I support the proposal to direct the Planning Department to review the current state legislation regarding housing, both the individual bills currently in process and the large omnibus legislation that we are told to expect later this month. This legislation will have an enormous impact on our City and should be reviewed and evaluated to learn what that impact will be. It is unfortunate that the state legislature is using the opportunity afforded to them by the coronavirus and the state of emergency to push forward an agenda that should first have widespread public dissemination and careful analysis. So, it seems that San Francisco will have to do that.

Thank you for your consideration.

Katherine Howard
