Aaron Starr:
LAND USE COMMITTEE:
• 180423 Planning Code - Review for Downtown and Affordable Housing Projects; Notification Requirements; Review of Alterations to Historical Landmarks and in Conservation Districts. Sponsor: Mayor. Staff: J Bintliff.

On Monday, the Land Use Committee considered the Mayor’s Process Improvements Ordinance. Commissioners, you heard this item last week at your June 7 hearing. At that hearing you voted to recommend the ordinance with modifications.

The Committee adopted several of the Commission’s recommendations, including an amendment to require that all notification materials be provided according to adopted Planning Commission policy; however, the Committee voted to maintain the proposed 20-day standard notification period, and did not include amendments regarding design review, performance standards, prevailing wage, and building code standards for 100% affordable housing projects.

The Committee also maintained the exemption of limited rear yard additions, also known as pop-outs, from neighborhood notification requirements; however, the Committee amended the Ordinance to require notification for these pop-outs if the existing structure has been modified in the previous 3 years. The committee also urged the Planning Commission to adopt a policy to require Pre-Application meetings for these rear yard additions.

In the end, Committee voted without objection to refer the amended ordinance to the full Board at the June 19 regular meeting.

In addition, Supervisor Kim moved to duplicate the file in order to introduce further amendments to Articles 10 and 11. These amendments would allow administrative approval of certain minor scopes of work on historic structures. Specifically, the administrative approval of “signs, murals, or exterior paint installed to celebrate an event or anniversary or an event of national or international significance relevant to the historic context of the landmark or historic district.”
The duplicated ordinance were scheduled to be heard at the Committee's July 9 hearing, and the duplicated version of the ordinance would be returned to the Historic Preservation Commission and Planning Commission for review following action by the Committee.

D. GENERAL PUBLIC COMMENT

At this time, members of the public may address the Commission on items of interest to the public that are within the subject matter jurisdiction of the Commission except agenda items. With respect to agenda items, your opportunity to address the Commission will be afforded when the item is reached in the meeting. Each member of the public may address the Commission for up to three minutes.

SPEAKERS: Georgia Schuttish – Notification
Please write to Board either as a Commission or individual Commissioners. Tell them why the Land Use Committee was incorrect when they declined the Commission’s recommendations for the Process Improvement. It should be 30 days for all noticing! OTC for pop outs: highly questionable! The Pre-Application noticing and meetings need improvement. Envelopes for Pre-App meetings must be able to get the attention of the addressee…currently they look like junk mail. Meetings should be the start of communication with attendees of the meeting….not the dead-end they are now. 311 Notices should continue to be mailed USPS. Consider reducing the radius to immediate neighbors and interested parties and groups. CUAs in the R districts for Demolitions and new construction must also send plans to the same. 11x17 plans cannot be printed at home. Neighbors should not scramble to obtain plans and information. Transparency is needed.
Gus Hernandez – 1355 Fulton Street
