assets section.
- (4) <u>Death of the Second to Die of Robert and David</u>. Upon the death of the second to die of Robert and David, if the 17th Street Property has not been sold, the Trustee will distribute the remaining 17th Street Property Trust assets as set forth in the Distribution of Remaining Trust Assets section.

ARTICLE 5 <u>DISTRIBUTION AFTER FIRST SPOUSE'S DEATH</u>

- 5.01. <u>Provisions After First Death</u>. After the death of the predeceased spouse and as long as the surviving spouse is living, the Trustee will hold and distribute the trust estate, including any assets added to the trust estate as a result of the predeceased spouse's death, as set forth in this Article 5.
- 5.02. <u>Predeceased Spouse's Expenses</u>. The Trustee may pay the predeceased spouse's last illness and funeral expenses, amounts owed for support during the predeceased spouse's lifetime, and the expenses of administering the predeceased spouse's estate or winding up the predeceased spouse's affairs.
- 5.03. <u>Predeceased Spouse's Taxes</u>. The Trustee may pay any taxes arising by reason of the predeceased spouse's death. The Trustee should prorate the taxes among the beneficiaries as provided by California law, unless the predeceased spouse specifies that an asset will pass to a beneficiary free of tax.
- 5.04. <u>Tangible Personal Property</u>. The Trustee will distribute the tangible personal property, such as jewelry, clothing, household furniture and furnishings, artwork, collections and automobiles, as follows:
- A. <u>Schedule B</u>. The predeceased spouse may prepare a Schedule B to this trust to specify the disposition of the predeceased spouse's interest in these assets. The predeceased spouse must date and sign the schedule and deliver it to the Trustee. The predeceased spouse may amend the schedule at any time using the same procedure. The Trustee

PROJECT APPLICATION (PRJ)

A Project Application must be submitted for any Building Permit Application that requires an intake for Planning Department review, including for environmental evaluation or neighborhood notification, or for any project that seeks an entitlement from the Planning Department, such as a Conditional Use Authorization or Variance. For more, see the **Project Application Informational Packet**.

Cost for Time and Materials: Any time and materials exceeding initial fees charged for services provided are subject to billing.

For more information call 415.558.6377, or email the Planning Information Center (PIC) at pic@sfgov.org.

Español: Si desea ayuda sobre cómo llenar esta solicitud en español, por favor llame al 415.575.9010. Tenga en cuenta que el Departamento de Planificación requerirá al menos un día hábil para responder

中文:如果您希望獲得使用中文填寫這份申請表的幫助,請致電415.575.9010。請注意,規劃部門需要至少一個 工作日來回應。

Tagalog: Kung gusto mo ng tulong sa pagkumpleto ng application na ito sa Filipino, paki tawagan ang 415.575.9010. Paki tandaan na mangangailangan ang Planning Department ng hindi kukulangin sa isang araw na pantrabaho para makasagot.

BUILDING PERMIT APPLICATIONS

HOW TO SUBMIT:

For Building Permit Applications that require intake for Planning Department review, present this Project Application together with the Building Permit Application at the Planning Information Center (PIC), 1660 Mission Street, Ground Floor.

WHAT TO SUBMIT:

One (1) complete and signed application.
Two (2) hard copy sets of plans that meet the Department of Building Inspection's submittal standards. Please see the Planning Department's Plan Submittal Guidelines for more information.
A Letter of Authorization from the owner(s) designating an Authorized Agent to communicate with the Planning Department on their behalf, if applicable.
Pre-Application Meeting materials, if required. See the <u>Pre-Application Meeting Informational Packet</u> for more information.
ee: The applicable fee amount for Building Permit blications will be assessed and collected at intake by

the Department of Building Inspection at the Central

Permitting Bureau at 1660 Mission St, Ground Floor.

(See Fee Schedule and/or Calculator).

ENTITLEMENTS

HOW TO SUBMIT:

For projects that require an entitlement from the Planning Department (e.g., Conditional Use, Variance), submit a Project Application and any required supplemental applications online at sfplanning.org, or to submit in person, you may schedule an intake appointment by sending an Intake Request Form to CPC.Intake@sfgov.org.

WHAT TO SUBMIT: One (1) complete and signed PRJ application, or complete online submittal, including the following: An electronic copy (online or USB drive) of plans formatted to print at 11" x 17". Please see the Department's Plan Submittal Guidelines for more information about the required contents of plan submittals. A Letter of Authorization from the owner(s) designating an Authorized Agent to communicate with the Planning Department on their behalf, if applicable. Pre-Application Meeting materials, if required. See the Pre-Application Meeting Informational Packet for more information. Current or historic photograph(s) of the property. All supplemental entitlement applications (e.g., Conditional Use, Variance) and information for environmental review, as indicated in this Project Application or in the Preliminary Project

> Payment via check, money order or debit/credit card for the total fee amount for all required supplemental applications. (See Fee Schedule and/or Calculator).

Assessment (PPA) letter.

ENVIRONMENTAL EVALUATION SCREENING FORM

This form will determine if further environmental review is required.

If you are submitting a Building Permit Application only, please respond to the below questions to the best of your knowledge. You do not need to submit any additional materials at this time, and an environmental planner will contact you with further instructions.

If you are submitting an application for entitlement, please submit the required supplemental applications, technical studies, or other information indicated below along with this Project Application.

Environmental Topic		Information	Applicable to Proposed Project?	Notes/Requirements
1a. General		Estimated construction duration (months):	N/A	One month
1b. General		Does the project involve replacement or repair of a building foundation? If yes, please provide the foundation design type (e.g., mat foundation, spread footings, drilled piers, etc)	☐ Yes ✔ No	
2. Transportatio	n	Does the project involve a child care facility or school with 30 or more students, or a location 1,500 square feet or greater?	☐ Yes ✔ No	If yes, submit an Environmental Supplemental- <u>School and Child Care</u> <u>Drop-Off & Pick-Up Management Plan</u> .
3. Shadow		Would the project result in any construction over 40 feet in height?	☐ Yes ✔ No	If yes, an initial review by a shadow expert, including a recommendation as to whether a shadow analysis is needed, may be required, as determined by Planning staff. (If the project already underwent Preliminary Project Assessment, refer to the shadow discussion in the PPA letter.) An additional fee for a shadow review may be required.
4a. Historic Preservation	•	Would the project involve changes to the front façade or an addition visible from the public right-of-way of a structure built 45 or more years ago or located in a historic district?	☐ Yes ✔ No	If yes, submit a complete Historic Resource Determination Supplemental Application. Include all materials required in the application, including a complete record (with copies) of all building permits.
4b. Historic Preservation		Would the project involve demolition of a structure constructed 45 or more years ago, or a structure located within a historic district?	☐ Yes ✔ No	If yes, a historic resource evaluation (HRE) report will be required. The scope of the HRE will be determined in consultation with CPC-HRE@sfgov.org.

Environmental Topic		Information	Applicable to Proposed Project?	Notes/Requirements
5. Archeology	&	Would the project result in soil disturbance/modification greater than two (2) feet below grade in an archeologically sensitive area or eight (8) feet below grade in a non-archeologically sensitive area?	☐ Yes ✔ No	If Yes, provide depth of excavation/ disturbance below grade (in feet*):
		The first dicticologically sensitive dicu.		*Note this includes foundation work
6. Geology and Soil	ls 备	Is the project located within a Landslide Hazard Zone, Liquefaction Zone or on a lot with an average slope of 20% or greater?	☐ Yes ✔ No	A geotechnical report prepared by a qualified professional must be submitted if one of the following thresholds apply to the project: The project involves:
		Area of excavation/disturbance (in square feet):		 excavation of 50 or more cubic yards of soil, or building expansion greater than 1,000 square feet outside
		Amount of excavation (in cubic yards):		of the existing building footprint.
				The project involves a lot split located on a slope equal to or greater than 20 percent.
				A geotechnical report may also be required for other circumstances as determined by Environmental Planning staff.
7. Air Quality		Would the project add new sensitive receptors (specifically, schools, day care facilities, hospitals, residential dwellings, and senior-care facilities) within an Air Pollutant Exposure Zone?	☐ Yes ✔ No	If yes, the property owner must submit copy of initial filed application with department of public health. More information is found here.
8a. Hazardous Materials		Would the project involve work on a site with an existing or former gas station, parking lot, auto repair, dry cleaners, or heavy manufacturing use, or a site with underground storage tanks?	☐ Yes ✔ No	If yes, submit a Phase I Environmental Site Assessment prepared by a qualified consultant.
8b. Hazardous Materials	6	Is the project site located within the Maher area and would it involve ground disturbance of at least 50 cubic yards or a change of use from an industrial use to a residential or institutional use?	☐ Yes ✔ No	If yes, submit a copy of the Maher Application Form to the Department of Public Health. Also submit a receipt of Maher enrollment with the Project Application.
				For more information about the Maher program and enrollment, refer to the Department of Public Health's Environmental Health Division.
				Maher enrollment may also be required for other circumstances as determined by Environmental Planning staff.

APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

- a) The undersigned is the owner or authorized agent of the owner of this property.
- b) The information presented is true and correct to the best of my knowledge.
- c) Other information or applications may be required.
- d) I herby authorize City and County of San Francisco Planning staff to conduct a site visit of this property as part of the City's review of this application, making all portions of the interior and exterior accessible through completion of construction and in response to the monitoring of any condition of approval.
- e) I attest that personally identifiable information (PII) i.e. social security numbers, driver's license numbers, bank accounts have not been provided as part of this application. Furthermore, where supplemental information is required by this application, PII has been redacted prior to submittal to the Planning Department. I understand that any information provided to the Planning Department becomes part of the public record and can be made available to the public for review and/or posted to Department websites.

VARIANCE FROM THE PLANNING CODE

INFORMATIONAL AND SUPPLEMENTAL APPLICATION PACKET

ATTENTION: A Project Application must be completed and/or attached prior to submitting this Supplemental Application. See the <u>Project Application</u> for instructions.

Pursuant to Planning Code Section 305, the Zoning Administrator shall hear and make determinations regarding applications for variances from the strict application of quantitative standards in the Planning Code. The first pages consist of instructions which should be read carefully before the application form is completed.

For questions, call 415.558.6377, email pic@sfgov.org, or visit the Planning Information Center (PIC) at 1660 Mission Street, First Floor, San Francisco, where planners are available to assist you.

Español: Si desea ayuda sobre cómo llenar esta solicitud en español, por favor llame al 415.575.9010. Tenga en cuenta que el Departamento de Planificación requerirá al menos un día hábil para responder.

中文:如果您希望獲得使用中文填寫這份申請表的幫助,請致電415.575.9010。請注意,規劃部門需要至少一個工作日來回應。

Tagalog: Kung gusto mo ng tulong sa pagkumpleto ng application na ito sa Filipino, paki tawagan ang 415.575.9120. Paki tandaan na mangangailangan ang Planning Department ng hindi kukulangin sa isang araw na pantrabaho para makasagot.

WHAT IS A VARIANCE?

The Planning Code regulates the use of property, including the size, design, and siting of buildings that may be constructed on a piece of property. The Planning Code has standards for buildings that govern such features as rear yards, front setbacks, usable open space, height, and parking. A variance is a request for an exception to a Planning Code standard. The Zoning Administrator is the City official that interprets and maintains the Planning Code.

WHEN IS A VARIANCE NECESSARY?

There may be special circumstances that make it difficult for a project to meet all of the Planning Code requirements. In those instances, a project sponsor may request that the Zoning Administrator grant a Variance from the Code provisions. Under the City Charter (Section 4.105), the Zoning Administrator has the power to grant only those variances that are consistent with the general purpose and the intent of the Planning Code. The power to grant a variance shall be applied only when the plain and literal interpretation and enforcement of the Code would "result in practical difficulties, unnecessary hardships, or where the results would be inconsistent with the general purpose of the [Code]."

Planning Code Section 305(c) outlines the five criteria that must be met in order for the Zoning Administrator to grant a variance. The Section 305(c) criteria are as follows:

- 1. That there are exceptional or extraordinary circumstances applying to the property involved or to the intended use of the property that do not apply generally to other property or uses in the same class of district;
- 2. That owing to such exceptional or extraordinary circumstances the literal enforcement of specified provisions of this Code would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;
- 3. That such variance is necessary for the preservation and enjoyment of a substantial property right of the subject property, possessed by other property in the same class of district;
- 4. That the granting of such variance will not be materially detrimental to the public welfare or materially injurious to the property or improvements in the vicinity; and
- 5. That the granting of such variance will be in harmony with the general purpose and intent of this Code and will not adversely affect the General Plan.

HOW DOES THE PROCESS WORK?

Upon submittal of a complete application to the Planning Department, the Zoning Administrator will schedule a public hearing to consider whether to grant the Variance. Variance hearings typically occur on the last Wednesday of each month. Upon issuing the formal written decision either granting or denying the Variance in whole or in part, the Zoning Administrator shall forthwith transmit a copy the Variance decision letter to the applicant. The action of the Zoning Administrator shall be final and shall become effective 10 days after the date of his written decision except upon the filing of a valid appeal to the Board of Permit Appeals as provided in Section 308.2 of the Planning Code.

Fees

Please refer to the <u>Planning Department Fee Schedule</u> available at **www.sfplanning.org** or at the Planning Information Center (PIC) located at 1660 Mission Street, First Floor, San Francisco. For questions related to the Fee Schedule, please call the PIC at 415.558.6377.

Fees will be determined based on the estimated construction costs. Should the cost of staff time exceed the initial fee paid, an additional fee for time and materials may be billed upon completion of the hearing process or permit approval. Additional fees may also be collected for preparation and recordation of any documents with the San Francisco Assessor-Recorder's office and for monitoring compliance with any conditions of approval.

WHAT APPLICANTS SHOULD KNOW ABOUT THE PUBLIC HEARING PROCESS

- A. The Zoning Administrator encourages applicants to meet with all community groups and parties interested in their application early in the entitlement process. In many cases, this is required as part of the Pre-application process. Department staff is available to assist in determining how to contact interested groups. Neighborhood organization lists are available on the Department's website. Notice of the hearing will be sent to groups in or near the neighborhood of the project. The applicant may be contacted by the Planning Department staff with requests for additional information or clarification. An applicant's cooperation will facilitate the timely review of the application.
- B. The Zoning Administrator requests that applicants familiarize themselves with the procedure for public hearings, which are excerpted from the Planning Commission's Rules and Regulations below.

Hearings. A public hearing may be held on any matter before the Zoning Administrator at either a Regular (every 4th Wednesday of the month) or a Special Meeting. The procedure for such public hearings shall be as follows:

- 1. A description of the issue by Zoning Administrator along with the Planning Department's recommendation.
- 2. A presentation of the proposal by the project sponsor for a period not to exceed 5 minutes.
- 3. A presentation of opposition to the proposal, by organized opposition, for a period not to exceed 3 minutes.
- 4. Public testimony from proponents of the proposal. An individual may speak for a period not to exceed 3 minutes.
- 5. Public testimony from opponents of the proposal would be taken under conditions parallel to those imposed on proposal proponents, not to exceed 3 minutes.
- 6. The project sponsor or applicant will be given a period, not to exceed 3 minutes, within which to clarify any questions raised in previous testimony.
- 7. Discussion by the Zoning Administrator on the matter.
- 8. The Zoning Administrator may impose time limits on appearances by members of the public and may otherwise exercise his or her discretion on procedures for the conduct of public hearings.
- C. **Opportunities for Appeals by Other Bodies:** Zoning Administrator actions on Variances are final unless appealed to the Board of Appeals within 10 days of the Zoning Administrator's written decision.

VARIANCE FROM THE PLANNING CODE

SUPPLEMENTAL APPLICATION

Property Information

Project Address: 2005 17th Street, San Francisco, CA 94103 Block/Lot(s): 3977/001J

Variance Findings

Pursuant to Planning Code Section 305(c), before approving a variance application, the Zoning Administrator needs to find that the facts presented are such to establish the findings stated below. In the space below and on separate paper, if necessary, please present facts sufficient to establish each finding.

1. That there are exceptional or extraordinary circumstances applying to the property involved or to the intended use of the property that do not apply generally to other property or uses in the same class of district;

The subject lot is shorter than most lots, which results in less buildable areas than other properties in the same class of district. The rear lot had a lot line adjustment that wasn't noticed to the owner in 2006/2007 and resulted in a large building reducing sunlight and creating a 40' wall at the Southern end of the subject property. The adjoining property has a large/high fence approximately 12' to 15' along most of the property line where the proposed firewall will be constructed and will not affect the neighbors property. See attached photos of the existing neighbor structure and view of the neighbor's roof exhaust fan that is above the restaurant kitchen and within the typical area of required setback. In this case, the proposed firewall will improve safety along the neighbor's existing structure that was built without fire rated materials and will improve safety for both my property and the neighbor's property.

2. That owing to such exceptional or extraordinary circumstances the literal enforcement of specified provisions of this Code would result in practical difficulty or unnecessary hardship not created by or attributable to the applicant or the owner of the property;

The current tenants (and any future inhabitants) currently have one area where they can enjoy an outdoor space that has the ability to receive any natural sunlight. This area is the existing roof deck. The subject deck has provided a consistent outdoor space for the use and enjoyment of 6 different sets of tenants residing at the property and provides the only means of accessing the attic space which contains the HVAC system and storage for the tenants. When the County allowed the lot line adjustment and the subsequent construction of the large building at the Southern end of the property without notice to me (property owner), the subject property lost the only previously alternative area to enjoy outdoor space with sunlight.

3. That such variance is necessary for the preservation and enjoyment of a substantial property right of the subject property, possessed by other property in the same class of district;

A variance is required in order to provide fire safety consistent with current building codes. It also preserves the existing roof deck that was built at least 13 years ago (possibly longer). The existing roof deck is located above the existing building envelope and the proposed firewall will be built along the neighbor property's existing high building wall.

The subject property's existing and resulting rear yard setback is significantly greater than the rear yard set back of 2 of the adjoining properties and will allow for the retaining of the one outdoor space with natural sunlight.

4. That the granting of such variance will not be materially detrimental to the public welfare or materially injurious to the property or improvements in the vicinity;

The proposed variance will not be injurious to any of the properties in the vicinity. In fact, the proposed variance to construct the firewall will provide additional fire protection the the subject property and the adjoining property. The existing roof deck was already constructed prior to any of the 3 adjoining property owners acquiring their properties. It was a known element when they purchased their properties and does not negatively impact any of the neighbors.

In fact, none of my neighbors attended my pre-application meeting and none of my adjacent neighbors have contacted me with any concerns about the existing deck and my application to construct a firewall at the property line.

5. That the granting of such variance will be in harmony with the general purpose and intent of this Code and will not adversely affect the General Plan.

The proposed variance is in harmony with the general purpose and intent of this Code and is consistent with the General Plan. Specifically, the proposed variance will allow for the continued enjoyment of a substantial property right at the time the roof deck was constructed and is allowed under current planning Code and general plan objectives of providing open space for residents' enjoyment.

APPLICANT'S AFFIDAVIT

Under penalty of perjury the following declarations are made:

- a) The undersigned is the owner or authorized agent of the owner of this property.
- b) The information presented is true and correct to the best of my knowledge.
- c) Other information or applications may be required.
- d) I herby authorize City and County of San Francisco Planning staff to conduct a site visit of this property as part of the City's review of this application, making all portions of the interior and exterior accessible through completion of construction and in response to the monitoring of any condition of approval.
- e) I attest that personally identifiable information (PII) i.e. social security numbers, driver's license numbers, bank accounts have not been provided as part of this application. Furthermore, where supplemental information is required by this application, PII has been redacted prior to submittal to the Planning Department. I understand that any information provided to the Planning Department becomes part of the public record and can be made available to the public for review and/or posted to Department websites.

Relocation Payments for Evictions based on Owner/Relative Move-in OR Demolition/Permanent Removal of Unit from Housing Use OR Temporary Capital Improvement Work OR Substantial Rehabilitation*

Date of Service of Notice of Termination of Tenancy ("Eviction Notice")	Relocation Amount Due Per Tenant	Maximum Relocation Amount Due Per Unit	PLUS Additional Amount Due for Each Elderly (60 years or older) or Disabled Tenant or Household with Minor Child(ren)
3/01/18 – 2/28/19	\$6,627.00	\$19,881.00	\$4,419.00
3/01/19 – 2/29/20	\$6,980.00	\$20,939.00	\$4,654.00
3/01/20 – 2/28/21	\$7,225.00	\$21,674.00	\$4,817.00

^{*}See Ordinance Section 37.9C for additional relocation requirements for evictions under 37.9(a)(8) (owner/relative move-in), 37.9(a)(10) (demolition/permanent removal from housing use), 37.9(a)(11) (temporary eviction for capital improvement work) and 37.9(a)(12) (substantial rehabilitation). [However, effective 1/1/13, the amount of relocation payments for temporary capital improvement evictions under 37.9(a)(11) for less than 20 days is governed by California Civil Code Section 1947.9 and not by Rent Ordinance Section 37.9C. The daily rate for relocation payments under Section 1947.9 is \$392/day for the period 3/1/20 – 2/28/21.]

Pagos de traslado por desalojo debidos a mudanza del propietario/pariente O por demolición/eliminación definitiva del uso de la unidad como vivienda O trabajos temporales de mejora de capital O rehabilitación substancial*

Fecha del servicio de entrega del aviso de desalojo	Monto de traslado correspondiente por inquilino	Monto de traslado máximo correspondiente por unidad	ADICIONAL Monto adicional correspondiente por cada persona mayor de edad (60 años o más) o inquilino discapacitado o familia con niños menores
3/01/18 – 2/28/19	\$6,627.00	\$19,881.00	\$4,419.00
3/01/19 – 2/29/20	\$6,980.00	\$20,939.00	\$4,654.00
3/01/20 – 2/28/21	\$7,225.00	\$21,674.00	\$4,817.00

^{*} Ver la Sección 37.9C de la Ordenanza para requisitos adicionales de traslado por desalojo según 37.9(a (8) (mudanza del dueño/pariente), 37.9(a)(10) (demolición/eliminación definitiva del uso de la unidad como vivienda), 37.9(a)(11) (trabajos temporarios de mejora de capital) y 37.9(a)(12) (rehabilitación substancial). [Sin embargo, efectivo 1/1/13, la cantidad del pago de traslado para los desalojos temporales de mejora de capital bajo la Sección 37.9(a)(11) por menos de 20 días esta gobernado por la Sección del Código Civil de California 1947.9 y no por la Sección 37.9C de la Ordenanza. La tasa diaria por pagos de reubicacion bajo Seccion 1947.9 es \$392.00/por día por el periodo 3/1/20-2/28/21.]

Hi Erik and Matthew,

This email is to inform you that the Department of Public Health has issued a Shelter in Place order through April 7 which means that this case will not be heard by the Planning Commission on April 2. I currently have no other information on when it will be heard but there will be updates on our website in the next days and weeks as we move through this unprecedented time.

I am working from home and will complete all the Commission documents so that they will be done when the Commission resumes hearings.

Kimberly Durandet, Senior Planner Southeast Team, Current Planning Division

San Francisco Planning Department 1650 Mission Street, Suite 400 San Francisco, CA 94103 Direct: 415.575.6816 | www.sfplanning.org San Francisco Property Information Map

I am currently working from home under the Public Health Order issued Monday March 16, 2020. I will respond to your email as soon as possible. Thank you for your patience and understanding in this unprecedented time. May you and your families, friends and all be well.

The City issued a Public Health Order requiring people to stay home except for essential needs. Vulnerable populations must stay home. Everyone should stay home except to get food, care for a relative or friend, get necessary health care, or go to an essential job. This order is in effect until April 7. It may be extended depending on recommendations from public health officials.

Thu, Mar 26, 2020 at 1:37 PM

Hi Erik and Matthew.

I was just informed that this case will be continued until May 21.

Planning Commission hearings will commence on April 9 with remote hearings and I don't know how long that format will be required per the shelter in place order. So, it would be good to watch it on SFGovTV either live or after you can stream it on the website. Please let me know if you have any questions at this time. Thank you.

Best,

Kimberly Durandet, Senior Planner

Southeast Team, Current Planning Division

kimberly.durandet@sfgov.org

San Francisco Planning Department

1650 Mission Street, Suite 400 San Francisco, CA 94103

Direct: 415.575.6816 | www.sfplanning.org

San Francisco Property Information Map

Due to the Shelter in Place order, the Planning Department will be operating under reduced capacity with most of our staff working remotely. Our offices at 1650 Mission Street will be closed; the Planning Information Center (PIC) at 1660 Mission Street will be closed; the Planning and Historic Preservation Commissions will be cancelled until Thursday April 9, at the earliest; and the March 25 Zoning Variance hearing will be cancelled.

Click here for more information about our services and how to contact Planning staff during the office closure.

For more information on the order and how you can prepare, go to https://sf.gov/stay-home-except-essential-needs

Please also note that the Department intends to pause all time-limits and deadlines associated with ongoing notices, application reviews, enforcement activities and other matters for the duration of the shelter in place order.

To: "Hernandez, Mauricio (DBI)" <mauricio.hernandez@sfgov.org>, Bert Terreri <bert@terrerilaw.com>, Erik Terreri <erikterreri@gmail.com>

Mauricio,

As you're aware, I had been trying to legalize the lower unit at 2005 17th Street.

I have copied my attorney on this email, as he is helping me with the Planning Commission hearing.

Some of the capital requirements present a significant financial hardship to me and I have some questions that I was hoping you could assist me with.

Based on the financial hardship, I have submitted a CUA with the Planning Commission to remove the unit from housing stock.

Our hearing is now scheduled for July 9, 2020.

My preference would be to legalize the unit and I have asked Planning if a variance would be possible. The planner assigned said that the Planning Commission could not grant a variance for building codes.

Following are the capital intensive requirements:

- A. Ceiling height
- B. Sprinklers
- C. Permeability

My understanding is that C. Permeability is a planning code issue and that A. Ceiling Height and B. Sprinklers are Building Code issues.

Does the building commission grant variances for building code issues? What's the process for requesting a hearing, if possible?

My attorney is available for a phone call to discuss, or perhaps you can provide us some assistance via email that would be greatly appreciated.

My attorney can be reached at 707.431.1933.

Best regards,

Erik Terreri

Hello Erick,

Per our conversation the hearing for NOV#201858111 will not proceed and was schedule in error. I will bring this case to Chief electrical inspector Kenneth Burk to see if the electrical violation can be referred back to electrical

department based on the planning process and the delays you have encounter to complete the review process for the unit legalization. The case has been updated and its available on DBI's website.

Thank You,

Mauricio E. Hernandez

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Mauricio,

You told me that there would he no dorectors hearing and that this would be suspended pending my CUA Hearing with the Planning Commission.

Please explain what's going on and why this has been moved forward when I have responded and complied with every notice in a timely manner.

Regards,

Erik

To: Erik Terreri <erikterreri@gmail.com>, Bert Terreri <bert@terrerilaw.com>, "Fessler, Thomas (DBI)" <thomas.fessler@sfgov.org>

Hello Erick,

I don't believe the building commission have variance meetings for code compliance decisions but I will confirm on Monday. I'm not sure if you had a pre-application meeting with DBI and fire because that's where some of these conditions should've been addressed. Through pre-application meeting (see AB-028) or AB-005, DBI and Fire shall determine whether building code equivalencies are applicable to the various code issues related to legalization. If financial hardship is a concern my understanding is that the Mayor's Office has a program that works with Owners in regards to correcting DBI violations. I have added Sr. Inspector Thomas Fessler from technical services department as he might be able to assist regarding variances for code requirements for illegal dwelling units .

PROGRAM OVERVIEW CODE VIOLATION ENFORCEMENT-DEFERRED REHAB LOAN PROGRAM

Background Information

The San Francisco Mayor's Office of Housing and Community Development (MOHCD), Code Violation Enforcement-Deferred Rehab (COVER) Loan Program offers low-interest loans to low-to-moderate income property owners. The program, funded by the Department of Building Inspection (DBI) and administered by MOHCD offers loans to property owners whose goal is to address code deficiencies and code violations found on their properties and were cited a Notice of Violation or Notice of Abatement by DBI.

To be eligible for a COVER Loan, households must meet specific income, asset, and property requirements as detailed below. Loans are available to low-to-moderate income property owners who are unable to secure conventional financing and/or who have no other resources available to them.

How to Apply for a Housing Rehabilitation Loan

You can obtain an application by visiting our website at www.sfmohcd.org

Loan Type	Maximum Loan Amount	Maximum Unit Size	Interest Rate	Loan to Value (LTV)	Loan Term
COVER	Case-by-case basis	1-4	1%	105%	Deferred payments for a period of five (5) years.

Qualifications

Property Qualifications

The property must meet all the following criteria to be eligible for a COVER loan:

- The property must be a permanent structure within the City and County of San Francisco.
- All residential units must meet the San Francisco Planning Department's definition of "dwelling unit" and fully conform with Planning Code requirements applicable to the site, including zoning, General Code compliance, and any relevant neighborhood plan controls.
- Properties must have an outstanding Notice of Violation and/or Notice of Abatement issued by the Department of Building Inspection.

MAYOR'S OFFICE OF HOUSING AND COMMUNITY DEVELOPMENT CODE VIOLATION ENFORCEMENT-DEFERRED REHAB LOAN PROGRAM

• The property must be free of all liens not approved by MOHCD. These are often negative liens such as for delinquent taxes, judgments, mechanics liens or any other liens that could jeopardize the City's loan security.

Rehabilitation work must address:

 Building code deficiencies and violations as described in Notice of Violation and/or Notice of Abatement cited by the Department of Building Inspection.

Applicant Qualifications

- 1. The owner must be the legal owner of the property to be rehabilitated and must occupy the property. Each Homeowner must be named on the property's title.
- 2. For the purpose of the asset test, the Homeowner's primary residence and martial possessions will not be considered liquid assets. Retirement funds held in a pension account, retirement fund, 401k plan, 403b plan, trust fund, or similar asset that is not available for liquidation are exempt from the asset test.
- a. For COVER loans, 2% of the household's asset holdings will be added to the household's income.
- 3. Properties must carry hazard insurance and the City and County of San Francisco must, at the time of the loan, be listed as loss payee.
- 4. The household gross income must meet the income guidelines. The amounts are adjusted on an annual basis by household size.

Household Size	1 Person	2 Person	3 Person	4 Person	5 Person	6 Person	7 Person	8 Person	9 Person
120%	\$96,850	\$110,700	\$124,500	\$138,350	\$149,400	\$160,500	\$171,550	\$182,650	\$193,700

Derived from the Unadjusted Area Median Income (AMI) for HUD Metro Fair Rent Area (HMFA) that contains San Francisco

Closing documents associated with the COVER Loan Program

Once your loan is approved, MOHCD will work with you to close your loan. All titleholders to the property will be required to sign the following documents:

Loan Agreement – An agreement that details the parameters and conditions of the loan.

Promissory Note – A note that promises to repay the loan at certain interest rate within the term of the loan.

Deed of Trust – The deed is used to record the lien against the property. Any future liens against the property that jeopardize the City's security and interest in the property are subject to the approval of the MOHCD.

Notice of Default – A notice of default is recorded for each existing lien against the property. MOHCD will be notified should any of the existing liens default.

Additional Loss Payee – The additional loss payee form instructs your current homeowner insurance policy holder to add the City and County of San Francisco as an additional loss payee on your account. This ensures the City is notified of insurance lapses, cancellations or other activity associated with the subject property.

Truth in Lending – The truth in lending statement provides information on the actual cost of the loan when interest is taken into account.

Notice of Right to Cancel – The notice of right to cancel provides the borrower a three (3) day window in which to cancel the loan.

CODE VIOLATION ENFORCEMENT-DEFERRED REHAB (COVER) LOAN PROGRAM PROGRAM PROCESS OVERVIEW

The following has been provided to you for your convenience and is meant to be a general guide of the COVER Loan Program.

Step 1: Refer to the Code Violation Enforcement Rehab Introductory letter you received in the mail.

Step 2: Review the COVER Program information and loan application available on our website here: www.sfmohcd.gov

Step 3: Complete the COVER application along with all supporting documents and submit via Sharefile available on our website. You will be asked to create an account. If you are unable to send your complete application online, you may mail or drop off your documents to:

Mayor's Office of Housing & Community Development COVER Loan Program 1 South Van Ness Avenue, 5th Floor San Francisco, CA 94103 Main (415) 701-5500

Step 4: A representative will contact you via email and/or mail to confirm receipt of your application, request for missing or supplemental documentation.

Step 5: Once your application is complete, submitted documentation will be reviewed for eligibility.

Step 6: The Property owner may begin contacting contractors and must compile at least three (3) bids for necessary work to address each Notice(s) of Violation. The bids must be provided to MOHCD for review. The property owner will inform MOHCD which contractor they have chosen to perform the work. The property owner must provide a fully executed work and cost summary. Awarded contractors must conform to all City requirements and become a city-certified vendor prior to starting work.

Click here for instructions to become a city-certified vendor

Step 7: Full property appraisal is ordered. Eligibility is finalized. Loan is underwritten and submitted for full loan funding. Loan funds will be deposited into an escrow account to await disbursement.

Step 8: An approval letter and copies of full loan documents will be sent to the property owner(s) for review. A date for the loan contract signing will be provided on the approval letter. Loan documents

must be executed in person at the Mayor's Office of Housing and Community Development. Executed documents shall be notarized and recorded accordingly prior to the start of construction.

Step 12: Construction may begin once the property owner has received a Notice to Proceed from MOHCD via email.

Step 13: Property Owner will receive the COVER Loan Disbursement Packet. The property owner must complete all forms and provide all documentation to request payment funds for the contractor after the work is completed.

Step 13: The Property owner is responsible for initiating start of construction, project oversight, scheduling the final walkthrough with DBI and obtain written project completion confirmation for their records.

Step 14: Should there be any change orders, the property owner must provide change orders immediately to MOHCD for review and approval. If a change order is approved, an Addendum to the original loan agreement will be executed prior to the release of additional funds and copies of fully executed change orders must be provided to MOHCD. For change orders to reduce work, the remaining funds will be used to pay off the principal loan balance.

Step 15: Property Owner must provide the completed disbursement packet to MOHCD to initiate payment. The disbursement packet will be reviewed; once approved, the actual disbursement amount will be sent directly to the contractor via ACH. If additional funds were requested for change orders, payment for change orders shall follow once evidence of completed change order work is provided.

Step 16: Property Owner will be provided a project closure letter with updated principal loan balance. The property owner will also receive copies of all executed loan documents for his/her records.

Step 17: Enjoy your home!

February 5, 2020

I've evaluated the market value of 2005 using past sales in the same area with the last 6 months. The current market is stable and prices are expected to be steady. For this evaluation I used the San Francisco Multiple Listing Service.

The purpose of the evaluation is to determine the market value as a single-family home as well as a single-family home with a legal unit. The main level is approximately 1,200 square feet and the lower unit approximately 650 square feet.

Single Family Home Comparable Sales

1. 631 Kansas Street: sold for \$2,154,750 on 8/21/19

Property is a 2-bedroom 1 bath home at approximately 1,350 square feet.

2. 585 Connecticut Street: Sold for \$1,680,585 on 11/12/19

Property is a 2-bedroom 1 bath home at approximately 1,243 square feet.

Based on the comparable sales I would estimate the value of 2005 17th Street at \$1,800,000

Two Unit Comparable Sales

1. 3323 26th Street: Sold for \$1,450,000 on 10/04/19

Property is a 2,870 square foot duplex with one unit being delivered vacant

2. 2903-2903 A Harrison Street: Sold for \$1,320,000 on 8/22/19

Property is a 1,985 square foot duplex

Multi-Unit properties value is highly affected by tenancy and rents. Vacant units increase the buyer pool to owner occupiers otherwise it's straight investors.

Based on the comparable sales I would estimate the value of 2005 17th Street at \$1,375,000

Respectfully

DocuSigned by:

Marketing Remarks:

This is a quintessential Victorian located on a picturesque hilltop street that juts up against Potrero park. Easy access to a playground, recreation center, and tennis courts. With over 1,200 square feet on two floors this home is waiting for imagination and creativity. The entry level offers sweeping views of the bay. This level boasts two good sized bedrooms, one full bath, and a bonus/closet area. The master bedroom has sliding glass doors to a spacious deck. Downstairs there is a great room and vintage kitchen, sliding glass doors lead to a second deck. The bay and Oakland hills are visible from this level as well. The yard faces East so there will be wonderful morning light and lots of sunshine. The yard slopes downward but is generally level with brick patio. A one car garage provides plenty of room for storage. Just a short stroll to everything that makes Potrero Hill special - transportation, shops, entertainment & restaurants.

Court Confirmation/overbid for this probate property is 9:00 am June 17th at 400 McAllister room 204. The minimum overbid price is the current list price. This is an Amazing 2 Unit Victorian bldg in Terrific Hot Inner Mission location. The top unit features gorgeous period details, turn of century molding, exquisite lighting fixtures w/grand medallions, & hardwood floors throughout. The Flexible floorplan allows for expanded livingroom or an additional sleeping area. High ceilings accentuate this grand flat with updated kitchen and adjacent deck which overlooks the picturesque garden. The Downstairs unit is an open floorplan 1 bedroom living space that opens onto the garden thru sliding glass doors. Interior access to both units from the 2 car garage appears possible. There is a large park across the street with a soon to be completed swimming pool and a much used soccer field. Shops and restaurants are close and the mostly flat terrain is great for bicycling and skateboarding.

Subject: Re: RE: Follow-up Documents

Kimberly,

I have my real estate agent putting together the appraisals.

I can resend the letter and the email that I sent to you and Richard on 1/20/2020.

With regard to rescinding the application for legalization, I will agree to rescind the application for legalization if the Planning Commission is unable to grant a variance for the additional capital improvements to the permeability in front and the ceiling height.

Basically, my letter was seeking to give the Commission an option to alleviate the economic hardship and grant legalization by granting an exclusion to the permeability and the ceiling height, which make the legalization process an economic hardship for us.

See if Richard received it, or check your Spam folder. My attorney, KPIX-5 and I received copies of the email that I sent to you with a PDF letter attached.

Regards,

Erik

We are not adding new requirements but in fact are trying to make the process easier. However, the appraisals have always been and are still required as well as the site visit prior to Planning Commission.

As for the other things you mention, I do not see an email from you from January 20, 2020. Can you please resend it and the choice you reference. Dori is no longer with the Planning Department, however, I have reviewed the documents she sent you, but I will review them again to see that we are consistent.

Subject: RE: Follow-up Documents

Kimberly,

We were also informed last year by the Planning Department, Dori, NOT to cancel the permit to legalize the unit until we had the hearing.

Erik

Your response is unacceptable.

These requirements were not part of what we were told when we submitted the application last year.

It is unreasonable for Planning to keep adding requirements that add to the cost of getting a hearing scheduled. I have paid for 3 plan revisions with my contractor and architect because of your failure to comply with regulations that were in place at the time of my original application to legalize the unit.

It is not my fault that your department has changed or updated your procedures and/or guidelines.

You also have failed to respond to the letter that I sent to you and Richard Sucre on 1/20/2020.

Please schedule my hearing now, and allow me to give the Planning Commission the choice that I proposed in my January 20, 2020 letter.

Best regards,

Erik

Hi Erik,

Thanks for your patience. We have been working on improving the Unauthorized Dwelling Unit Removal process and as such it has taken some time to get things moving forward. Attached is a Plan Review letter with some items that need to be submitted to move the project forward to hearing. Once I receive those items and schedule a site visit, we can look at dates for the Commission hearing.

I understand that there has been a tenant in the unit. Please update me on the status of the tenant and any recent communications you have had. For your information a case was heard by the Commission last week for a similar situation. I recommend watching the hearing (link below) to understand the Commission discussion on this matter Item No. 12 for 9 Apollo. https://sanfrancisco.granicus.com/MediaPlayer.php?view_id=20&clip_id=34986

Subject: RE: Follow-up Documents

Thanks Mauricio. I have also copied the planner and the senior planner for our district, as well as Abby from KPIX-5.

Inspector Keane,
Please update my mailing address to:
1160 Old Crocker Inn Road
Cloverdale, CA 95425
The best number for me is still 415.519.0706.
I e-mailed an address change notice to SF Planning department over a week ago.
All notices and mail communication should be sent to our new home address listed above.
Thank you for your time and any help that you can provide to get Planning to schedule our hearing would be greatly appreciated.
I have been diligently trying to resolve this.
Regards,
Erik

Mauricio,

Here are all the documents regarding our attempt to legalize the in law unit at 2005 17th Street.

We are still waiting for the Planning Department to schedule a hearing for us.

Planning has been sitting on our CUA application for almost 9 months.

We have done everything that we can to correct the NOV.

Please help us to stop any fine or fee assessment.

Best regards,

Erik

Abby,

Please find attached some of the documents that I submitted to SF Planning and DBI for the rear deck and for the legalization/CUA hearing to remove the unit due to economic hardship.

Please let me know if you have any questions.

I made a note on the enforcement timeline with the name of the fire inspector and the date that he came in and inspected the lower unit. The fire inspector was able to come out much quicker than the DBI inspector was able to do the initial walk through of the unit.

I have attached the notices and updated notice of violation (Jan 2019 to May 2019). These documents pertain to the process after Planning sat on my initial application to legalize the unit submitted in the Spring of 2018. They specifically document each of the items that Planning told me needed to be identified and verified before the Planning Commission would review/hold a hearing for my CUA application to remove the unit due to economic hardship.

Thank you again for your time. I hope that this gets things moving with the Planning Commission.
Best regards,
Erik
