Business Description

Shear's Beauty & Barbershop stands as one of the few remaining African-American owned businesses along the 3rd Street corridor in San Francisco. Originally taking root as Lillie's Beauty and Barbershop since at least 1949, the business was eventually sold to Howard Crowther in 1971. Crowther worked at Lillie's as a barber before eventually purchasing the business, and his family runs the business to this day, though the business has been recognized as Shear's Beauty & Barber Shop since Crowther changed the name in 1980. An African-American owned business since its establishment in 1949, Shear's Beauty and Barbershop is one of the few remaining African American family-owned businesses along the 3rd Street corridor.

Today, Crowther's four children retain ownership of the business and the building Shear's operates in, and Crowther's grandsons, Kevin Tanksley and Laron Chriswell, operate the business. Shear's Beauty & Barbershop makes an effort to give back to the very community that supports it. From backpack giveaways for local youth to discounted haircuts for foster families, the family-run business is committed to its community.

The business' sole location at 918 Newhall Street, is in a Category A (Historic Resource Present) structure on the northwest side of Newhall Street between Jerrold and Kirkwood avenues in the Bayview neighborhood. It is within the NCT-3 (Moderate-Scale Neighborhood Commercial Transit) Zoning District and a 65-J Height and Bulk District; a Third Street Special Use District; Third Street Alcohol, Fringe Financial Service, and Bayview Industrial Triangle Cannabis Restricted Use District; and the Bayview Hunters Point Area Plan. 918 Newhall Street was included in the DCP 1976 survey and received a rating of 1. The property is located with the South Bayshore Area Plan and is within the boundaries of the African American Arts and Cultural District. The property maintains a Planning Department status code of "A" (Historic Resource Present).

Re: Legacy Business Nomination for Shear's Beauty and Barbershop

To Whom It May Concern:

I am writing to express my support for the application to recognize Shear's Beauty and Barbershop as a Legacy Business.

San Francisco has always been a city that embraces community and the entrepreneurial spirit of its citizens. Shear's Beauty & Barber Shop is among the remaining few African American - owned businesses along the 3rd Street corridor. Shear's is a popular community barbershop that consistently serves a diverse neighborhood. The barbershop opens itself up for various events catered to the Bayview-Hunters Point neighborhood, from on-site health clinics specifically targeting important health issues in the African American community to backpack giveaways for local youth. Shear's commitment to community extends throughout San Francisco with their offering of half-price haircuts to foster youth and free offsite haircuts at community events in the Filmore district. Since taking root in the neighborhood in 1949, Shear's has continued to positively impact the community and be a safe space for its patrons. By bringing the community together for 72 years, Shear's genuinely exemplifies the spirit and culture of its people in the Bayview community.

Thank you for your consideration.

President Shamann Walton, District 10

SHEAR'S BEAUTY & BARBER SHOP

Section 4: Written Historical Narrative

CRITERION 1

a. Provide a short history of the business from the date the business opened in San Francisco to the present day, including the ownership history. For businesses with multiple locations, include the history of the original location in San Francisco (including whether it was the business's founding and or headquartered location) and the opening dates and locations of all other locations.

Shear's Beauty & Barber Shop, located at 918 Newhall Street in the Bayview Hunters Point community, was established under that business name in 1980.

An African American-owned beauty / barber shop has operated continuously at 918 Newhall Street since at least 1949. Originally called Lillie's Beauty and Barbershop, this African American-owned business was sold in 1971 to barber Howard Crowther, also African American. Mr. Crowther was a migrant from Columbia, Mississippi. Mr. Crowther continued to operate "Lillie's" for several year, eventually changing the name to Shear's Beauty & Barber Shop in 1980.

Shear's Beauty & Barber Shop has provided beautician and barber services to the Bayview Hunters Point community for over 40 years. Over the decades, many family members worked alongside Mr. Crowther as the business grew. Mr. Crowther's grandsons Kevin Tanksley and Laron Chriswell joined the business after earning their barber licenses in the 1990s. Together they worked alongside Mr. Crowther until his retirement in 2000. Mr. Crowther's four children retain ownership of the building and business while Mr. Tanksley and Mr. Chriswell operate the business.

Shear's Beauty & Barber Shop is one of the few remaining African American family-owned businesses along the 3rd Street corridor (just off 3rd Street). The business's longevity is a testament to the power of family ownership, even as the community it serves changes.

b. Describe any circumstances that required the business to cease operations in San Francisco for more than six months?

A beauty / barber shop has continuously operated out of 918 Newhall St since 1949.

The 2020 coronavirus pandemic has impacted the daily operations of the business. As a 'personal care' sector business, Shear's Beauty & Barber Shop was required to cease operations during the most restrictive periods of the Stay-at-Home Order. This had a negative economic impact on the owners and operators. However, Shear's Beauty & Barber Shop is committed to reopening and continuing their legacy of providing services to the community.

c. Is the business a family-owned business? If so, give the generational history of the business.

Shear's Beauty & Barber Shop is a family-owned business. Originally employed as a barber at Lillie's Beauty and Barber Shop (same location), Howard Crowther purchased the business in 1971. Mr. Crowther continued operating the businesses under the name "Lillie's" for several years. Various family members were employed by Mr. Crowther over the decades.

Grandsons Kevin Tanksley and Laron Chriswell earned their barber licenses in 1997 and 1999 respectively and became active in the daily operation of the shop as they worked alongside their grandfather. Mr. Crowther retired in 2000 and Mr. Tanksley and Mr. Chriswell officially took over the daily operations of the shop.

Mr. Crowther passed away in 2018. His four children, Deborah Crowther, Stan Crowther, Martha Crowther-King, and Linda Tanksley retain ownership of the building and business as a family trust.

d. Describe the ownership history when the business ownership is not the original owner or a family-owned business.

The ownership history of Shear's Beauty & Barber Shop is as follows:

1980 to 2018:	Howard Crowther
2018 to Present:	Deborah Crowther, Stan Crowther, Martha Crowther-King, and Linda Tanksley as a family trust

e. When the current ownership is not the original owner and has owned the business for less than 30 years, the applicant will need to provide documentation of the existence of the business prior to current ownership to verify it has been in operation for 30+ years. Please use the list of supplemental documents and/or materials as a guide to help demonstrate the existence of the business prior to current ownership.

Documentation of the existence of the business verifying it has been in operation for 30+ years is provided in this Legacy Business Registry application.

f. Note any other special features of the business location, such as, if the property associated with the business is listed on a local, state, or federal historic resources registry.

Shear's Beauty & Barber Shop is located within the newly-formed San Francisco African American Arts and Cultural District.

A 1976 survey of buildings in the South Bayshore Area noted the building retained significant architectural features: "Two angled bays over a glass storefront with transoms apparently intact. Projecting dentilated cornice." This recognition resulted in the buildings being listed as a Category A historic resource by the San Francisco Planning Department.

CRITERION 2

a. Describe the business's contribution to the history and/or identity of the neighborhood, community or San Francisco.

Shear's Beauty & Barber Shop is among the remaining few African American-owned businesses along the 3rd Street corridor. The exact details regarding the original owner, Lillie Jefferson, are unclear, but it is important to note that she was an African American woman business owner during a time of demographic upheaval (late 1940s) in San Francisco and the Bayview. As migrants in the WWII era settled into the neighborhood, the demographics of a once majority 'White' neighborhood shifted. New businesses that catered to African Americans began to thrive.

Lillie's and later Shear's are examples of the neighborhood's new identity. An identity that shaped the Bayview Hunters Point community for the next several decades. Businesses like Shear's Beauty & Barber Shop are the foundations for cultural preservation efforts underway today.

b. Is the business (or has been) associated with significant events in the neighborhood, the city, or the business industry?

The business is representative of the demographic shift during and after WWII.

c. Has the business ever been referenced in an historical context? Such as in a business trade publication, media, or historical documents?

Not applicable.

d. Is the business associated with a significant or historical person?

According to the family accounts, Mr. Crowther was the "unofficial" barber for the San Francisco Giants. Linda Tanksly, Mr. Crowther's daughter, recalls regular visits by San Francisco Giants legends like the Alou brothers during the early 1960s. Felipe, Matty, and Jesus Alou all played for the San Francisco Giants together and separately from the late-1950s to the mid-1960s.

e. How does the business demonstrate its commitment to the community?

As a long-standing fixture within the Bayview Hunters Point community, Shear's Beauty & Barber Shop regularly demonstrates its commitment to their community by consistently serving a diversifying neighborhood.

Kevin Tanksley and Laron Chriswell have held Health Clinics on site specifically targeting issues important to the African American community. The shop has hosted backpack give-a-ways for local youth, provided half-price haircuts to foster families, and provided free offsite haircuts at community events in the Fillmore and in Bayview Hunters Point.

Most importantly, family members choosing to remain and operate a business in the Bayview Hunters Point neighborhood is a testament to Shear's Beauty & Barber Shop commitment to the community they serve. They are continuing in the tradition of being a provider of a culturally competent service that, given their longevity, is now a tradition shared generationally. Shear's Beauty & Barber Shop may adapt in time to reach a greater

population, but in order to retain the essential characteristic of their shop, family ownership should always be retained.

f. Provide a description of the community the business serves.

Shear's Beauty & Barber Shop primarily provides services to the African American population within Bayview Hunters Point. The business opened – under a previous ownership and business name – as the neighborhood demographically shifted toward a higher population of African American residents, and therefore a potentially larger customer base. The steady growth of the African American population within the neighborhood unfortunately was not sustained over the decades. The neighborhood is growing in diversity, but the community that Shear's Beauty & Barber Shop serves has declined. However, as one of the longest established African American owned and operated businesses in the community, Shear's Beauty & Barber Shop is well positioned to continue providing culturally proficient personal care services to current and future residents of the Bayview Hunters Point community.

g. Is the business associated with a culturally significant building/structure/site/object/interior?

Shear's Beauty & Barber Shop was awarded an Economic Development on Third (www.edotbayview.org) façade improvement grant in the summer of 2020. This \$10,000 grant was used to refresh the exterior trade sign, repaint the entire façade, repair exterior windows, and grind down a portion of the front entrance threshold to better comply with ADA requirements.

h. How would the community be diminished if the business were to be sold, relocated, shut down, etc.?

African American owned businesses are dwindling in the Bayview. Shear's Beauty & Barber Shop is notable as a 3rd generation African American-owned business in a neighborhood that has seen seismic shifts in their targeted populations. Although beauty salons and barber shop aren't unique, they tend to come and go or change owners and staff regularly. Shear's Beauty & Barber Shop is the rare exception – a business that has been there, in the community, for decades, owned and operated by an extended family. If the business were to shut down or be relocated, a chapter in the story of the Bayview would come to a close. The community would lose a part of its identity in a time when the City is making a concerted effort to preserve and rekindle that same identity.

CRITERION 3

a. Describe the business and the essential features that define its character.

Shear's Beauty & Barber Shop is a personal care business that primarily serving the African American population in the Bayview. The family owned business has been operating at the same location since the 1960s. Third-generation family members run the daily operation of the shop and provide barber services. An independent beautician regularly provides services from one of the shop's salon stations. As with many beauty and barber shops, the services provided

are only a part of what makes them special. Beauty and barber shops are trusted places within the community that provide more than just personal care services. They are places to socialize, get connected, and get informed about topics and issues great and small. Shear's Beauty & Barber Shop's role as a community social place is an essential feature.

b. How does the business demonstrate a commitment to maintaining the historical traditions that define the business, and which of these traditions should not be changed in order to retain the businesses historical character? (e.g., business model, goods and services, craft, culinary, or art forms)

Shear's Beauty & Barber Shop is committed to maintaining its historical tradition as a personal care business.

c. How has the business demonstrated a commitment to maintaining the special physical features that define the business? Describe any special exterior and interior physical characteristics of the space occupied by the business (e.g. signage, murals, architectural details, neon signs, etc.).

Although the building's facade was identify as having some architectural merits in a 1976 architectural survey, over time renovations have somewhat diminished the noted characteristics. However, the owners recognize that it is time for a façade refreshment and have an application with the Office of Economic and Workforce Development's SF Shines program in the review stages. Details regarding potential improvements may include restoration of the previously documented features.

d. When the current ownership is not the original owner and has owned the business for less than 30years; the applicant will need to provide documentation that demonstrates the current owner has maintained the physical features or traditions that define the business, including craft, culinary, or art forms. Please use the list of supplemental documents and/or materials as a guide to help demonstrate the existence of the business prior to current ownership.

Documentation that demonstrates the business has been a personal care business for 30+ years is included in this Legacy Business Registry application.
