# Issues and Considerations

As presented in the Ordinance,  
Character-Defining Features are:

- (1) Spatial Relationships within the public right-of-way;
- (2) Limited portions of the 101 Taylor Street being the lower 11-feet of the walls that housed the Compton's Cafeteria in 1966. (Building owners do not object to designation)

**Integrity:** As a resource significant for association for an event, certain aspects of integrity are more relevant than others.

The location, setting feeling and association remain intact, as the essential characteristics of an urban intersection are unchanged.

THANK YOU
