

DIRECTOR'S REPORT

March 15/16, 2017

ANNOUNCEMENTS:

EveryTreeSF Wins Data and Innovation Award

On February 16, 2017 nearly 100 city analysts packed a room in City Hall for Mayor Edwin Lee's inaugural Data and Innovation Awards.

The EveryTreeSF project received an award for the 'A Picture is Worth a Thousand Words!' category, recognizing its beautiful and effective data design or visualization. EveryTreeSF is a census of street trees in San Francisco. This census will provide the building blocks for developing a long-term plan for maintaining San Francisco's trees.

Congratulations to the department staff, Anne Brask, Jon Swae and Gary Chen for their contributions and dedication to the EveryTreeSF project, and to our

partners at San Francisco Public Works.

RESIDENTIAL PIPELINE:

State law requires each city and county to adopt a Housing Element as a part of its general plan. The State Department of Housing and Community Development (HCD) determines a Regional Housing Need (RHNA) that the Housing Element must address. The need is the minimum number of housing units that a region must plan for in each RHNA period.

This table represents completed units and development projects in the current residential pipeline to the second quarter of 2016 (Q3). The total number of entitled units is tracked by the San Francisco Planning Department and is updated quarterly in coordination with the *Quarterly Pipeline Report*. Subsidized housing units – including moderate and low income units – as well as inclusionary units are tracked by the Mayor's Office of Housing; these are also updated quarterly.

	RHNA Production Goals 2015 - 2022	New Units Built to 2016 Q2	Entitled by Planning in 2016 Q1 Pipeline*	Percent of RHNA Goals Built and Entitled by Planning
Total Units	28,869	6,295	19,068	87.9%
Above Moderate (> 120% AMI)	12,536	5,255	17,436	181.0%
Moderate Income (80 - 120% AMI)	5,460	343	374	13.1%
Low Income (< 80% AMI)	10,873	697	1,026	15.8%
<i>Affordability to be Determined</i>			232	

* This column does not include three entitled major development projects with a remaining total of 22,710 net new units: Hunters' Point, Treasure Island and ParkMerced. However, phases of these projects will be included when applications for building permits are filed and proceed along the development pipeline. These three projects will include over 5,170 affordable units (23% affordable).
